COLLECTION OF

EVER BLOOMING
CARNACTIONS

10 SORTS FOR 75¢

Our Beautiful Colored Plate Roses.

FOUR OF THE BEST EVER-BLOOMING ROSES UP TO THE PRESENT TIME SHOWN ON FRONT COVER OF CATALOGUE.

White Maman Cochet is in all probability our very best white Rose for garden culture. It is of the largest size, pure white, and very fragrant. It is a vigorous, hardy Rose, one that has come to stay, and we predict for it many admirers when once known. Price, fine strong plants, 25 cents each.

Roger Lambelin.—Here we have a beauty indeed. A dark, rich red Rose with the peculiarity of each petal being edged with pure white. It is very distinct and beautiful. It resembles no other Rose in its color and peculiar markings, and must be seen to be appreciated—the picture of it on the front page does not do this grand Rose justice. It is a hardy ever-bloomer. Price, strong plants, 30 cents each.

SPECIAL OFFER.—We will supply these four beautiful ever-blooming new Roses for 75 cents, in strong one-year-old plants, or in strong, two-year-olds for \$1.50. No further discount on this offer. In ordering say, "Four Colored Plate Roses for 1899."

GOOD & REESE'S "JEWEL" COLLECTION OF

Ten Ever-Blooming Roses.

As shown on back cover of Catalogue. In presenting this magnificent collection of Roses we do so with much pride, as they are the best ten Roses ever offered for the small sum of \$1.00. They include a wide range in color of our most beautiful Roses. These Roses will live out anywhere with slight protection. Order a set or these beautiful Roses, and see how they will delight you. ☺ ☺ ☺ ☺ ☺

Muriel Graham.—Pale cream, flushed with delicate pink. A great Rose.

Enchantress.—Creamy white, tinted buff at center of flower. Lovely.

Helen Cambier.—A lovely shade of coppery-yellow. Extra fine.

August Metral.—Richest velvety-crimson. This Rose is fast becoming popular.

Mosella.—White, shading to yellow in center. A great garden Rose.

Media.—The richest of all deep golden-yellow Roses. Entirely distinct from "Bouquet of Gold."

Auguste Comte.—A lovely pink Rose, and fairly rivals, for beauty, the old-time favorite, La France.

Lily Kniiksky.—Pure white, beautifully penciled with bright rose.

Princess Venosa.—A lovely combination of deep Rose and yellow shades. Very beautiful.

Pink Bedder.—A lovely deep pink or self color. Makes a handsome specimen planted singly, or is fine for massing in beds.

THE SIX PRIZE-WINNING Chrysanthemums,

AS SHOWN ON THIRD COVER PAGE.

THERE IS NOTHING IN THE CHRYSANTHEMUM FAMILY TO EQUAL THIS EXQUISITELY BEAUTIFUL SET.

SPECIAL OFFER.—The six Prize-winning Chrysanthemums, as shown on third page of cover, for 15 cents each, or the six for 75 cents.

Signal Light.—This is a superb variety, pale yellow, incurved Japanese. Reverse of petals tipped red-bronze; the flowers are finely built, solid and perfectly double. A grand sort.

White Swan.—This is the finest variety of its color for general cultivation; the flowers are large and simply magnificent. It belongs to the beautiful ostrich plume family of Chrysanthemums, the petals being covered with a downy growth of hair, exceedingly desirable.

Indiana.—This variety has taken numerous medals and prizes, and is looked upon as one of the very finest deep pink Chrysanthemums. Certainly a charming variety.

John Shrimpton.—A deep, rich crimson-red variety. Makes handsome specimens, as it is very floriferous. The individual flowers are perfect, while the color is very rich and deep. It is a prize winner.

Sundew.—An exhibition bronze. Flowers are of immense size; color Indian red faced with bronze. Won the \$50 prize at Indianapolis for best bronze.

Lady Playfair.—This is one of the grandest of all the lighter shades of pink, and is the finest of all incurving varieties of this color. In size one of the largest; color exquisite.

OUR 1899 BOUQUET COLLECTION

Of ten of the choicest new ever-blooming Carnations—ten sorts—as shown on opposite page, for only 75 cents. Greatest Bargain ever offered in this most popular flower. In ordering say, "1899 Bouquet Collection of Carnations."

Cemetery Collection of Hardy Plants.

We are often asked to name some plants for Cemetery planting, and have decided that we can do this by naming them in our Catalogue, in the form of a cheap offer.

ACHILLEA, THE GEM.—An elegant hardy plant, producing pure white flowers in great clusters. Price, 15 cents each.

DEUTZIA GRACILIS.—Probably in the entire collection there is no plant so beautiful as this. In the Spring it is a perfect wreath of snowy-white, wax-like flowers. Fine Plants. Price, 25 cents each.

ROSA WICHURAIANA.—If you wish a Rose that will cover the grave like the old-fashioned Myrtle of olden times, this one answers the purpose. It can be trained in any position, and bears pure single white Roses of wax-like appearance. Price, 15 cents each.

This collection of "Hardy Cemetery Plants," sent postpaid for 75 cents.

PLUMBAGO, LADY LARPENTAE.—A most beautiful hardy plant, with deep sky-blue flowers. Always very attractive. Price, 15 cents each.

YUCCA FILAMENTOSA.—A very showy plant, perfectly hardy, and throwing up spikes of bloom three to four feet with from two hundred to three hundred large, creamy-white, bell-shaped flowers on each spike. Price, 15 cents each.

VIOLET, HARDY.—This Hardy Violet is nicely adapted to Cemetery planting, being perfectly hardy and a constant bloomer in season. Price, 15 cents each.

"Mid-Winter" Collection of Ever-blooming Roses.

We have made a selection of the very best Roses for Winter blooming, embracing a wide range of color. We can recommend this collection to all who desire to grow Roses in the house during Winter. Price for the collection of six choice "Mid-Winter" blooming Roses, only 65 cents; three collections for \$1.50. Large two-year-old plants, 40 cents each; or the six for \$2.00.

Bride'smaid.—The most elegant pink Rose. Very large. Buds extra fine.

General Robert E. Lee.—This Rose will produce more beautiful Roses in the Winter than any Rose we grow. A small bush will produce hundreds of blooms. Color an orange-yellow. Very rich and beautiful. Extra fine.

Star of Gold.—This is the best all round deep, golden-yellow Tea Rose that is grown. The buds are very large and shapely, while the flower is double to the center, and is a deeper golden-yellow than Marechal Neil.

Champion of the World. It is the champion bloomer. It continues to bloom as soon as started to grow, and continues to bloom in the greatest profusion, both Winter and Summer. A rich, deep, rosy-pink or flesh color.

Pink Souper.—This Rose is always in bloom; is a great house Rose.

Kaisserin Augusta Victoria.—A new and pure white Rose. Very large and double. A royal Rose in every respect. A Rose we recommend.

Bowker's Ammoniated Food for Flowers.

A NEW ODORLESS FERTILIZER FOR POT PLANTS.

Makes Plants Grow and Bloom Luxuriantly, and Drives Insects from the Soil.

It starts the plants at once into a healthy and vigorous growth and abundant bloom. It drives worms and other troublesome insects from the soil. It has no disagreeable odor, and is the only Artificial Fertilizer which can be used without danger or injury to the plants. It takes the place of liquid manure, and is just the thing that has been wanted for a long time. We have sold tens of thousands of packages of it, and have yet to hear the first complaint. If your plants are doing poorly get a package and see how quickly they will be benefited. It acts like a charm. The Ammoniated Food is put up in wooden boxes, with attractive wrappers. One package, sufficient for twenty-five ordinary sized plants for one year, for 50 cents. Sent by mail, postage prepaid, on receipt of price.

HAMMOND'S SLUG SHOT

Destroyes Insects of all Kinds.

A powder destructive to insects that are injurious to house and garden plants, shrubs, trees, vines, potatoes, melons, cabbage, currants, etc. Used in all latitudes since 1880, with safety to man, beast and fowl. Put up in perforated screw top canister, and is handy to use, merely dusting on the plant with the can. If you are troubled with insects on your Rose bushes we recommend you to try this; it does its work quickly and thoroughly. Price 50 cents per canister. Sent by mail, postpaid, on receipt of price.

TWENTY ELEGANT EVER-BLOOMING PLANTS FOR \$1.00. "SURPRISE" COLLECTION.

This Collection of plants is selected so as to give great variety of flowers, and at the same time give continuous bloom all the year. Say "Surprise" Collection when ordering.

ANY EIGHT PLANTS FROM THIS COLLECTION FOR ONLY 50 CENTS.

New Sanseveria Zealanica

There are several kinds of this plant sold under this name, but there is a wide difference in the beauty of them. We have the true zebra-striped variety. Lovely for house culture. Leaves grow two to three feet in length, and are beautiful, striped crosswise with white variegations on a dark-green ground. Lovely.

NEW ROYAL PURPLE.

(Strobilanthes.)

This surpasses the finest Coleus in the exquisite coloring of its leaves, besides which the long racemes of lovely blue violet blossoms with which the plant is covered greatly enhance its beauty.

New Rose of Sharon,

SNOWDRIFT.

This is the loveliest of all hardy shrubs. It is as hardy as an Oak, and bears pure white flowers, almost hiding the plant. It is very beautiful.

New Carnation, JUBILEE.

This is the finest of all dark, velvety-crimson Carnations. A delicious clove fragrance.

New Carnation, JACK FROST.

An immaculate white-flowered variety. Flowers three to four inches in diameter, delicious clove fragrance.

QUEEN OF NIGHT-BLOOMING CEREUS.

Decidedly the grandest flowering plant in cultivation. Pure white flowers twelve inches across. The fragrance will fill the whole yard. People travel twenty miles to see it in bloom. It opens only at night. Anyone can grow and flower it.

NEW GREVILLEA ROBUSTA, Australian Silk Shrub.

A magnificent decorative plant, quicker growing than a Palm, and equally as effective. Finely-cut foliage, resembling a Fern.

SHRUBBY VERBENA.

This is a charming plant. Always in bloom. The colors range from pure white to brilliant red. By many called Lantana.

New Chrysanthemum, GOOD GRACIOUS.

A grand exhibition variety. Flowers beautiful pink in color, ten inches across. None better.

New Chrysanthemum, GOLDEN WEDDING.

The best of all deep, golden-yellow varieties. Has won fifteen first prizes and several gold medals.

New Violet, LADY HUME CAMPBELL.

Of all delightful perfumes the violet is the most delicate and pleasant. This is the finest variety of all double blue varieties.

New Jasmine, MAID OF ORLEANS.

Easily grown, even small plants bearing a profusion of flowers having a delicious perfume. A plant of this lovely will, when in bloom, scent up a whole yard or house. It is by far the most delicious in bloom and fragrance of all Jasmines, or, indeed, for that matter, we know of no flower that emits such a delightful fragrance. It is sweeter than a Tuberose, and that is saying a good deal for it. Will thrive out of doors and bloom through the season.

SANSEVERIA ZEALANICA.

The Greatest of All Hibiscus, SINENSIS GIGANTEUS.

This is a plant for house culture during Winter or Summer, or for plunging outside during Summer. It blooms at all times of the year. The plants make a hard-wooded shrub like an Oleander, branching freely and flowering profusely, commencing to bloom when not more than a foot high. Its flowers are of enormous size, often eight to ten inches across, opening flat, and of such a vivid crimson-scarlet color that they can be seen for a long distance like a flaming torch. It is hard to find anything among flowers more strikingly showy.

CROTONS.

The Crotons are among the finest decorative foliage plants known. The leaves of all are more or less margined, sometimes entirely variegated with shades of yellow, orange and crimson. Some have long, narrow leaves, arching gracefully fountain fashion, others broad and short, oak-leaved. Some recurve very much, others are twisted cork-screw like. The Crotons are fast becoming one of our most beautiful bedding plants. Try a Croton. We have fifty colors to select from.

New Rudbeckia, GOLDEN GLOW.

A hardy plant, growing eight feet high, branches freely, and bearing by the hundreds, on long, graceful stems, double blossoms of brightest golden-yellow. This plant is bound to become popular.

CYPERUS ALTERNAFOLIUS.

This is a plant of the easiest culture, and a large specimen is as handsome as a Palm for decoration. It makes a handsome pot plant, or can be used in baskets or vases, making a charming effect. It will grow luxuriantly in water, and is, therefore, indispensable for aquaria or fountains. Try it. It is a handsome, easy-growing plant.

New Ever-blooming Rose,

*** Innocent Pirola. ***

INNOCENT PIROLA.

A famous variety, producing in immense quantities magnificently-formed buds and flowers. Color pure snow-white. Superb in every way.

New Ever-blooming Rose, AMERICAN BELLE.

The richest dark, velvety-red Rose in our whole collection. None better.

New Ever-blooming Rose, MOSELLA.

A beautiful new variety of great excellence. Sometimes called Yellow Soupert. Its strong points are healthy, vigorous growth, wonderful freedom of bloom. Color creamy-white, base of petals deep yellow.

New Pot Hydrangea, MONSTROSA.

New and rare. Very decorative for pot, box or tub culture. Stately and robust. Produces immense panicles of almost pure white flowers.

VASE OF CHRYSANTHEMUMS.

double, creamy-white flowers, having a profusion of plants bearing a profusion of flowers having a delicious perfume. A plant of this lovely will, when in bloom, scent up a whole yard or house. It is by far the most delicious in bloom and fragrance of all Jasmines, or, indeed, for that matter, we know of no flower that emits such a delightful fragrance. It is sweeter than a Tuberose, and that is saying a good deal for it. Will thrive out of doors and bloom through the season.

A PAGE of the BEST NEW ROSES.

BEAUTE INCONSTANTE.

Beaute Inconstante.

dark yellow to the richest crimson. A most wonderful Rose. This new ever-blooming Rose from France is very remarkable in many respects, but the most notable is its ability to change its color. This Rose is almost identical with "Child's Jewel," but a much better Rose. We have seen bushes of this wonderful variety bearing at the same time coppery-yellow, deep rose, blush pink, mottled yellow and apricot, light and dark crimson Roses. These beautiful colors will sometimes be mottled in a single flower. A plant of this beautiful Rose when in full bloom presents a sight that is at once novel and pleasing. The buds and flowers are large, delightfully fragrant, and, as may be imagined, are exquisitely beautiful. It is a Tea Rose, and, is, therefore, a constant bloomer. Its fragrance is delicious, and its being a vigorous grower makes it valuable for garden culture. This Rose produces a sensation wherever seen, and will, without doubt, head the list as a charming novelty for years to come. When in bloom at our greenhouses a good plant of it sells readily at two to three dollars each. Do not fail to try one of these beautiful Roses. Price, 20 cents each; large two-year-old plants, 50 cents each.

Priscilla.

THE CHARMING NEW WHITE TEA ROSE. Another new American Rose, but as widely different from all other white Roses as one can well imagine. It belongs to the Tea class, being a child of that grandest of bedding or out-door Roses, Maman Cochet, and is hardy here in northern Ohio, with slight protection in Winter. Its habit is exceedingly strong and upright, like its parent, and it possesses the same large, beautiful, healthy foliage, and is a most profuse and constant bloomer. The flowers are of enormous size, remarkably round and full, pure, clear, snowy-white throughout, and are delightfully Tea-scented. It is by far the finest and most reliable white bedding Rose yet produced, and should be planted by everybody. By planting a few plants of it, any one can have the very finest Roses for cutting and for use in vases, upon altar, dining table, parlor, etc., all Summer and Autumn. Without question the largest white Rose, both in bud and flower. No other Rose of its color approaches it in size. It is startling. This Rose will disappoint no one who plants it. Price, 25 cents each; large two-year-old plants, 75 cents each.

CLIMBING MARIE GUILLOT.

This variety originated with us, and we now introduce it for the first time. We bought the parent plant from a gentleman in Texas. We place a high value upon its worth, because it is the offspring of one of the most valuable and famous Tea Roses for open ground cultivation. The flowers are magnificently made, extra large, deep and double. The buds are particularly beautiful; fragrance delightful. The color is pure snow-white, sometimes faintly tinged with pale yellow. In every way identical with Marie Guillot, except that this variety is a rapid climber, throwing up new shoots ten to fifteen feet high in a single season. It blooms continuously the first

year. In fact, it commences blooming when in small pots, and continues throughout the season. This Rose will be a glorious variety in the South, where it will undoubtedly equal Marechal Neil, Hardy in the North with careful protection. Price, strong flowering plants, 25 cents each; large two-year-old plants, 60 cents each.

PRESIDENT. This new Rose is a way above the average

in many good qualities. It is a Rose of the largest size, beautiful, both in bud and open flower. The buds come on long, stiff stems, in clusters of from six to twelve. Each individual flower stands out distinct on its stem. No crowding, as in the case of so many Roses that bloom in clusters. The color is distinct and novel, a lovely fawn, shading to pearl. It often measures five to six inches in diameter. Delightfully fragrant. We have no hesitancy in saying that this charming Rose will become as popular as La France, as it has all the good qualities of that Rose, and at the same time is distinct in every feature. It is so handsome and distinct that it attracts immediate attention. It is indeed a wonderful Rose, one that everybody can grow and bloom. We know of no finer Rose than President Carnot. Try it. Price, fine plants, 20 cents each; large two-year-old plants, 50 cents each.

CLARA WATSON.

New Hybrid Tea Rose. A free bloomer, flowers very graceful, produced in regular long stems, desirable for cutting. Color salmon-pink. Price, strong blooming plants, 20c each; large two-year-old plants, 60c each.

PRISCILLA. From photograph. Note size of flower, when compared with the large vase it is in.

PRINCESS ALICE DE MONACA.

Princess Alice de Monaca.

derful profusion on long, straight shoots, are deliciously fragrant, large size, double to the center, and of fine form, so that perfect flowers may be had during the hottest Summer days. The coloring is exquisite, a creamy-white on the outside of the petals, with a faint rosy-blush on the edges. As the flowers expand they disclose a charming shade of opaline-pink, deepening to rich blush. This Rose must not be confounded with another of the same name from a French source. The Rose we offer was raised by Mr. Weber in the Duchess of Monaca's gardens, whose Roses are famous throughout Europe. Price, 25 cents each; large two-year-old plants, 60 cents each.

WHITE BOUGERE. A LOVELY NEW TEA ROSE. A sport from that famous old variety, Bougere. For open ground planting it has no superior. The flow-

ers are unusually large, deep, full and double. Long, stiff stems, and borne throughout the season in great abundance. The color is pure ivory-white. Very beautiful, and a particularly good Rose for general planting. Price, strong, strong blooming plants, 15 cts. each; large two-year-old plants, 50 cts. each.

GENERAL ROBERT E. LEE.

General Robert E. Lee is a true ever-blooming Rose.

In its freedom of bloom it takes rank in the lead of all other Roses. We have no hesitancy in saying that we believe it will produce more perfect Roses than any variety extant. With us it has been a mass of beautiful buds and Roses all through the year, both Winter and Summer. The buds are borne on long stems, and are long and somewhat more open at the end of the bud than is seen in the other varieties—the arrangement of the petals interlacing so nicely as to give the bud a charming light, fluffy effect. The open flowers of this Rose are perfectly double to the center. It is extremely beautiful, both in bud and in the open flower. The coloring in this wonderful Rose is very difficult to describe. It is a shade of yellow hitherto unknown in this flower, and is what is termed a solid color; while the center of the flower may be a shade deeper than the outer petals, still it is hardly perceptible. As near as we can name the color it is soft Nasturtium-yellow, or coppery-bronze. Taken altogether, it is the most wonderful Rose in every particular of the century. Don't fail to try one or more plants of it. Price, strong, young plants, 15 cents each; large two-year-old plants, 50 cents each.

EMPEROR ALEXANDRIA OF RUSSIA, NEW TEA-SCENTED ROSE.

An exquisite new Rose of a novel and very taking shade of color. The buds are bronzy-salmon, open flowers, rich lake-red, shaded with orange and fiery crimson. Very large, full and globular, of vigorous growth, and of extraordinary freedom in blooming, the flowers presenting a splendid effect both on the plant and when cut. A gorgeous decorative Rose, quite distinct, both in color and form from any Rose hitherto introduced. The introducers—Messrs. William Paul & Son, Waltham Cross, Herts, England—received for this variety an award of merit and gold medal at Lyons Rose exhibition from the Royal Horticultural Society. Price, 20 cents each; large two-year-old plants, 60 cents each.

KLONDYKE, GREAT YELLOW GARDEN ROSE.

Without question the best of all yellow Roses.

This lovely yellow Hybrid Tea Ever-blooming Rose will fill a long-felt want, from the fact that everybody has been looking and longing for a good yellow Rose that combined vigorous hardiness with rich color and free-blooming qualities. This the new Rose Klondyke does. It is a new Rose of French origin, destined, we believe, to find a prominent place among the highest grade ever-blooming Roses, both for Summer and Winter blooming. The growth is free and vigorous, very free-blooming, flowers of splendid substance and a delightful shade of deep, rich, golden-yellow. In extreme heat comes a deep amber color. The buds are full and firm, lasting a long time when cut. As the flowers expand the center of the Rose discloses depths of golden-yellow, with light orange tints, while the older petals lessen to lemon-yellow, giving a combination of tints and tones unequalled in their beauty. Without question this is a charming Rose for the garden. Price, 20 cents each; large two-year-old plants, 60 cents each.

MRS. PIERPONT MORGAN.

This is a charming American Rose. A sport from Madame Cusin, and is in every way superior to that variety, being a more robust grower. The flowers are very much larger and very double, many of them measuring four and a half inches through when in perfection. Color, a bright rosier-crise. Price, 15c each; large two-year-old plants, 50c each.

THE ROYAL CLUSTER, NEW DOUBLE WHITE HARDY CLIMBING ROSE.

Description of "The Royal Cluster." We take pleasure in asking the attention of Rose growers to our New Double White Hardy Climbing Rose, ROYAL CLUSTER. Undoubtedly the most magnificent Double White Hardy Climbing Rose yet introduced. Blooms in immense clusters. The name "Royal Cluster" has been given it because of the great size and beauty of its enormous clusters. One hundred and nineteen flowers and buds have been counted in one cluster at one time. The flowers are full medium size, quite double and beautifully formed. Color white, sometimes faintly tinted blush. Has a delicious spicy fragrance. A hardy, vigorous climber and a prodigious bloomer, being far superior in every way to all other hardy Climbers up to date. Does not mildew, and is remarkably free from insects and disease. Has no equal in its class as a forcing Rose for Easter decorations. Continues a long time in bloom, and the flowers are very durable. We recommend it as the best Hardy Climbing Rose to date. Price, 25 cents each; large two-year-old plants, 60 cents each.

**SPECIAL::
LOW-PRICED**

COLLECTION OF PLANTS.

**ONLY
\$1.00**

Will buy any one of the Collections named below, delivered safely by mail, postpaid, to any address. The collections are all fine, strong plants of the best varieties, and are marvels of cheapness. We can only afford to sell them so cheaply by growing these sorts in immense numbers. The choice of varieties must invariably be left to us, the purchaser simply naming the number of set or sets desired. Every plant is plainly labeled, and there are no two varieties alike in the same collection.

FOR ONLY \$5.00 YOU CAN HAVE SIX OF THE FOLLOWING COLLECTIONS of PLANTS and BULBS.

COLLECTION 1.—Twenty choice named varieties of Ever-blooming Roses for only one dollar. Suitable for planting in the open ground, or for Winter-blooming. They are easily grown, and produce their lovely buds and flowers continually through the Summer and Autumn. No garden can be complete without a few of these "Queen of Flowers." By planting out a dozen of these Roses in your garden you can have lovely buds and Roses throughout the season; and if well protected from the frost during the Winter they will live and bloom for years. The twenty Ever-blooming Roses offered in this collection are especially adapted for a succession of bloom. Every variety is distinct, and each a gem in its own way. All are of vigorous habit, and cannot fail to satisfy and delight all lovers of fine Rose buds.

COLLECTION 2.—Sixteen fine Hybrid Perpetual Roses, all different.

COLLECTION 3.—Eight Hybrid Perpetual and four Hardy Climbing Roses. Entirely hardy, of strong growth, increasing in size and beauty from year to year. We will add a Polyantha to this collection, as they are also perfectly hardy and perpetual bloomers.

COLLECTION 4.—Ten new and rare Roses. This collection will consist of the newer and rarer Roses; none are priced at less than 15 cents, and many of them at 25 cents each in our catalogue.

COLLECTION 5.—Seven elegant varieties of Moss Roses.

COLLECTION 6.—Seven Monthly, two Polyantha, one Climbing, one Moss and two Hybrid Perpetual Roses.

COLLECTION 7.—Fifteen beautiful Ever-blooming Roses, selected especially with reference to their Winter-blooming qualities. Those desiring such Roses will find this collection to meet their wants.

COLLECTION 8.—Sixteen choice assorted Carnation Pinks. Next to a bouquet of Rose buds comes a bunch of Carnations.

COLLECTION 9.—Nine Ever-blooming Roses, three Carnations and six Geraniums, assorted.

COLLECTION 10.—Twenty choice Double-flowering Geraniums, all labeled, \$1.00. Geraniums are the great blooming plants of Summer, and their beautiful blossoms are borne incessantly and in the most careless profusion. Of all the flowers that are grown none are of easier culture, and none will produce more brilliant and showy flowers than the Geranium, and no other plant will give better results for window culture than this same class of plants. In this collection will be found the best varieties.

COLLECTION 11.—Twenty Single-flowering Geraniums, all labeled, for \$1.00. With the exception of our Roses, we take more pride in our collection of Geraniums than any other plant that we grow. Perhaps in no other class of plants has the march of improvement advanced so rapidly. New colors, new styles, profuse blooming sorts—all these have combined to make the Geranium the most popular plant for bedding and house culture. In this collection we send you some handsome colors.

COLLECTION 12.—Ten double and ten single Geraniums.

COLLECTION 13. Twenty choice Chrysanthemums, all labeled, \$1.00. There is no class of plants that is attracting more attention at present than the Chrysanthemum. Every city, town and village must have its show of this flower. The novel and brilliant flowers of the new varieties have been a revelation to the public wherever they have been exhibited. Among the colors are soft, rich yellow, chrome and maroons, pearly white and chestnut brown, with some of them fringed, some of them whorled, twisted, curved, quilled and anemone-centered.

COLLECTION 14. Twenty fine Coleus for \$1.00. The Coleus is the gardener's paint box, bearing all the colors on its leaves, ready to be disposed in whatever ornate and parti-colored designs he may choose to display them on the lawn.

COLLECTION 15. Twelve fine hardy shrubs for \$1.00. All are entirely hardy.

COLLECTION 16. Twenty Basket or Vase Plants, trailing vines and foliage plants. Only such are included as are best for this purpose.

COLLECTION 17. Fifteen assorted Flowering plants for pots. Try this collection. You will find some gems in it.

COLLECTION 18. Thirty Pansy Plants, from our fine Rain bow strain.

COLLECTION 19. Fifteen assorted Bedding Plants, includes two Heliotropes, two Hibiscus, two Lantanas, two Abutilons, two Salvias and two Flowering Begonias.

COLLECTION 20. Fifteen assorted Plants for cemetery planting, two Achilleas, four white monthly Roses, one Polyantha Rose, four white Chrysanthemums, two white Geraniums, double and single, and three Carnations.

COLLECTION 21. Twenty-five double-Tuberose Bulbs.

COLLECTION 22. Twenty-five assorted Gladiolus Bulbs. A fine mixture.

COLLECTION 23. Fifteen choice Hibiscus. Will make a brilliant bed.

COLLECTION 24. Fifteen choice Begonias.

COLLECTION 25. One Abutilon, one Heliotrope, one Salvia, one Achyranthes, one Begonia, one Carnation, one Smilax, one Chrysanthemum, one Geranium, one Manettia, one Hibiscus, two Roses, one Moon Flower.

COLLECTION 26. Fifteen assorted Plants, selected for Winter-blooming qualities.

COLLECTION 27. One Rose, one Geranium, one Heliotrope, one Violet, one Smilax, one Chrysanthemum, one Hibiscus, one Tuberose, one Moon Flower, one Coleus, one Petunia, one Salvia and one Achyranthes.

COLLECTION 28. Forty popular varieties of flower seed. Quite a number of our customers plant only Roses and other plants in their gardens and neglect to use any flower seed. To induce every one to plant at least a few we make the above liberal offer of forty varieties, embracing one packet of each, for only \$1.00.

COLLECTION 29. Thirty packets of Vegetable Seeds, two collections, will be ample for a complete kitchen garden for a small family.

COLLECTION 30. We offer in this collection any fifteen plants you may select from this catalogue that are priced at either 8 or 10 cents each. This will give you a wide range to select from.

Special Notice.

We feel that we should make some inducements to you to bring with you the order of your neighbors for these choice collections of plants and bulbs. We therefore make you the following very liberal offer: Any one ordering two collections at one time can select two of the following premium plants; for an order of three collections of plants or bulbs, three of the premium plants; for an order of four collections of plants or bulbs, at any one time, any four of the premium plants; for an order of five collections of plants or bulbs, at any one time, all six of the premium plants, and in the same ratio for a larger order.

PREMIUM PLANTS GIVEN ONLY WITH THE \$1.00 COLLECTIONS OF PLANTS.

NEW ROSE, MAMAN COCHET. No better Rose grown than this. Of the largest size. Color salmon-pink.

HOW TO GROW FLOWERS.

THE WAY TO SUCCESS WITH
PLANTS POINTED OUT IN A
PRACTICAL, HELPFUL MANNER

UR INTEREST in your flowers does not end when we have sold you a supply of plants, bulbs or seeds. It is our desire to have you succeed to the fullest possible extent in the culture of what you buy from us. In order to render you every assistance in our power, we have arranged to send you a most valuable floral magazine an entire year for a merely nominal price. This publication is called "How to Grow Flowers," and its purpose is fully indicated by its name. It gives you, in plain and practical form, just such information as you need in order to make a success of your flowers. Persons who have learned to grow flowers that are in every way beautiful and pleasing tell you how they do so, through the columns of "How to Grow Flowers." This great magazine informs you when, where and how to plant, when and how to water, when and how to mulch, how to protect in Winter, what varieties to plant, and, in short, answers fully the thousand and one questions which will present themselves to you when you begin the culture of flowers.

"How to Grow Flowers" is a large and handsomely printed magazine, containing thirty-two pages and cover. It is printed on fine book paper, and illustrated with half-tone engravings, made from photographs, showing flowers true to nature. A sample copy will be mailed free on application. . . .

THIS ILLUSTRATION SHOWS PLANTS GROWN FROM ONE OF THESE COLLECTIONS.

A MATCHLESS COMBINATION OFFER. You Can Get the Value of \$2.00 for Only 50 Cents.

For only FIFTY CENTS we will send a choice collection of plants, bulbs and seeds—worth many times the price, the plants alone retailing for \$2.00 or more at usual prices—and have "How to Grow Flowers" mailed you every month for a year. This grand collection comprises

ONE ROSE, MOSELLA, (YELLOW SOUPERT).
ONE JASMINE, MAID OF ORLEANS.
ONE CLEMATIS, PANICULATA.
ONE CARNATION, WHITE DOVE.
ONE SANSEVERIA ZEALANICA.
ONE CANNA, AUSTRIA.

TWO SELECTED GLADIOLI, VERY FINE.

ONE CHRYSANTHEMUM, AUSTRALIAN GOLD.
ONE PACKET CHOICE SELECTED PANSY SEED.
ONE PACKET EXTRA FINE SWEET PEA SEED.
ONE PACKET PHLOX DRUMMONDII SEED.
ONE DOUBLE DWARF TUBEROSE.
ONE TUBEROUS-ROOTED BEGONIA.

This Grand . . . Fifty Cents.

We cordially recommend this magazine to all our customers, and in order to thoroughly introduce it, we have taken the general agency for it.

DIRECTIONS TO GUIDE YOU IN ORDERING. No matter how large or how small may be your order for other plants or seeds, it should certainly include this grand combination. In ordering, state that you inclose fifty cents for the fourteen plants, seeds and bulbs contained in special combination collection No. 200, with "How to GROW FLOWERS" one year. If you order this combination separate from anything else, always make remittance by postoffice or express money order or registered letter. Address,

THE GOOD & REESE COMPANY, Springfield, Ohio.

No person who wishes to grow flowers that will thrive and bloom can afford to be without the monthly visits of "How to Grow Flowers." This splendid floral journal tells you just what you need to know. All questions answered free for subscribers. Our Mr. John M. Good is a regular contributor.

We Lead the World in Roses.

Photograph showing one-year-old plant in pot.

Same plant showing the vigorous roots of one-year-old plant.

THIS CATALOGUE our patrons and friends will find complete, especially as to Roses. We say friends, for such you are indeed, as many of you have been buying of us and writing us letters of encouragement and praise of the very friendliest nature ever since we began business. We are always glad to hear from you, more especially when you succeed well with your flowers, but we want to hear of the failures as well, as we may be of assistance to you in helping you to a more successful culture in your floral treasures. If there have been any errors in filling your orders, we want to know the same, so we can make them good to you. When you order, mention what was not right, and we will endeavor to fully satisfy you. We will do this cheerfully, as we know that in our large business mistakes will sometimes occur. We guarantee safe arrival of plants, and also that they are true to name. Our sales last Spring far surpassed our most sanguine expectations. Indeed, the orders poured in so fast that we were unable to ship as promptly as we should have done. Especially was this so in the months of April and May. Our mails brought us on many days upwards of ten thousand orders. We increased our force until we had all the help we could work, and we worked early and late, but still we could not keep up. This naturally caused some uneasiness among those whose orders were delayed in getting them started. We have largely increased our force of experienced workmen, and we feel sure we can now handle all the business that comes to us, promptly, no matter how large.

Our Modest Start.

It is but a few years since we started to grow Roses. The first year we were in business our sales did not exceed ten thousand plants.

The Roses We Sold in 1898.

During the past year our sales have exceeded two and half million Rose plants. It is easy to say a million, but Two and a Half Million Roses. almost impossible to comprehend or realize what an enormous number a million Rose plants really is.

A Dollar for a Dollar.

Our success is due to the fact that we give a dollar's worth for a dollar. For every dollar sent us for Roses we send in return one dollar's worth of Rose bushes, until to-day our name is a household word all over America and in every civilized country on the globe as being

The Largest Rose Growers ⁱⁿ the World.

A Big Rose Hedge. Roses by the Mile. Planted two feet apart the Roses we grow each year would plant a hedge one thousand miles long; so it might be truthfully said that we grow Roses by the mile.

Good & Reese's Roses Are All On Their Own Roots. They will withstand the hardships of a journey and reach you in fresh condition.

Our Guarantee. We guarantee safe arrival of all our goods. If for any cause plants are not in growing condition on their arrival we cheerfully replace same.

Photographs Won't Lie. The illustrations given on this page are from photographs of our one and two-year-old Roses, showing what vigorous, healthy bushes, and what strong roots Good & Reese's Roses have. Try them. Always plant **GOOD & REESE'S ROSES.**

Photograph showing two-year-old plant in pot.

Same plant showing the splendid roots of two-year-old plant.

Our Roses grow and bloom because we know how to grow and pack them so fresh condition.

GRAND NEW VELVETY-RED ROSE

CLIMBING METEOR

The brightest colored of all Roses. It has been called a Perpetual Blooming Climbing General Jacqueminot.

All who know "Gen. Jack" will call to mind its beautiful, high colored, rich, velvety-red buds and flowers. Climbing Meteor is the acme of all red climbing Roses. It is a free, persistent bloomer and will make a growth of from ten to fifteen feet in a season; in bloom all the time, as it is a true ever-bloomer. We do not hesitate to place it at the head of the list of all Roses for Summer blooming, as it will make a strong growth and is literally loaded with its deep, rich red flowers all the time. Its flowers are much larger than Meteor and are richer in color. It is just the Rose to train up the veranda or around windows, where its great beauty will show up to good advantage. Don't fail to plant one or more of Climbing Meteor. Price, 20 cents each; three for 50 cents; large two-year-old plants, 60 cents each.

CLIMBING PEARL OF THE GARDENS.

Few Roses have as firm a hold in popular favor and are so highly prized by the professional and amateur Rose growers alike as the Pearl of the Gardens. It thrives well in the open air, blooming freely. Its large, full, well-formed, golden-yellow flowers, borne on stiff stems, make this variety especially desirable for bouquets and artistic floral decorations, while the dark and glaucous foliage of the plant furnishes an excellent setting for the fragrant delicate-hued blossoms. It will no doubt be as much a surprise to our readers as it has been to us to learn that this stately Rose has recently evolved itself into a form which, while retaining the excellent qualities of its progenitors, has assumed a climbing habit. On the original plant the lateral growth is eighteen feet in each direction from the stem, and the plant has carried at one time over one thousand buds and flowers. If there is any perceptible difference between the two it is only that the Climbing Pearl of the Gardens is even more vigorous and floriferous than the bush form. Climbing Pearl of the Gardens will supersede Marechal Neil, as the buds and flowers are as large and the color as deep a golden-yellow as that variety, while it is as vigorous a climber, and will produce one hundred flowers to Neil's one. It is hardy in the South. A most remarkable Rose, and with u doubt the best yellow Rose ever seen. Price, 20 cents each; large two-year-old plants, 50 cents each.

CLIMBING NIPHETOS.

The ever has been but one point that held that glorious old Rose, Niphетос, in the background and that was the serious defect of its being a weak grower, and this defect is now remedied. We have a vigorous climbing growth, coupled with all the charms of Niphетос. It has always held the lead as being the most elegant of white Roses. The buds on well-grown specimens measure four inches in length, and are produced in the greatest profusion. This Rose has our highest praise. Climbing Niphетос is the sensation of the year. Price, strong plants, 20 cents each; large two-year-old plants, 50 cents each.

NOTE.—Climbing Meteor, Wootton, Pearl of the Gardens and Niphетос can all be trained into bush form by simply cutting back the branches. They are preferable to their parents of the same name, as they make stronger bushes.

CLIMBING WHITE PET.

The Most Rapid-Growing and Freest-Blooming Climbing Rose in Existence.

It blooms like Crimson Rambler. The flowers are pure snowy white in color, of medium size, very double and full, and are borne continuously throughout the season in trusses, after the fashion of Crimson Rambler. They are produced in astonishing numbers—just as freely as any Polyantha variety. A well-established plant, with the shoots and stems covered with the beautiful large clusters of pure white flowers, presents a lovely sight. The flowers have the additional charm of being highly fragrant; they emit a cherry-like odor, both delicate and delicious. It will prove hardy in the coldest climate with moderate protection. It is a true ever-blooming Rose, producing its charming flowers continually throughout the season. It blooms the first year after planting. As a distinct and highly meritorious new Rose, the first of its class, this variety should meet with instant popularity. It is sure to give the utmost satisfaction. Price, 15 cents each; two-year-old plants, 50 cents each.

New Climbing Rose, CARMINE PILLAR.

This is a lovely new Rose, producing flowers from three and one-half to four inches across, semi double, of the brightest possible scarlet-carmine, as rich as Douglas and produced very abundantly, the display lasting through most of the season, perfectly hardy, one of the very finest ornamental climbing Roses, of the freest growth. Price, 15 cents each; large two-year-old plants, 50 cents each.

CLIMBING SOUV. DE WOOTTON.

A GRAND NEW ACQUISITION.

A sport from the famous Rose, Souv. de Wootton, and is identical with it, except that it is a strong, rampant climber, growing in one season to a height of ten to fifteen feet, and producing in wonderful profusion its superbly formed flowers, which are bright magenta red, passing to velvety crimson, richly shaded. The flowers are large, full and regular, with thick, regular petals and delicious tea scented; makes beautiful buds; as an outdoor climbing Rose it will take front rank because of its strong growth and freedom of bloom. A well-developed bush covered with finely-made flowers is beautiful beyond anything we have ever seen. Price, 20 cents each; two-year-old plants, 50 cents each.

NOTE.—The Marechal Neil has weak roots until it gets well established. This is the cause of so much failure with this most desirable Rose. We have grafted plants that will be sure to live. Price, one-year-old plants, \$1.00; two-year-old plants, \$1.50; three-year-old plants, \$2.00. These are extra fine plants of this lovely Rose. By far the best you have ever seen offered, and will be sure to please and delight you. We have an excellent stock of over five thousand strong, grafted plants of Marechal Neil.

THE WORLD-RENNOWNED ROSE.

MARECHAL NEIL.

A beautiful, deep sulphur-yellow, very full, very large, and exceedingly fragrant. It is the finest yellow Rose in existence. It has a climbing habit, and where it is allowed to grow until it attains a large size, as it will in a few years, it yields thousands of beautiful golden-yellow flowers. Especially desirable in the South. We sell annually fifty thousand of this Rose alone. We have a grand stock of this variety. Price, first size, 10 cents each; fine plants, 25 cents each; extra strong plants, 50 cents each. It will pay you to buy a strong plant.

NOTE.—The Marechal Neil has weak roots until it gets well established. This is the cause of so much failure with this most desirable Rose. We have grafted plants that will be sure to live. Price, one-year-old plants, \$1.00; two-year-old plants, \$1.50; three-year-old plants, \$2.00. These are extra fine plants of this lovely Rose. By far the best you have ever seen offered, and will be sure to please and delight you. We have an excellent stock of over five thousand strong, grafted plants of Marechal Neil.

These seven grand new ever-blooming Climbing Roses, costing \$1.20, sent for 85 cents.

The First Pure White Hardy Ever-blooming Climbing Rose,

Mrs. Robert Peary,

Or Climbing
Kaisserin Au-
gusta Vic-
toria.

What the introducers say: "No doubt all our friends are familiar with the remarkable contest for a suitable name for this superb new Rose which has been known heretofore as 'No. 999.' The contest was inaugurated September 1, 1897, and one hundred dollars cash was offered for the best name. Of the thousands submitted, the committee appointed to select the best one decided upon 'MRS. ROBERT PEARY' as the most appropriate, and one hundred dollars in cash was divided among the five persons who suggested it. It seems to us that the committee's selection is a particularly happy one, inasmuch as it is a worthy tribute to American women in general to name this magnificent new Rose in honor of one of the most notable members of their sex—that intrepid little woman who braved the perils of the frozen Northern desert with her husband in his attempt to reach the North Pole. The pages of history abound with thrilling narratives of fearless men who, in striving to add honor and glory to their country's name, gave up their lives in that desolate and mysterious region over which the Ice King reigns supreme; and when it is written, history will tell in no less thrilling language of the remarkable feat of this courageous woman, who left all the pleasures of a cozy home to face the terrors of the gloomy, snow-bound North as the aid and comforter of her daring husband, and returned to tell of things never before seen by civilized man. Americans, and more especially American women, are justly proud of Mrs. Robert Peary; and man, who styles himself 'lord of creation,' must applaud the wonderful pluck and self-reliance which carried her through this dangerous experience. We therefore think it entirely fitting to dedicate this grand new Rose to the American woman."

"This is by all odds the most sensational Rose of modern introduction. It is an offspring of that grand variety, the best pure white hardy ever-blooming Rose, *Kaisserin Augusta Victoria*. It was found growing in the greenhouses of De Vocht & De Wilde, Wilmington, Delaware. We paid them five hundred dollars for the original plant, growing in a four-inch pot, and considered it cheap at that price. It is the first and only pure white hardy ever-blooming climbing Rose, and as such meets a demand that has never been supplied. It blooms continually the first season, just as its parent, *Kaisserin Augusta Victoria*, does. It is as hardy as any Hybrid Perpetual or Moss Rose, and will withstand, unprotected, the most severe Winters. It is a strong, rapid grower, without a weak spot growing to perfection in open ground and throwing up numerous shoots ten to fifteen feet high in a single season. The flowers are something grand. They are the equal of the finest and most beautiful cut-flower Roses. Of splendid substance, they are extra-large, full, deep and double, and are produced on long, stiff stems, like a forcing or cut-flower Rose. The buds are long and pointed, exquisitely modeled and gracefully finished. Both in bud and flower it is truly beautiful. It has a fragrance that is delicious—just like cherry blossoms.

"If you want a quick-growing, hardy, climbing, sure-to-bloom Rose, one that will give you flowers this season, this is the only white variety that will do it. Be sure to get this wonderful variety. Its magnificent flowers, freedom of bloom and healthy growth will astonish you. It is our greatest introduction. We make the prices wonderfully low for such a grand variety."

Price, 30 cents each; two for 50 cents. Large two-year-old plants, 75 cents each. MRS. ROBERT PEARY.

The New Japanese Rambler Roses.

Rose growers everywhere will hail with delight the announcement that we have to offer them as companions to the famous Crimson Rambler four other distinct colors of Rambler Roses. They are all hardy, and the most charming of all Climbing Roses. There is no Rose of any class or kind that will compare with Crimson Rambler for beauty in any respect. It is a Gem.

THE FIVE RAMBLER ROSES, all different colors, sent for only 50c.; large two-year-old plants, THE FIVE for \$2.00.

CRIMSON RAMBLER. [From photograph showing how it may be grown in bush form.]

NEW CRIMSON RAMBLER.

The plant is of very vigorous growth, making shoots from eight to ten feet during the season, rendering it a charming pillar Rose. It is also magnificent in bush form, and for covering buildings, trellises, etc., it cannot be excelled. The flowers are produced in great pyramidal panicles, or trusses, each carrying from thirty to forty blooms, the individual flowers measuring about one to one and a half inches in diameter. It is covered with flowers from the ground to its very top. It is hardy in every latitude yet tried as far north as the lakes. As a decorative pot plant it cannot be excelled. We can recommend this novelty in the strongest manner as being a new Rose of great importance and value. A correspondent of the *London Garden* writes in the issue of July 14, 1894: "With me at this date (July 6) this Rose is grand. I have a dozen large plants on prepared land or turf. I did not prune much, merely shortening back and placing stakes to support the long growths. I gave a liberal mulch early in the Spring, with the result that the growths are very strong, and the clusters of bright crimson flowers at this date are beautiful. On one shoot alone I counted over three hundred blooms." Price, 15 cents each; large two-year-old plants, 50 cents each.

NEW PINK RAMBLER.

(EUPHROSYNE.) The Pink Rambler completes the entire range of cardinal colors that can be embraced in these beautiful climbing Roses. We now have the Crimson Rambler, the Yellow Rambler, the White Rambler, and the Pink Rambler. This Rose is as charming as any of its rivals, embracing all their good qualities of hardiness, vigorous growth, profuse blooming and delightful fragrance. Be sure and have a set of the Rambler Roses. Price, 10 cents each; large two-year-old plants, 50 cents each.

NEW WHITE RAMBLER.

(THALIA.) This charming new Rose of the Rambler variety is a wonder. It climbs rapidly, is entirely hardy, produces immense clusters of pure white Roses, perfectly double, of delightful fragrance, and of an immaculate white. It is without question the best climbing Rose extant. Price, 10 cents each; large two-year-old plants, 50 cents each.

NEW YELLOW RAMBLER.

(AGLATA.) Rosarians have been for many years crossing or hybridizing various Roses with a view to obtaining a hardy yellow climbing Rose, but the combination of climbing habit and yellow coloring with hardiness was one that it seemed impossible to obtain, and was almost despaired of. The Yellow Rambler has been found to successfully withstand, without protection, a continued temperature of from zero to two degrees below, which proves it to be far harder than any other yellow climbing Rose yet introduced, and we believe that by laying the plants down in the Winter it can be successfully grown in nearly all the northern parts of the United States; in fact, anywhere that other Roses succeed at all well. Did we say nothing more about the Rose, we think that this would be sufficient to establish its value, for what lover of Roses in the North has not bewailed the severity of climate which nearly deprives his garden of the most attractive color of all—yellow. The flowers are borne in immense clusters, after the same manner as the Crimson Rambler, often as many as one hundred and fifty blossoms in a bunch, and the trusses have the same handsome pyramidal shape as those of the Crimson Rambler. The color is a decided yellow. Price, 15 cents each; large two-year-old plants, 50 cents each.

CAUTION: There are other so-called Yellow Ramblers that do not possess any features that would entitle them to be coupled with the Rambler family, lacking hardiness, vigor of growth, and the habit of blooming in trusses like Crimson Rambler; therefore, do not accept any unless it is LAMBERT'S YELLOW RAMBLER. Do not miss getting this beautiful new Rose. IT IS ONE OF THE GREATEST NOVELTIES OF THE YEAR.

NEW GOLDEN RAMBLER.

(ALISTER STELLA GRAY.) This is a new climbing Rose of decided merit, and is classed by many as belonging to the Rambler section of Roses. We know it to be a grand Rose, but have not tested its hardiness. You will make no mistake in buying it, as you will have a grand free-blooming climbing yellow Rose. It is a continuous bloomer, laden with bunches of Polyantha-like buds of orange-yellow. Price, 15 cents each; large two-year-old plants, 50 cents each.

THE RAMBLER ROSES ARE HARDY EVERYWHERE.

The Premier Bedding Roses.

Every One is a Gem

MANY of our customers ask us to name the very best Roses of the different colors for a bed in the yard or garden, and we here name what are really the very best Roses, of their colors, for this purpose. Each and every one is a gem. Hardy, free bloomers and good growers. A bed of these Roses will always be in bloom.

BED OF PREMIER BEDDING ROSES.

CLOTHILDE SOUPERT. Lovely flesh color. See page 18 for description. Price, 15 cents each; two-year-old plants, 40 cents each.

QUEEN'S SCARLET. Velvety crimson-scarlet. See page 23 for description. Price, 15 cents each; two-year-old plants, 50 cents each.

SNOWFLAKE. Pure snow white. See page 10 for description. Price, 15 cents each; two-year-old plants, 50 cents each.

MOSELLA. Yellow and white. See page 18 for description. Price, 15 cents each; two-year-old plants, 50 cents each.

HERMOSA. Bright pink. See page 23 for description. Price, 15 cents each; two-year-old plants, 40 cents each.

THE ABOVE FIVE ROSES HAVE NO SUPERIORS AS BEDDING ROSES.

SPECIAL OFFER.—The five Premier Roses for 60 cents; in two-year-old plants, the five for \$1.75.

Vase of
Burbank
Roses.

THE BURBANK ROSE.

A Perfectly Hardy New Ever-Blooming Rose.

THIS lovely Rose was raised by Mr. Luther Burbank, of California; known the world over as the "Wizard of Horticulture," and is the only variety out of seventy-five thousand cross-bred seedlings which he raised that he was willing should bear his name. This Rose is the only rival that the famous variety Champion of the World has. The color is described as cherry-crimson—it is, in other words, the very deepest and brightest pink Rose in cultivation. It is peculiarly adapted for both outdoor planting

or for blooming in pots in the house during Winter. It is a strong, vigorous grower, making well-rounded, bushy plants.

THE BURBANK ROSE IS PERFECTLY HARDY and will stand our most severe weather. This is a decided point in its favor over so many of our lovely Roses, they being too tender to withstand the extreme cold. The Burbank can be planted anywhere,

THE BURBANK is without doubt the freest Flowering Rose in cultivation. It commences to bloom when only a few inches high and blooms throughout the season until stopped by freezing weather. The flowers are double, three inches across; the whole flower is most pleasing in its rich beauty and is delightfully fragrant. 20c each; three for 50c; large two-year-old plants, 75c.

throughout the season until stopped by freezing weather. The flowers are double, three inches across; the whole flower is most pleasing in its rich beauty and is delightfully fragrant. 20c each; three for 50c; large two-year-old plants, 75c.

EIGHT BEAUTIFUL

X LA FRANCE ROSES. X

These are all perfectly Hardy Roses, blooming constantly, and have the most admirers of any Roses we grow. There are no better Roses than the La France Roses. A distinctive characteristic of the set is the TRUE LA FRANCE FRAGRANCE by which every one may be known. :::::

WHITE LA FRANCE.

AUGUSTINE GUINNOISEAU. Here we have a beauty indeed; one we can recommend to all, whether for outdoor culture or for pots in the house in Winter. If you were to ask us to select six of the very finest of Roses for you, we would be sure to include it in the six. Do you know La France? If so, you know this elegant new Rose. It is identical with La France except in color. It is pearly-white, sometimes tinted with fawn. Don't fail to get this new Rose. Price, 15 cents each; large two-year-old plants, 50 cents each.

PINK LA FRANCE.

THE OLD FAVORITE. We have always given this the first place, the queen of all the Roses. Accounts come to us from all quarters every year describing the great profusion of its bloom from June until frost, and extolling its fragrance and immense size. It is of superb form, and double as a Rose can be. No variety can surpass it in delicate coloring, silvery rose shades, with pink. It has a satin sheen over all its petals. It is universally regarded as the most useful of Roses, for it is hardy beyond question. It blooms continuously. The flower is large, finely built, endures for a great length of time, is exquisitely colored, and fragrant in the highest degree. A rose of which one can never have too many. Price, 10 cents each; large two-year-old plants, 50 cents each.

YELLOW LA FRANCE.

MADAME PERNET DUCHER. A charming Rose and a new shade in this section, being the first with a distinct yellow colored bud. The outside petals are sulphur-yellow, and assume a darker shade toward the center. The open flower is very graceful and holds well together. It is an ivory-white in color, with a polished, glistening surface, like a Water Lily. The habit of the plant is free and graceful. The fragrance of the flowers is delightful. This is in every way a charming Rose, and should be in every collection. Price, 15 cents each; large two-year-old plants, 50 cents each.

GIANT LA FRANCE.

MADAME CAROLINE TESTOUT. Probably no Rose stands higher in public estimation today than La France, and when we say this elegant new Rose is a close counterpart of La France, we have said enough to insure its being planted by vast numbers of people. We don't know that it is any better than La France, but it is decidedly deeper and more brilliant in color and a larger flower, and is as good in other ways. It is a wonderful Rose. The petals are large, and of elegant La France form; exquisitely edged and bordered with clear silver-rose. Both flowers and buds are extra large, and of very elegant form; the color is brilliant satin-rose, deepening in center to clear red. It is of excellent substance, keeps its color well, and its splendid, large, globular flowers impress every one with a sense of its superiority and great beauty. Price, 20 cents each; large two-year-old plants, 50 cents each.

CLIMBING LA FRANCE.

Hitherto the hardy climbing Roses have been almost totally devoid of perfume, and none of them have that form and substance deemed requisite in a high-class Rose. With the advent of the Climbing La France these objections vanish, for it excels even its parent (La France) in size and quality of flower; it retains the charming peach-pink color and the exquisite fragrance which have made La France the favorite it is. Small plants set out June 15 had attained a growth of fifteen feet by October 15, a growth unsurpassed by any climbing Rose on our grounds. The climbing La France is equally as hardy as its parent, and so may be safely planted in open ground, even in Northern latitudes. It is a true, ever-blooming, hardy climbing Rose, which will make it equally valuable for the North and South. Be sure to try it. Price, 15 cents each; large two-year-old plants, 50 cents each.

CRIMSON LA FRANCE.

LA FRANCE DE '89. One notable peculiarity of this variety is its long, elegant buds, which are often two to three inches long, while the expanded flowers are of immense size. Another strong point is its bright color, which is very nearly scarlet, sometimes lined and bordered with pure white. The very brightest and most brilliant Rose we know. Still another point in its favor is the sweet fragrance—a precious trait in the Rose. Undoubtedly a Rose of enchanting beauty. It will please you. Price, 15 cents each; large two-year-old plants, 40 cents each.

RED LA FRANCE.

DUCHESS OF ALBANY. We wish to impress the fact that as a Rose for all purposes it has no peer. It is identical with La France, excepting in three points. These are: a more vigorous growth, a larger and more expanded flower, and a deep, even pink in color; not shaded, but what is termed a solid color. You make no mistake to plant this variety. Price, 15 cents each; large two-year-old plants, 40 cents each.

STRIPED LA FRANCE.

MADAME ANGELIQUE VEYSET. Striped La France combines all the good qualities of La France in growth, fragrance, shape of bud and flower; in fact, does not differ from it except in two points. First, it is freer in bloom than the parent; second, it is nicely striped, the markings being plain and distinct, the variegation a beautiful bright rose on a satin-pink ground. Price, 10 cents each; large two-year-old plants, 40 cents each.

SPECIAL OFFER.—The eight La France Roses, 85c; in large size, the eight for \$3.00.

Seven Golden-Yellow Beauties.

THE BEST OF ALL DEEP YELLOW ROSES.

PERLE DES JARDINS,

Or "Pearl of the Gardens."

The one Tea Rose which you positively cannot do without. The majority of cut-flower buyers who order "a dozen Marechal Neil buds" the year round do not know their orders are filled with Perles, and quite to their satisfaction, too, be it said, for though the two varieties differ, Perle does not suffer by comparison with Neil. It has absolutely no weak point, but is a perfect and popular Rose. The color is faultless whether the waxy petals show the rich cream tint of cool weather, or take richer golden shades which a warmer sun gives them. The form of the bud is rich, round and luxuriant. It is only equaled in beauty by the open Rose, which is full to the center and large. It is no shy, creeping plant, but is fairly riotous in growth, sending out quantities of beautiful foliage, thick, glossy and dark, every branch being tipped with the dark, reddish maroon of the young shoots, and bearing its buds or clusters of buds high above the leaves. Price, 15 cents each; large two-year-old plants, 50 cents each.

MADAME HONORE DEFRESNE.

A valuable and exceedingly beautiful variety, flowers a clear golden-yellow, very large, full and sweet, buds long and pointed, opens well. First-class in every way. Probably the richest yellow Rose ever grown. Price, 15 cents each; large two-year-old plants, 40 cents each.

STAR OF LYON.

(*Etoile de Lyon.*)

This magnificent Tea Rose is a rich golden-yellow, a strong, healthy and vigorous grower, immense bloomer, bearing flowers and buds early and late. The flowers are very deep, rich and full, excellent substance, very sweet. Surely one of the very best and most beautiful yellow Tea Roses for general planting ever introduced. Remarkably hardy, both as to heat and cold, frequently standing the Winters here uninjured in open ground without protection, and blooming nicely all through the hottest part of the Summer. Price, 15 cents each; large two-year-old plants, 50 cents each.

New Golden-Yellow Tea Rose,

MEDIA.

This is the grandest of all yellow Roses, and should be planted by everybody. When we first saw this Rose two years ago we predicted that it would create a furore among Rose growers, and it has verified the prediction. Its flowers are of the largest size, perfectly double to the center and of the most perfect shape, both in bud and blossom, while its color is a degree of loveliness unapproached by any other Rose, being a rich, deep, golden-yellow, with decided sulphur tints. The brightness and richness of this Rose is the admiration of all beholders. We have grown in our establishment some fifty varieties of yellow Roses, and think Media the best. Media will not disappoint you as a yellow Rose. Try it. Price, 15 cents each; large two-year-old plants, 50 cents each.

ISABELLA SPRUNT.

A bright canary-yellow, large, beautiful buds, suitable for cut flowers, a very sweet Tea scent, profuse bloomer. It is no doubt the freest blooming of all yellow Roses. This variety has been a favorite in all gardens where good yellow Roses are planted, for the past twenty years. There are none better. Price, 10 cents each; large two-year-old plants, 40 cents each.

MADEMOISELLE CECILE BERTHOD.

Most beautiful, both in bud and flower, which is deep golden-yellow. In fact, the deepest yellow in color of any Rose we grow. The foliage is very bright. This is a Rose of magnificent size and color. We grow of this variety alone over fifty thousand, which is an evidence of how we prize it. Altogether a grand Rose, and always in bloom. Price, 15 cents each; large two-year-old plants, 50 cents each.

If you are desirous of having yellow Roses we would advise you to plant the Roses named on this page. They are all well-known varieties, and every one has merits of its own entirely distinct from one another.

COMTESSE DE FRIGNEUSE.

In color, charming; in freedom of bloom, second to none. The buds are long and pointed, and of good size. The color is a deep golden-yellow, with softer shade inside of petal. As a yellow Rose this takes rank next to Marechal Neil. Price, 15 cents each; large two-year-old plants, 40 cents each.

NEW ORLEANS, L.A., June 23.

THE GOOD & REESE CO.:

Dear Sirs:—I have had some very beautiful and perfect Roses from the Comtesse de Prigeneuse which I got from you. I consider it equal to Marechal Neil.

A. F. M.—

SPECIAL OFFER.—The seven beautiful golden-yellow Roses on this page for 75 cents; in large two-year-old size, the seven for \$2.50.

5 BEAUTIFUL MALMAISON ROSES.

CLIMBING MALMAISON.	RED MALMAISON.	"SOUVENIR" PINK MALMAISON.	STRIPED MALMAISON.	WHITE MALMAISON.
------------------------	-------------------	-------------------------------	-----------------------	---------------------

There are, we presume, but few persons who cultivate Roses that are not familiar with that old, tried and true variety,

'Malmaison.'

(This Rose is known in the South as "Souvenir.") It has been the one standard variety in Rose gardens for the past thirty years; and, in fact, there is not a Rose extant that rivals it for general cultivation. We have the pleasure of offering four companions of it. They are exact counterparts of Malmaison in growth, foliage and freedom of bloom. In fact, in every respect except the color of their flowers. We feel sure that they will be a welcome addition to all Rose gardens.

SOUVENIR DE LA MALMAISON.

"Souvenir" de la Malmaison.

This grand old variety, when used as a bedding Rose in Summer, has no equal, as it produces the most perfect flowers in the hottest weather. Its rich, flesh-colored flowers are of immense size, double to the center, are produced in abundance, and have the requisite form and substance to withstand our hot, dry Summers. Exquisitely fragrant. A noble Rose. Price, 10 cents each; large two-year-old plants, 40 cents each.

The Wonderful New Rose,
CROWN PRINCESS VICTORIA, or

WHITE MALMAISON.

This Rose has our highest commendation. It is a vigorous grower. The color is a pure, waxy, snow-white, the center of the flower has a lemon tint, just enough to light up and brighten it, and to those who desire a fine double flower when fully expanded, this will meet your wants, as it is very beautiful when full blown. Certainly a grand acquisition. Resembles that grand old Rose "Malmaison" in shape and fullness. We doubt very much if there is a finer Rose grown than this one. It is grand in every respect. We have tested it fully, and each year only confirms our high esteem for it. The best white Rose we have to offer you. Price, 15 cents each; large two-year-old plants, 50 cents each.

A SPLENDID ROSE, RED MALMAISON.

This Rose is not so well known as it should be, as it is a first-class Rose in every respect, being an exact counterpart of Malmaison except in color, being a rich, velvety-crimson of satin finish. It is very bright and handsome, and is a great Summer bedder. Price, 20 cents each; large two-year-old plants, 50 cents each.

SPECIAL OFFER.—The five Malmaison Roses sent for a remittance of 60 cents; the five large two-year-old size for \$2.00. A great bargain, as you get five elegant Roses at a very moderate cost.

THE GRAND NEW ROSE, CLIMBING MALMAISON.

This Rose is an exact counterpart of Malmaison in foliage and flower from that old-time, tried and true variety Malmaison. It will be a welcome addition wherever climbing Roses are planted. Just imagine a Rose climbing over the side of your house or enclosing your veranda in its luxuriant foliage, bearing flesh-colored Roses of immense size, and double to the center. It is the strongest and most rampant grower of any climbing Rose we have. It made a growth the past season of twenty feet, and bloomed every month of the Summer. We can cheerfully recommend this Rose to all our patrons. Price, 15 cents each; large two-year-old plants, 50 cents each. This is the grandest climbing Rose we know of.

NEW ROSE. BERTHA CLAVEL, OR STRIPED MALMAISON.

This charming variety is a striped sport from old "Souvenir" de la Malmaison. The color is a creamy-white, with rose center, reverse of the petals striped carmine and light rose, making a charming combination of colors. We think this is a novel and useful new Rose. Offered for the first time last year. Price, 15 cents each; large two-year-old plants, 50 cents each.

The Great Mermet Family of Roses.

THE MOST FASHIONABLE CUT-FLOWER ROSES GROWN.

These Mermet Roses have no equal. They are peerless in every respect. Vigorous growers, free bloomers, while the flowers are as handsome as Roses can be. They rank in popular favor with the La France type. Amateurs can succeed with these Mermet Roses when they would fail with all others. The Mermet Roses are by all odds the very best Roses for garden culture. They are all identical in every respect with Catherine Mermet, except in the color of their flowers.

Special Offer.

MERMET ROSES
ON THIS PAGE
FOR

60 Cents.

IN LARGE
TWO-YEAR-OLD
PLANTS, THE SIX
FOR

\$2.00.

BRIDESMAID.

CATHERINE MERMET. *LIGHT PINK.* This is one of the finest Roses grown. Its buds are inimitable, faultless in form and charming in their every shade of color, from the purest silvery-rose to the exquisite combining of yellow and rose which illumines the base of the petals. Beyond doubt the Rose of all Roses. This charming Rose deserves and receives recognition from all Rose-lovers. It is eagerly sought after in Winter by the ultra-fashionable, and is perhaps the most admired of all the Tea Roses. The color is a delicate rosy-pink unapproached by any other. The buds are large, long and pointed, and of great substance and most delicious fragrance. For over twenty years it has reigned supreme in its class and color. You should not fail to have a Mermet in your collection. Price, 10 cents each; large, two-year-old plants, 40 cents each.

THE BRIDE, *or WHITE MERMET.* The best pure white Rose, for that is impossible; but it is a stronger grower, and will thrive where Niphotos will not do so well. Save in color it is identical with Catherine Mermet, from which it is a "sport." The buds, which are of grand size, are carried high and erect on bright, smooth stems. A fine bunch of these buds, cut with long sprays of foliage, would grace any bride in her wedding robes. It is unsurpassed for purity of whiteness and for form and size. It "pinks" in the bright, hot weather of mid-Summer when planted out of doors. Price, 10 cents each; large, two-year-old plants, 50 cents each.

MADAME ETIENNE, *DWARF MERMET.* The form of the flower is quite similar to that of Beatrice—that is, the petals recurve, giving it the shape of a Camellia. The texture is heavy, and the color is a warm, yet delicate pink, slightly deeper on the edge of the petal. A very beautiful variety, and freer in bloom than Catherine Mermet. This Rose is styled the Dwarf Mermet by the French growers. Price, 15 cents each; large two-year-old plants, 35 cents each.

BRIDESMAID, *DEEP PINK MERMET.* Here we have a new Rose, a sport from that old standby, Catherine Mermet. This new variety retains all the good qualities of the parent, besides adding charms not possessed by the sweet Catherine. All know that Catherine Mermet takes precedence as a pink Rose. More plants of it are cultivated by the amateur, and more cut bloom is sold by the flower dealer of it than any pink Rose. Why? Because the bud is of exquisite shape and contour, so solid and firm, and the stems are so long and stiff that no other Rose will compare with it in keeping qualities after being cut. It is about two shades deeper in color—just enough to make it bright; and it is the same color all the time under every condition of weather and surroundings. We recommend this Rose, believing that our patrons will be pleased with it. Price, 15 cents each; large two-year-old plants, 40 cents each.

MRS. JAMES WILSON, *YELLOW MERMET.* Similar in shape to Catherine Mermet. Pale yellow, tipped with rose-pink. A strong and vigorous grower, and will prove to be valuable. All who know that old favorite, Catherine Mermet, will be pleased with this Rose, as it is one of the most beautiful Roses we grow, and we are confident our patrons will be well satisfied with it. Price, 15 cents each; large two-year-old plants, 40 cents each.

WABAN, *CARMINE MERMET.* In foliage and vigor it resembles its parent. Flowers borne on long stems, in form somewhat larger and exceeding in size and number of its petals. Color carmine-pink (when we say carmine we mean all that the word implies), shaded brilliantly on the outside petals, color increasing in intensity toward the end of the petal, and approaching the center of the bud each petal increases in intensity of color. From our knowledge and experience in growing Roses, we do not hesitate to say that this is one of the greatest acquisitions to the Tea family. Price, 10 cents each; large two-year-old plants, 35 cents each.

THE FAMOUS SOUPERT ROSE FAMILY.

—THE BEST FOR POT CULTURE IN THE HOUSE.— —THE BEST FOR BEDDING.—

Continually in Bloom, it makes no difference what season of the year it may be. With Slight Protection Will Live Out in the Open Ground.

NEW YELLOW SOUPERT, "MOSELLA."

New Silver White Soupert, —

LEONIE OSTERREITH.

We have given this Rose an extended trial, and believe there is no better white Rose grown. The buds are of the largest size, the flower full and double, and deliciously fragrant. Pure porcelain white, with deep center. In freedom of bloom this charming variety rivals Clothilde Soupert. We pronounce it the best white Rose to date for bedding. Indeed, the only fault to find with this Rose is that its stems will not support its immense buds in an upright position. Price, 15 cents each; large two-year-old plants, 50 cents each.

The Crimson Soupert, —

❖ RED PET. ❖

Beautiful dark crimson maroon; large, full and fragrant, very beautiful; a constant and profuse bloomer; extra good for outdoor culture and for pots; makes a gorgeous bed when massed. Price, 15 cents each; large two-year-old plants, 40 cents each.

SPECIAL OFFER. The five charming Soupert Roses for 60 cts., in large two-year-old plants, the five for \$1.75. Nothing finer in the Rose line. The best of all bedding Roses. Every one distinct in color.

THERE is nothing more remarkable in floriculture than the quick development that has been going on the past few years in producing not only new varieties of Roses, but entirely new classes of Roses. In the

Hybrid Polyanthas

we have a new class, distinct of themselves. They are a cross between a Tea and a Polyantha. All know that the Polyanthas are the most floriferous of all Roses, but many objected to them because of their small flowers. They commence to bloom when wee, tiny plants, and will literally hide the plant with their small Roses. In the Hybrid Polyantha we have the free-flowering qualities of the Polyantha, but the size of bud and beauty of flower of the Tea. Nothing can be sweeter or prettier than these beautiful Roses. Do not confound them with the older varieties of Polyanthas, as they are far superior. They are hardy and excellent bedders.

—*—

New Yellow Soupert, —

Mosella.

One of the prettiest and most satisfactory Roses in this book. This is a strong indorsement, but this variety in our estimation merits it. It is remarkably free blooming, producing in continuous profusion throughout the growing season clusters of three to six flowers, as well as on single stems, which are exquisitely beautiful, being as large as the best Tea Roses, very double and of graceful form; the buds are perfect in their shape, and as they open do not look unlike Camellia flowers. The petals are tinted white on yellow ground, which becomes golden in the center of the flower. In open ground Mosella is grand. It is a strong, dwarf, bushy grower, hardy with protection. Price, 15 cents each; two-year-old plants, 60 cents each.

The Best Bedding or Pot Culture Rose Known, CLOTHILDE SOUPERT.

Color a French white, deepening to a rosy-blush in the center, exceeding in distinctness of shadings the well-known Malmaison. Its greatest value lies in its compact, vigorous habit, and wonderful profusion of bloom, even the smallest plants being literally covered with flowers. The form and substance of the flowers are so perfect that the hottest weather does not cause a deterioration of either, so that even in mid-Summer a bouquet of splendid buds and open flowers can be obtained from this fine variety. Too much cannot be said in praise of this Rose for bedding purposes. It deservedly earned its title of the "Premier Bedding Rose." Valuable as it is for garden purposes, it is even more so for pot culture, and ranks first for blooming in the dwelling house. It is entirely exempt from the diseases usually affecting Roses in the house. Price, 15 cents each; large two-year-old plants, 40 cents each.

New Pink Bedding Rose, —

❖ PINK SOUPERT. ❖

The Pink Soupert produces flowers of various shades of pink, sometimes almost red, then again a bright pink is seen, almost identical in color with that grand old Rose, Hermosa. Then again the same bush will produce light pink flowers, suffused with lilac. The colors are altogether new. It is hardy and a profuse bloomer. Price, 15 cents each; large two-year-old plants, 40 cents each.

6 OF THE BEST LOVELY Pure White Roses.

WHITE PERLE DES JARDINS.

The lovers of that grand Rose "Perle des Jardins" will be glad to learn that we have now a pure ivory-white "Pearl of the Gardens." We have given it a long trial and believe it is an ideal Rose. It has foliage darker and rougher than Perle, throws up long, slender, stiff canes, each bearing a pure white bud of something more than a medium size, and quite upright. Every flower can be cut with very long, closely-foliated stem, which we consider a strong point of beauty in a Rose. It has a delicate Tea fragrance. We think that every lover of white Tea Roses will be delighted with White Perle. It will be found totally distinct from Bride, or any other white Rose. This is surely a most magnificent Rose, as each year's trial we give it only enhances its value in our estimation. Price, 15 cents each; large two-year-old plants, 50 cents each.

SNOWFLAKE. This is a lovely white Rose, a pure Tea, but a foreign seedling, the freest-flowering white Rose we have seen. It will be especially useful in set designs. For a pot plant it cannot be excelled, as it possesses every good quality of a pot Rose. We counted on one plant one hundred and forty-three buds and flowers in a single day, and the plant was only nine months old. It can be used in place of white Carnations for set pieces at an immense saving, because it can be bloomed profitably at one dollar per hundred buds. Not only will it cover twice and three times the space in a funeral design, for instance, that a Carnation covers, but it will give greatly superior results. Try it. Price, 15 cents each; large two-year-old plants, 50 cents each.

MARIE GUILLOT. We consider this variety the equal, if not the peer, of any Rose of its color in cultivation. A trial will convince any one that this endorsement is not extravagant. The flowers are full and extra large, very double and sweetly scented; has many rivals, but no equals for open ground cultivation. Price, 10 cents each; large two-year-old plants, 50 cents each.

THE QUEEN. A most charming Tea Rose. The offspring of that fine old Rose, *Souvenir d'un Amie*, whose many good qualities it seems to possess in a remarkable degree. It is pure snow-white, makes good, finely-formed buds, is quite full, showing the center but slightly when fully open. The petals are thick and of good substance, opens

KAISERIN AUGUSTA VICTORIA

THE BEST WHITE ROSE IN THE WORLD.

This beautiful Rose has not only a royal name, but is a royal Rose as well. We have white Roses that have elegant buds, but when full blown are not all that is desired. Then again, we have white Roses that are elegant when full blown, but have poor buds. This Rose combines both these good qualities, is a continuous bloomer, producing successive crops of buds and flowers in the greatest profusion. Buds are very beautifully formed, with large petals of best substance. It shows no center when fully open; color pure snowy-white, and when you add a rich perfume, coupled with a vigorous growth, what more could you ask? This Rose is an easy winner over all competitors in its color, and we predict that more of it will be planted than all other white Roses combined. We have tested it thoroughly. Price, 20 cents each; large two-year-old plants, 50 cents each.

well, and is very sweet, and has proven valuable, both for forcing and open ground planting. We recommend it for extended trial, as it will be found a valuable acquisition to our list of pure white ever-blooming Roses. Price, 15 cents each; large two-year-old plants, 50 cents each.

CORNELIA COOK. The buds are most beautiful, up high on massive stems, and with their round, full, heavy form, carry an air of grace and dignity quite unusual. The flowers are the clearest, snowiest white, and are arranged in the most faultless and symmetrical manner. *Cornelia Cook* has the largest bud of any of the white Roses. It is a massive and magnificent Rose. Price, 10 cents each; large two-year-old plants, 50 cents each.

SPECIAL OFFER.—The six pure snow-white Monthly Roses on this page for 80 cents; or the six Roses in large two-year-old plants, for \$2.40.

The :: Beautiful

TULIP ROSES.

These are called Tulip Roses because of the feathery shading of the bright rose around the edge of every petal. They are distinct from all other Roses in the peculiar manner of this marking.

New Tea Rose,

PRINCESS

BEATRICE.

A pure Tea, of strong habit, heavy foliage, coloring deeply, after the style of the Perle, flower stems stiff and upright, and bright red, carrying large buds of an exquisite color, outer petals varying from canary-yellow, edged lightly with bright rose color. From its first opening the petals roll their edges backward, displaying the bright apricot center. The open Rose is exquisitely beautiful, very double, and lasting well when cut. The writer well remembers the first time he saw this Rose, and how he was captured by it. The bed comprised some five hundred plants of this variety, and it was truly a gorgeous sight. Its foliage and growth were the picture of health. The buds and bloom stood erect, being borne on strong stems, each plant having from twenty to fifty of its charming flowers. They almost said, "I am a princess, indeed," they were so winsome and lovely. Just imagine a coppery or ruddy-yellow Rose with a distinct red edge on each petal. Your imagination can paint nothing nearly so beautiful. Order a strong, large plant of this variety and see how lovely a Rose can be. Price 20 cents each; large two-year-old plants, 50 cents each.

NOTE.—We think Princess Beatrice the finest and prettiest Rose for garden culture that was ever offered. It has our highest commendation. Lovely, both in bloom and open flower.

MADAME ELI LAMBERT. This is a superb, rich, new Rose, carrying such fine combinations of color that it is sure to please. It is so thick in petal as to resemble soft velvet to the touch. It belongs to the Tulip class, salmon-pink, with the center of coppery-rose, elegantly edged darker. We have had many letters from the South praising the great beauty of this Rose, probably the most distinct Rose we grow. The petals are so thick and velvety-like as to hardly resemble a Rose. Price, 15 cents each; large two-year-old plants, 40 cents each.

SPECIAL OFFER.—The five Tulip Roses for 60 cents; large two-year-old plants, the five for \$1.60.

MAMAN COCHET.

NEW TEA ROSE. This Rose attracted our attention from the very first time we saw it in flower. It comes from France—the country that has produced nearly all of our best Roses. We are not alone in our admiration of it, as all the visitors to our establishment the past season have been unstinted in its praise. It is a vigorous grower, with beautiful, pretty foliage. In bud it resembles the Mermet family, being long and shapely, borne on long, stiff stems. It is of the largest size, and, as you will notice, the flower is built up or rounded and very double. The color is a deep, rosy pink, the inner side of the petals being a silver-rose, shaded and touched with golden-yellow. We pronounce this the finest Rose by far that has been introduced from France in the past five years. No Rose surpasses it in vigorous growth and in the immense size of its buds and flowers. Indeed, nothing in the Tea family approaches it in size. Deliciously fragrant. Price, 15 cents each; large two-year-old plants, 50 cents each.

STAR OF GOLD.

This magnificent Tea Rose is a rich golden-yellow, a strong, healthy and vigorous grower, immense bloomer, bearing flowers and buds early and late. The flowers are very deep, rich and full, excellent substance, very sweet. Surely one of the very best and most beautiful yellow Tea Roses for general planting ever introduced. Remarkably hardy, both as to heat and cold, frequently standing the Winters here uninjured in open ground without protection, and blooming nicely all through the hottest part of the Summer. Price, 15 cents each; large two-year-old plants, 50 cents each.

MAURICE ROUVIER.

NEW TEA ROSE. One of the distinguishing characteristics of this superb new Rose is its enormous size. The flowers are immense, fine globular form, very full and exceedingly sweet. The color is a bright, pinkish-rose, elegantly tinted with shades of buff, prettily veined with deep, shining crimson, while many of the petals have a wide border of silvery-white, which gives the flower a lighter effect than the color would appear to indicate. It is a good, strong grower and most prolific bloomer, well worthy of high commendation. Price, 15 cents each; large two-year-old plants, 40 cents each.

Princess
Beatrice.

New Tea Rose,

PRINCESS

OF

WALES.

This grand new Tea is almost unsurpassed in beauty. A greater number of persons have written us concerning its enchanting loveliness than almost any Rose we send out. The color is a beautiful amber-yellow, deepening towards the center to orange or coppery-yellow, delicately tinged and shaded with crimson, distinctly edged with carmine, long, pointed bud, extra large flower, fine globular form, very double and full, and exceedingly sweet. It is very chaste and waxy in appearance. Superb. Price, 15 cents each; large two-year-old plants, 40 cents each.

MADAME DE WATTEVILLE.

This grand Rose is one of the most beautiful varieties we have ever sent out, and is largely planted by those who know its beauty. The color is a remarkable shade of creamy-yellow, richly colored with rosy-blush. The petals are large, and each one widely bordered with bright crimson, which gives it a very striking and beautiful appearance. The flowers are large, very full and highly perfumed. For planting in the open ground Madame de Watteville takes front rank, being a hardy, vigorous grower, standing the sun and weather well, a profuse bloomer and unsurpassed for cutting. Price, 15 cents each; large two-year-old plants, 40 cents each.

MARQUIS DE VIVIENS.

Here we have a beauty indeed. The flowers have a great depth and substance, and are of fine globular form, with broad, thick petals and large, finely-shaped buds. The color is a bright carmine at the edge of the petals, soon graduating into light rose and becoming lost in the pale yellow of the center. A bright and showy Rose of the Tulip section, very highly colored, and blooming without cessation. It would be difficult to imagine a more lovely Rose. Price, 15 cents each; large two-year-old plants, 40 cents each.

A PAGE
OF

Velvety-Crimson Roses.

YOU CAN'T GET BETTER RED ROSES ANYWHERE
THAN THE SIX BEAUTIES OFFERED ON THIS PAGE.

METEOR.

A velvety-red deeper-bloomer of the deepest glowing crimson, as fine as a Hybrid. Flowers of medium size, very double and slightly recurving. A beautiful open Rose, a free bloomer and a very excellent pot Rose. It has no tinge of violet or purple to mar its beauty. It is a vigorous, bushy grower, with healthy, bright foliage of the deepest green. The best rich red Rose for the garden ever introduced. Our correspondents from California say that the flower of the Meteor equals General Jacqueminot, and will produce fifty flowers to Jacqueminot's one. This is unquestionably the best dark velvety-red Rose yet produced. Grand, both in bud and in flower. It has our highest commendation. Price, 15 cents each; large two-year-old plants, 40 cents each.

SOUVENIR OF WOOT- TON.

An American variety of great promise, with the following good qualities: (1) Color velvety-red, equal to Jacqueminot; (2) perfume which cannot be excelled; (3) continuous flowering qualities; (4) the most prolific bloomer in existence, every shoot containing a flower bud; (5) habit exceedingly vigorous, and in foliage quite equal to American Beauty; (6) it never makes imperfect buds, and dark weather deepens the color, giving it a richer shade of crimson; (7) it is a full, double Rose, and is good in bud, half open, or fully expanded. Full, open flowers, frequently six inches in diameter. This superb Rose is unquestionably one of the finest varieties ever introduced for either Summer or Winter blooming. We have tried this for hardiness in the open ground, and find it will live out all Winter south of the Ohio river. It is one of the most satisfactory Roses for the amateur to grow. Price, 15 cents each; large two-year-old plants, 50 cents each.

PRINCESS SAGAN. The flowers of this variety are the richest crimson of any Rose in our vast collection, a single bud or blossom will catch the eye at a great distance, so brilliant is the color. Indeed, it is unmatched in its velvety richness; could well be termed "The Velvet Rose." It is as free in blooming as Bon Silene. One of our customers in California writes that she is kept busy by people asking what Rose this is. Price, 15 cents each; large two-year-old plants, 40 cents each.

METEOR.

MARION DINGEE.

Marion Dingee promises to be of extraordinary value. It is a strong, vigorous grower, making a handsome, graceful bush, with large, thick, deep-green leaves. The flowers are large, beautifully cup-shaped, moderately full, and borne in wonderful profusion all through the growing season. In fact, we scarcely know of any other Rose that will produce so many perfect flowers in a given time, and whether in open ground or under glass it is a most constant and profuse bloomer. The flowers are borne nearly upright, on long, straight stems, and are of excellent substance, having thick, leathery petals, holding their form and color a long time. The color is, perhaps, its most remarkable feature. It is a deep, brilliant crimson, one of the darkest, if not the very darkest and richest-colored Tea Rose in existence, and we have no hesitancy in asserting our belief that it is the finest crimson Tea Rose now known. Price, 15 cents each; large two-year-old plants, 50 cents each.

DOCTOR REYMONT.

This fine, hardy, ever-blooming sort was obtained by crossing the well-known General Jacqueminot and the Rose Polyantha, or Multiflora. With such good parentage, it is needless to say that the progeny is excellent. It

inherits the hardiness and splendid crimson-colored flowers of the General Jacqueminot—which are but little reduced in size—with the profuse blooming qualities of the Polyantha class, thus combining the two qualities most desired in a garden Rose. Bear in mind that this Rose is entirely hardy, ever-blooming and delightfully fragrant. Price, 15 cents each; large two-year-old plants, 50 cents each.

AUGUSTINE HALEM. In this Rose we have a beauty indeed, for it fairly rivals the well-known American Beauty in the size and color of its flowers. It has well-developed buds, having good, thick, waxy-like petals of excellent substance. Color clear, bright, rosy-red, verging to deep, rich crimson. With these changes it adds the delightful fragrance of the old June Roses. Taken altogether, we are much pleased with this beautiful variety. It is very free-flowering. Offered for the first time in 1877. Price, 15 cents each; large two-year-old plants, 50 cents each.

SPECIAL OFFER.—The above six beautiful, deep red and crimson Roses, as shown on this page, sent for a remittance of 60 cents; in large two-year-old size for \$2.25.

4 LOVELY, HARDY Ever-Blooming PINK ROSES

Unfortunately many of the best Ever-blooming Roses are not hardy. The world moves, however, and the advances and improvements that have been made in the Rose of late years are marvelous, giving us to day a number of varieties that are hardy, and bloom constantly and profusely from early Summer until the ground freezes in Autumn. The four varieties named on this page are of this number, and we highly recommend them to our patrons for extensive planting. : : :

New Hardy Ever-blooming Rose.

ALICE

The most richly and sweetly-scented Hardy Rose.

A perpetual-blooming Hardy Rose.

The hardest of Hardy Roses.

The most double and beautiful of Perpetual Hardy Roses.

The most unique of all Roses.

This new and distinct Rose is truly wonderful. It is a pioneer of a new and most valuable race, namely: absolutely hardy, perpetual-blooming and sweetly-scented Roses. The Alice Aldrich is a hybrid between Rosa rugosa and that splendid old variety of the hybrid perpetual or remontant class, Caroline de Sansal. In habit of growth and foliage it strongly resembles the rugosa species, possessing the same abundant, rich, dark green, clean and healthy foliage and Moss Rose-like buds. In like manner it inherits the property of this species of blooming with great profusion in June, and continuing to flower throughout the Summer and Autumn. It also possesses all the ruggedness and iron-clad hardiness of its Japanese parent. On the other hand, the flower in make-up, finish, color and fragrance of its flowers resembles to a greater degree the Caroline de Sansal. The

Roses are medium to large in size, densely double, beautiful in bud, and of pure, bright peach-blown pink throughout. There is no other Rose we have ever grown that is so rich in delicious damask perfume. Unlike almost all other Roses, its foliage is exempt from mildew and the attacks of insects or slugs, remaining healthy, clean and bright, deep green until turned to a crimson color by frost. In this Rose are united iron-clad hardiness and perpetual bloom that is richly and sweetly scented—not to mention the beauty of form, color, make-up and doubleness of Alice Aldrich. Price, 20 cents each; large two-year-old plants, 50 cents each.

Hardy Ever-blooming Rose,

MRS.

DeGRAW.

Every one wants a hardy, ever-blooming Rose, and when our attention was called to this grand variety we at once took steps to procure a stock of it. Following our usual practice, we gave it a thorough trial before offering it, and we are glad to say that it has fully justified the high opinion formed of it when first seen by us. It is with the greatest pleasure, therefore, we announce to our customers we can confidently recommend it as being entirely hardy, equaling the tender sorts in profusion of bloom. From early Summer until frost it may be depended upon to produce flowers in abundance. In color it is a rich, glossy pink, delightfully fragrant, and is such a strong, vigorous grower that it is almost impregnable against attacks of the insects which usually destroy some of our finest Roses. Thus it is certain to be unequalled for the garden or cemetery. A royal Rose. Every shoot is loaded with flowers. Price, 15 cents each; large two-year-old plants, 40 cents each.

These four elegant hardy ever-blooming Roses sent for 50 cents.

VASE OF ALICE ALDRICH ROSES.
Photographed.

**In the large, two-year-old size, \$1.60 for the four.
A rare bargain.**

are perfectly double to the center, and of the most perfect shape, both in bud and blossom, while its color is a degree of loveliness which few Roses can equal, being a rich, deep, rosy-pink, a shade the delicate richness of which is seldom seen. Its size is very large for an ever-bloomer, often as large and as fine as La France, or the best Hybrid Perpetuals. You will miss a beauty should you fail to get it. Price, 20 cents each; large two-year-old plants, 50 cents each.

Hardy Ever-blooming Rose,

SUMMER

QUEEN.

The introducers of this variety say: "This splendid pink hardy Rose was purchased two years ago and placed on trial in our grounds. We were at once impressed by its remarkably healthy, vigorous growth and its wonderful blooming qualities, surpassing all other true Hybrid Perpetuals in this respect. For years it had been grown as a Winter-flowering variety, by the gentleman from whom we purchased it, and some idea of its enormously productive quality can be obtained from the fact that he had cut as many as **twelve hundred flowers from a single plant**, a record seldom equaled, and never surpassed by any other variety. We have thoroughly tested it, and can recommend it as being entirely hardy. It is of such vigorous growth that if planted close to a wall or fence it may be trained like a climbing Rose. So prolific of bloom is it that small plants in our grounds, a foot high, were one mass of flowers. Color a bright, silvery-pink, full and double. Like its grand deep-colored prototype, 'American Beauty,' we believe it has come to stay, and so we welcome this fine addition to our hardy, free-blooming Roses, with a recommendation to all our customers to try it." Price, 15 cents each; large two-year-old plants, 40 cents each.

New Hardy Ever-blooming Rose,

CHAMPION

This Rose is the champion bloomer. It commences to bloom as soon as potted from the propagating bench, and continues in the greatest profusion all the time, both Summer and Winter.

It is claimed that one plant of it will produce more flowers during the year than any ten plants of any Tea Rose Plants which have bloomed all Summer in the garden may be potted in the Autumn, and they will immediately start new growth, and bloom profusely all Winter in any window. Returned to the garden in the Spring they will again bloom all Summer without intermission. It is truly a perpetual bloomer, never without flowers. Champion in hardiness. Though a perpetual bloomer, it is as hardy and robust as an oak, standing the severest Winters of Vermont where it originated, in the open ground, without the slightest protection. The champion in fragrance. It has the most delicious and powerful rose fragrance, which is maintained during the whole year. Its perfume in December is as rich, delicate and sweet as it is in June. It is also champion in form and color. Its blossoms

are perfectly double to the center, and of the most perfect shape, both in bud and blossom, while its color is a degree of loveliness which few Roses can equal, being a rich, deep, rosy-pink, a shade the delicate richness of which is seldom seen. Its size is very large for an ever-bloomer, often as large and as fine as La France, or the best Hybrid Perpetuals. You will miss a beauty should you fail to get it. Price, 20 cents each; large two-year-old plants, 50 cents each.

Hardy Ever-blooming Rose,

SUMMER

QUEEN.

Hybrid Perpetuals in this respect. For years it had been grown as a Winter-flowering variety, by the gentleman from whom we purchased it, and some idea of its enormously productive quality can be obtained from the fact that he had cut as many as **twelve hundred flowers from a single plant**, a record seldom equaled, and never surpassed by any other variety. We have thoroughly tested it, and can recommend it as being entirely hardy. It is of such vigorous growth that if planted close to a wall or fence it may be trained like a climbing Rose. So prolific of bloom is it that small plants in our grounds, a foot high, were one mass of flowers. Color a bright, silvery-pink, full and double. Like its grand deep-colored prototype, 'American Beauty,' we believe it has come to stay, and so we welcome this fine addition to our hardy, free-blooming Roses, with a recommendation to all our customers to try it." Price, 15 cents each; large two-year-old plants, 40 cents each.

THE FOUR HARDY EVER-BLOOMING HERMOSA ROSES.

We offer four varieties of the Hermosa type of Roses. The old favorite Hermosa has been held in high esteem for many years, and it will always be in demand. They are the hardiest of all the Roses. Very free blooming and very beautiful indeed. We know of no Roses that will give more satisfaction than these. They completely hide the plant with their exquisite flowers. These and the Souperf Roses are the very best bedders, producing more flowers than any of the Roses.

YELLOW HERMOSA, Coquet de Lyon.

This is a most charming yellow Tea Rose, a grand grower, has elegant buds, and is so free in flower as to be called the Yellow Hermosa. This is the best blooming pure yellow Rose in our catalogue. We sold of this Rose the past Spring thirty-five thousand plants. It is a Rose that will please all. Price, 20 cents each; large two-year-old plants, 50 cents each.

CRIMSON HERMOSA, Queen's Scarlet.

This is, without doubt, the very best of all red Roses for bedding. It can be planted anywhere, being entirely hardy. The flowers are of large size and of a fiery scarlet, a color seldom seen in Roses. Indeed, a bed of this Rose produces a mass of red equal to a bed of Geraniums. It is planted everywhere on account of its color and freedom of bloom. None better. Try it. Price, 15 cents each; large two-year-old plants, 40 cents each.

WHITE HERMOSA, Marie Lambert.

Pure white. It has been called the White Hermosa, as it resembles Hermosa in form and freedom of bloom, and is quite as valuable; for though no claim has been made for it as a fancy Rose, its persistence in bloom, will make it a very popular white variety for bedding or for pots. This Rose is fast becoming popular, as there is no better white Rose. Our sales of this Rose the past Spring were upwards of fifty thousand. It is the finest blooming white Rose we offer. Price, 15 cents each; large two-year-old plants, 50 cents each.

PINK HERMOSA, The Old Favorite.

Everybody knows this famous variety. As hardy as an oak, and always covered with its elegant clear pink blooms. There is not a shade of color of any kind to mar its purity. We doubt if any Rose ever grown will take its place. Price, 15 cents each; large two-year-old plants, 40 cents each.

SPECIAL OFFER — The four Hermosa Roses for 40c; or the four in large two-year-old size for \$1.50.

NEW EVER-BLOOMING ROSE.

• GOLDEN GATE. •

We have given this Rose another year's careful attention and study, and we would gladly add to our praise of it if this were possible. The engraving gives you some idea of its great beauty. There are so many beautiful Roses, and they are beautiful in so many different ways that it scarcely seems possible for any one variety to be the most beautiful of all Roses; and yet if the question were to be decided, we are strongly of the belief that the palm would have to be awarded to the new Tea Rose, Golden Gate. This magnificent Rose is the result of a cross between those old and greatly admired varieties, Safrano and Cornelia Cook, and while combining the good qualities of both, is vastly more beautiful than either. The flowers are extra large, very full and finely formed, and of excellent substance; the buds are long and of the most desirable form; the color is a rich creamy-white, beautifully tinged with fine golden-yellow. The petals are large and broad, and exquisitely bordered and tinted with clear rose, making altogether a Rose of the rarest and most indescribable beauty. The Golden Gate is a strong, healthy grower, and a most profuse and continuous bloomer. Will produce more perfect buds and bloom than almost any variety we know. It is excellent for bedding, also for house culture. In short, we can heartily recommend it as one of the finest and most beautiful Tea Roses ever grown. Price, 15 cents each; large two-year-old plants, 50 cents each.

NEW HYBRID TEA ROSE.

VISCOUNTESS FOLKESTONE.

No Rose in our catalogue has grown in popularity during the past few years like Folkestone. It is unsurpassed among light-colored varieties. It is graceful to the last degree, with strong, heavy foliage. The flower is delicately tinted flesh, almost white, and lustrous as satin. When full blown it is like a white Paeony, but without a suggestion of stiffness. We have measured flowers of this variety six to eight inches in diameter. It is sweet-scented. Don't fail to include the Folkestone in your order. Price, 20 cents each; large two-year-old plants, 50 cents each.

• We wish we could impress all our friends with the beauty of this Rose. A plant of Folkestone in the yard of a neighbor, that has stood out unprotected, the past three Winters, had flowers on it the past Summer that by actual measurement were over seven inches in diameter. It looked like a huge Paeony. It is a true ever-bloomer, and everybody should have Viscountess Folkestone. It will delight you.

YELLOW HERMOSA.

GOLDEN GATE.

THE WORLD-FAMOUS ROSE, **American Beauty.**

This Rose has become as famous as the Marechal Neil. The flowers of this grand Rose are so eagerly sought that they sell in the flower stores of the larger cities during the holiday season at the extravagant price of from one dollar and a half to two dollars for a single bud or flower. Indeed, the market is never fully supplied with them, even at this high price. Why is this? There must be a reason. It is because of its large size, rich color and delicious fragrance. One of its chief attractions is its foliage (see illustration from photograph), which will show you what long, stiff stems and heavy foliage it can be cut with. It is a hardy Rose, of the largest size, having the ever-blooming qualities of the Tea Rose, with the delicious odor of the Damask or Moss Rose. It is the sweetest of all Roses. In color it is a deep, brilliant red, shading to a rich carmine-crimson. American Beauty is like Marechal Neil, difficult to start from small plants, therefore we advise our customers to buy strong plants of it. This Rose will never be sold cheaply, for the reason it is hard to propagate. Price, for young plants, 35 cents each; large two-year-old plants, 75 cents each. We advise planting the larger size.

THE MAGNIFICENT PRIZE ROSE,

American Belle.

This Rose is a pink-colored sport from "American Beauty," and is the grandest acquisition to the Rose family in many years. The color of the flower is a deep, clear pink, almost red. The delightful fragrance of the "Beauty," the sweetest of any known, is also possessed by the "Belle" in an equal degree. Mr. Burton does not claim for the "Belle" that she will supersede "Beauty." On the contrary, he wishes it distinctly understood that the "Belle" is put on the market as a companion and not as a rival of "Beauty." There are men eminent in the trade who do not hesitate to give the "Belle" preference over "Beauty," and while in some points this is well taken, the claim should not be made too sweeping. For instance, one distinguished member of the craft happily expressed his enthusiasm for the Rose by saying, "There may be many 'Beauties' in a ball-room, but there is only one 'Belle,'" and this is true enough in the double sense, but it must not be taken as meaning that the "Beauty" has been eclipsed, because there is a distinct place for both varieties, and each can fill its own allotted sphere. Price, 25 cents each; large two-year-old plants, 60 cents each;

THE ROYAL ROSE, **Princess Bonnie.**

Princess Bonnie is one of the loveliest of the new ever-blooming Roses. It has no superior and very few equals. Its color is something indescribable; a richer, deeper crimson was never seen in a Rose, while its fragrance is even more subtle and delicate than that of La France. It is a profuse bloomer and a easy of cultivation as the most ordinary Rose. Indeed, one finds in Princess Bonnie every attribute one longs for in the Rose, and it might well be called the perfection Rose. Price, 20 cents each; large two-year-old plants, 50 cents each.

THE GOLD MEDAL ROSE,

JUBILEE.

This grand Rose was awarded the gold medal by the Massachusetts Horticultural Society, the only Rose to obtain that honor. It is the finest dark red hardy garden Rose yet produced. A pure red in its deepest tone, shading to deep crimson-red and velvety maroon-red in the depths of the petals. It fairly glows in its rich warmth of coloring and has a rich velvety finish all its own, containing the darkest color combined with pure color of which Nature is capable. It is a hardy ever-blooming and an acquisition to any collection of Roses. Offered for the first time. Price, 20 cents each; large two-year-old plants, 50 cents each.

SPECIAL OFFER.—The four Red Roses for 80c. In large size, the four for \$2.00.

AMERICAN BEAUTY.

5—FIVE GRAND HARDY—5

Ever-Blooming Climbing Roses.

We have a great deal of inquiry about Hardy Climbing Roses that are constant bloomers. We offer in this grand collection the very best for this purpose. They are all entirely hardy, and are ever-bloomers. In ordering say "Grand" Collection of Climbing Roses. All who want good, hardy Climbing Roses should order this set.

CLIMBING LA FRANCE.

Hitherto the hardy climbing Roses have been almost totally devoid of perfume, and none of them have that form and substance deemed requisite in a high-class Rose. With the advent of the Climbing La France these objections vanish, for it excels even its parent (La France) in size and quality of flower, it retains the charming peach-pink color and the exquisite fragrance which have made La France the favorite it is. Small plants set out June 15 had attained a growth of 15 feet by October 15, a growth unsurpassed by any climbing Rose on our grounds. The Climbing La France is equally as hardy as its parent, and so may be safely planted in open ground, even in Northern latitudes. This is a true, ever-blooming, hardy climbing Rose, which will make it equally valuable for the North and South. Be sure to try it. Price, 20 cents each; large two-year-old plants, 50 cents each.

NEW ROSE, WALTHAM QUEEN.

This is a valuable acquisition. Hardy in the North. We had plants of this variety out last Winter which stood a temperature of zero without injury, and have bloomed continuously the past season. It is a strong grower and continuous bloomer. The flowers are large, full and sweet. The color is a rich, scarlet-crimson, very beautiful, and a profuse bloomer. Nothing can compare with this for beauty of bud and foliage, and it literally lavishes in the greatest profusion its beautiful, rich, red flowers of magnificent size. It has our highest praise. two-year-old plants, 50 cents each.

CLIMBING LA FRANCE.

Price, 20 cents each; large

Wonderful New Climbing Rose,

EMPRESS OF CHINA.

This is a new Climbing Rose of the greatest excellence. It commences to bloom in May, and is loaded with its elegant blooms until December. There is no other Rose like it that will bloom for so long a time. This has been the great objection to climbing Roses, that they bloom once and then are done. But here we have a Rose that blooms continuously for over seven months of the year. It is simply wonderful. When it first opens the flowers are a beautiful red, but soon turn to a lovely light pink, and it blooms so profusely as to almost hide the plant. It is perfectly hardy, and is a vigorous grower. Price, 20 cents each; large two-year-old plants, 50 cents each.

CAROLINE GOODRICH, or

RUNNING GEN. JACQUEMINOT.

This Rose has finely-formed, very double flowers. Fragrance most delicious. A hardy climbing Tea, and should not be classed with the Hardy Climbers that bloom but once a year. Color same as that of General J. Jacqueminot. Price, 15 cents each; large two-year-old plants, 50 cents each.

THE MARY WASHINGTON ROSE

The introducer gives the following interesting account of its origin and history: "It is an historic fact that one hundred years ago George Washington, the greatest and most honored American that ever lived, raised in his garden at Mt. Vernon a seedling Rose, which proved to be a hardy perpetual blooming climber, producing large, double, snow-white blossoms in great profusion from June until frost. We hope in time to see it trailing over the door or gateway of every home in the land. Its flowers are pure white, perfectly double to the center, sweet, and borne in endless numbers all Summer. It is a vigorous grower. It makes a great profusion of fine buds, which are borne on long stems, and will produce more flowers and buds than a dozen ordinary Roses. Its fragrance is tinged with that old-fashioned musky flavor so much admired in olden times. Our stock is propagated from cuttings which came from the original bush at Mt. Vernon on the Potomac." Our offer here of fine, strong plants will therefore be appreciated by thousands in all parts of the country who would like some reminder of that historic spot. Price, 20 cents each; three for 50 cents. Large two-year-old plants, 50 cents each.

SPECIAL OFFER.—The five "Grand" Hardy Climbing Ever-Blooming Roses for 75 cents; in large two-year-old plants, the five for \$2.25.

Empress of ::: China.

The "APPLE BLOSSOM" Rose.

A new, hardy, Ever-blooming Climbing Rose that blooms the first season—early, late and all the time—producing flowers which in form and color resemble Apple Blossoms. :: :

WITHOUT exception, one of the most valuable and popular Roses now offered. It possesses remarkable features found in no other climbing Rose. It is a true, ever-blooming climbing Rose, producing its flowers the first season, and continually throughout the year, from May until December.

It is absolutely hardy, having withstood a temperature of sixteen degrees below zero unprotected.

and without injury. It grows almost as fast as a Morning Glory, young plants throwing up numerous canes ten to fifteen feet the first year. The original plant, brought from China, now covers the entire front of a large dwelling. It has splendid foliage, which is entirely free from blight, mildew and other diseases that sometimes attack outdoor Roses. The flowers, in form, color and fragrance, bear a striking similarity to Apple blossoms. In the bud the color is a soft, dark red, and as the flower expands, the color changes to a lighter red or pink, like the color found in an Apple blossom. This variety is exceedingly free-flowering. As the plant increases in age and size the number of flowers it produces is something wonderful. We have seen on a well-established plant hundreds of buds and blooms, presenting a truly beautiful sight. This is surely the Rose for the masses. It needs but little attention and no protection whatever. During seven months of the year it will give a profusion of bloom. Will grow in almost any situation. Perfectly hardy. There has been some complaint that the plant does not bloom as profusely as it should and is capable of. A point to be observed is, *cut it back as it blooms*, which treatment will cause new blooming shoots to appear. The flowers are borne on the new growth. Price, strong plants, 20 cents each; three for 50 cents; large two-year-old plants, with strong shoots and heavy roots, 50 cents each.

NEW ROSE, ♀ ♀ ♀

White Marechal Neil.

further need be said of this new variety to make it instantly popular, in every respect of Marechal Neil, its parent, save the color of flower, which is a pale creamy-white. Totally distinct. This remarkable variety is selling at enormous prices in Europe, where it originated. We consider ourselves fortunate in possessing some of the original stock plants procured direct from the introducer, from which our stock has been propagated. It is a rapid climber and quickly makes a bush of considerable proportions. For Southern cultivation it will be of great value, and as a companion plant to Marechal Neil we anticipate a splendid demand for it. Price, strong three-inch pot plants, 80 cts. each; two for 50 cts.; large two-year-old plants, \$1.00 each.

Identical with its famous parent, save color. The fame of Marechal Neil, with its large, deep, golden-yellow flowers, is so world-wide that nothing

EMPEROR OF CHINA.

RUBY GOLD ROSES.

Ruby Gold.

NEW TEA ROSE. Nature is constantly surprising us with some development deemed impossible, and in the grand Rose

which we offer herewith she has surprised herself. It is the product of Catherine Mermet and Marechal Neil. It has retained the dwarf habit of Mermet, showing no tendency to climb, while the color of the flowers shows the perfect blending of the rich, golden-yellow of Marechal Neil with the delicate pink of Mermet, the result being a tawny shade of yellow, bordering on old gold, through which run veins of rosy-red and pink. But it is in the fully expanded, large, double flowers, that we see the grand coloring obtained by the blending of these shades in Nature's laboratory. It is difficult to describe the rich crimson—not unlike burnished copper—which lights up the center of the flower, or the grand effect produced by its lessening intensity toward the end of the petals, where it merges into the tawny golden shade already described. With a view to indicating this grand coloring in the name of this fine variety, it has been called Ruby Gold. Certainly a grand Rose. Price, 20 cents each; large two-year-old plants, 50 cents each.

POLAR STAR. (*Etoile Polaire*) This Rose was first introduced last year, and we doubt

if we can convey in words anything like a satisfactory impression of it. The flowers are extra fine, large and perfectly formed, having broad, thick, shell-like petals, quite double, full and very fragrant. Color a rich shade of creamy-white, shading to pink, faintly colored with rosy-red and pale canary-yellow. Similar in color to the grand old variety *Gloire de Dijon*. A desirable feature of this variety is the magnificent buds which are produced on strong, stiff stems. Altogether a desirable and very handsome Rose, which we can heartily recommend. Price, 15 cents each; large two-year-old plants, 40 cents each.

CHILD'S A NEW EVER-BLOOMING ROSE.

JEWEL This is a pure Tea Rose, with flowers of good size and deliciously fragrant. The point of excellence in this Rose is that a plant in bloom shows flowers of different colors, resembling in this respect *Beaute Inconstante*. Some will be yellow, others light tawny, or coppery-yellow, buff, saffron, pink and light and dark crimson. It is a beautiful sight to see a plant in bloom, bearing many different colored Roses. Price, 15 cents each; three for 40 cents; large two-year-old plants, 40 cents each.

QUEEN The plant is a short, upright grower, branching freely, every branch

BEDDERS. terminated by a cluster of beautiful buds and flowers. The flower is large, full and regular. The color is a bright, glowing, velvety-crimson. It blooms constantly from early Summer to late Autumn. A recent

English writer says a

bed of this variety, twenty-five by fifty feet, had twenty-five thousand five hundred buds and flowers at one time. We recommend this Rose highly. It is a rich, highly-colored Rose, and one that is double to the center. Price, 25 cents each; large two-year-old plants, 50 cents each.

RAINBOW. *CALIFORNIA'S NEW STRIPED ROSE.* A few years ago the professional florist would have laughed at the idea of a variegated Rose should any one have mentioned it to him. Imagine a lovely pink Rose blotted and streaked with the darkest crimson, at the same time only enough to add to its beauty, with base of petals a rich amber. It is a most beautiful Rose, and attracts universal attention. The buds are long and handsome, having the same erect habit of growth as *Papa Gontier*, from which it is a sport. The Rainbow answers the above description, and has been recognized by the highest award at the recent Fall exhibition of the California State Floral Society. Price, 15 cents each; large two-year-old plants, 40 cents each.

ELLA MAY. This is a sport from that grand old variety "Sunset," which it strongly resembles, only that the color is deeper and richer in Ella May even than it is in that elegant variety. The color is a rich, golden-amber or old gold, elegantly shaded with dark, ruddy crimson, resembling the beautiful tints in a Summer sunset. The flowers and buds are extra large, full, finely formed and deliciously perfumed. It is a strong, vigorous grower and free bloomer, highly recommended both for open ground and house culture. One of the most beautiful Roses we grow. It pleases everybody. Price, 15 cents each; large two-year-old plants, 50 cents each.

CHARLES LEGRADY. *NEW TEA ROSE.* This splendid Rose has proven one of the most satisfactory for general planting. Here in our own grounds a bed of it always makes a grand display all Summer long. Magnificent large buds and flowers of great beauty. Color a fine chamois-red, richly shaded with darkest crimson. This rich, unique coloring is one of its marked characteristics, and stamps it with a distinctive charm. The outer petals are grandly recurved, forming an excellent contrast to the Camellia-like inner petals. For smoothness, richness and finish, this Rose is without a rival. Extra fine. Don't fail to try it. Price, 15 cents each; large two-year-old plants, 40 cents each.

PAPA GONTIER. A grand Red Tea, of fine crimson shade and silken texture (as distinct from velvety texture). The bud is of fine size and graceful form. Extremely free, both in growth and bloom. Very long and beautifully-leaved stems can be cut, the foliage being very dark and heavy. One of the best, and a perfect bedder. If you desire a good Rose, one that will give entire satisfaction, you should procure this one, as it is a plant of great value. Price, 10 cents each; large two-year-old plants, 40 cents each.

TRIUMPH DE PERNET PERE.

NEW HYBRID TEA ROSE, —

TRIUMPH DE PERNET PERE.

Originated and sent out by Jean Pernet, one of the most celebrated Rose growers of France, who has already given us some very beautiful Roses, but considers this the triumph of his life (the name translated would read, "Triumph of Father Pernet"), and besides his endorsement it has received the commendation of the highest European authorities, and as far as we can judge, it is well worthy of them, and promises to be one of the very finest of the Hybrid Tea class. The flowers are extra large, having broad, thick petals, and long, tapering buds, with delicious Tea fragrance. Color a fine, clear, magenta-red, sometimes passing to a bright crimson. Very striking and beautiful, and of such good substance that the flowers retain their beauty for a long time. Very brilliant and beautiful. Price, 15 cents each; large two-year-old plants, 40 cents each.

MADEMOISELLE FRANCISKA KRUGER.

The striking color of this handsome Rose places it at once in the front as a bud producer in the open air. It is closely allied to Catherine Mermet, and resembles it in everything save color. In its shading of deep coppery-yellow it stands unique and distinct from all others. The flower, when open, is of good size and very symmetrical. One of the finest roses to plant in masses and clumps. Price, 10 cents each; large two-year-old plants, 40 cents each.

BEAUTY OF STAPLEFORD.

The flowers are very large and perfect in form, deliciously scented, Tea fragrance. The color is a clear, bright pink, shading to bright rosy-crimson. Makes large and beautiful buds and is a constant and profuse bloomer. Price, 15 cents each; large two-year-old plants, 35 cents each.

NIPHETOS.

This still holds the lead as being the most elegant white Rose. The buds are three inches long. It is positively startling in size and purity and is always scarce. Price, 15 cents each; large two-year-old plants, 40 cents each.

GRACE DARLING.

One of the most elegant Roses ever our pleasure to behold. Strong, vigorous grower. Color a porcelain rose, elegantly shaded with vinous crimson a decided color, but never quite obscuring the ground of beautiful yellow upon which it rests. The colors seem to stand out separate and distinct. Very sweet. A veritable beauty. Price, 15 cents each; large two-year-old plants, 40 cents each.

GEORGE PEABODY.

This ranks as one of the very best rich, velvety, dark-red Hybrid Tea Roses. It is large, full and double, and a most persistent bloomer. It will be a delight to all from early Spring till Fall. Price, 15 cents each; large two-year-old plants, 40 cents each.

SOUTHERN BELLE.

A most beautiful variety and a great favorite. Color a rich cream, edged with light pink on ends of petals. The foliage and habit is all that could be desired, while the Rose is of large size, very full and double, and has a splendid bud. Price, 15 cents each; large two-year-old plants, 40 cents each.

COMTE HENRY RIGNON.

The flowers are very large and spherical in shape. Color a coppery-yellow, center lake red, shaded to gold color and reddish flesh color or salmon. The petals are extraordinarily large, and the buds beautifully large and oval. The plant has taken a prize medal for its extraordinary beauty. A continuous bloomer. Word painting fails to describe the beauties of this most charming variety. Price, 15 cents each; large two-year-old plants, 40 cents each.

J. B. VARRONE.

There is no question about this being a truly splendid Rose. It has the form, color and substance of those very choice and valuable varieties which only come occasionally. Superb elongated buds, and extra large, vase-shaped blooms. Color an intensely scarlet crimson, very rich and bright, beautifully shaded with salmon-yellow or buff-rose at center. Very beautiful and sweet. Price, 15 cents each; large two-year-old plants, 40 cents.

SOUVENIR DE VICTOR HUGO.

A bright China Rose, with coppery-yellow center, ends of petals suffused with carmine. A charmingly beautiful combination of coloring, and each color blends nicely with the other. This variety ranks with the best, and is a Rose of decided merit. The relationship to Duchesse de Brabant assures us of a free bloomer, and in size and length of bud equal to the best of Teas, of decided merit. Price, 10 cents each; large two-year-old plants, 35 cents each.

HENRY M. STANLEY.

This grand new ever-blooming Rose was raised from Madame Lambert and Countess Riza du Parc, and named in honor of the great African explorer, and recommended as a charming variety of unusual beauty and permanent value. The color is a rare shade of amber-rose, delicately tinged with apricot-yellow towards the center. Reverse of petals clear buff-rose. The flowers are of good substance, extra large, finely formed and very full and fragrant. Price, 15 cents each; large two-year-old plants, 40 cents each.

QUEEN OF FRAGRANCE.

This elegant new Rose was raised in this country, and we are the first to offer it. It is a vigorous grower, has beautiful foliage, and the blooms usually come in clusters of from six to ten Roses. They are of the largest size. Color pure white, sometimes edged and tinged with a delicate shell-pink, and the fragrance is simply delicious, scenting up a whole yard. No Rose equals it for its elegant perfume. We recommend this Rose highly. Price, 15 cents each; large two-year-old plants, 35 cents each.

BELLE SIEBRECHT.

A truly superb Rose. Color imperial pink. The flowers, which are sweetly perfumed, are large, beautifully formed, and of that long, tapering shape, with high center, and when half blown the petals reflex in a graceful manner. The buds are from two and a half to three inches long, and when fully open the flowers are from five and a half to six inches in diameter without showing the center. It has proved itself to be hardy out of doors in this country, and a free ever-bloomer. Price, 15 cents each; large two-year-old plants, 40 cents each.

THE GEM, OR THE FAIR UNKNOWN.

This Rose is identical with Marie Van Houtte, except that it is claimed to be twice the size. We have seen enough to know that it will do to talk about and praise. Of a fine, faultless straw-yellow color, with the outer petals washed and outlined with a bright rosy-crimson. Occasionally the whole flower will be suffused with light pink. It grows vigorously, blooms freely and is most deliciously scented. In cool weather it almost changes color, taking on gorgeous crimson tints. A beautiful and superb Rose. Price, 15 cents each; large two-year-old plants, 40 cents each.

x LOVELY WHITE TEA ROSE, x

Madame Hoste.

This unquestionably the Rose par excellence of the set of new Roses sent out in 1889. The size of the bud certainly startles the beholder, being long and pointed, and of a lovely creamy white. Nipheta held first place for long, large buds until Madame Hoste was introduced, when she gracefully yielded the queenly honors to her fair rival. A strong, sturdy grower, with handsome foliage. Both buds and flowers are of extraordinary size and beautifully formed, with large outer petals. The flowers of this beautiful Rose will often come as rich a golden yellow as Marechal Neil. We esteem this Rose very highly. Price, 15 cents each; large two-year-old plants, 50 cents each.

◆◆◆ SUNSET.—Richly Colored.

This exquisite orange yellow variety is one of the finest Tea Roses grown. The flowers are large and double. The exquisite shades of coloring in this variety can only be compared to the gorgeous afterglow of a Summer sunset; hence the name. It is deliciously fragrant; a strong growing and free-flowering variety. Price, 15 cents each; two-year-old plants, 50 cents each.

◆◆◆ LETTY COLES.—A Large, Sweet and Handsome Rose.

With great, large, deep, double, sweet-scented flowers that look more like a Hybrid Perpetual than a Tea Rose. This variety is justly regarded as one of the very finest Roses in cultivation. The flowers are big, full and globular in form, very double, and are produced in wonderful profusion on stiff stems. The color is a soft, rosy pink, deeply shaded with intense crimson; very chaste. The Tea fragrance is exceedingly sweet in this variety. We recommend Letty Coles as one of the very finest Roses in our list. It will give absolute satisfaction. Price, 15 cents each; two-year-old plants, 50 cents each.

◆◆◆ DUCHESS DE BRABANT.—The Peoples' Rose.

In the desire to obtain new varieties of Roses, rosarians and dealers are too often prone to overlook old standard sorts which are unquestionably meritorious. Some sorts are too good to be crowded to the wall by new aspirants for honors, as witness the Gen. Jacqueminot, Marechal Neil, La France, Malmaison, and many others, and to this class belongs the Duchess de Brabant. Roses come and go, but these go on forever.

Duchess de Brabant unites in a pronounced degree the highest attributes of a garden Rose; it is vigorous, never fails to produce flowers, healthy, rarely diseased in any way, large, full blossoms, beautiful in the bud or open flower, a beautiful shade of soft rosy flesh, deepening to warm pink and bright rose, delightfully fragrant. Price, 15 cents each; large two-year-old plants, 40 cents each.

◆◆◆ LUCIOLE.—An Excellent Variety.

A grandly beautiful Rose; the flowers are extra large, somewhat cupped form, but quite full and double; color clear cherry red, with rich golden-yellow center, elegantly shaded, delightfully perfumed. In the open ground this lovely variety makes a strong, quick growth, producing its flowers remarkably early and continuing to bloom profusely throughout the season. Price, 15 cents each; two-year-old plants, 30 cents each.

◆◆◆ MADAME WELCHE.—A Beautiful Rose.

The flowers have great depth and substance, and are of fine globular form, with broad, thick petals, and large, finely-shaped buds. The color is a beautiful shade of soft amber-yellow, deepening towards the center to orange or coppery-yellow, delicately tinged and clouded with a pale, ruddy crimson. Both flowers and buds are remarkably sweet. It is fine for the conservatory, and none better for the open ground. Price, 15 cents each; large two-year-old plants, 40 cents each.

Madame
Hoste.

MADAME DE VATREY.—One of the Brightest Roses.

We consider this splendid variety to be not only one of the brightest, but one of the very best and most satisfactory Roses for general planting, especially outdoors. The people in the South fairly rave over its great beauty. In New Orleans it is a prime favorite. It makes big, clean buds of great beauty and opens well, showing the large, full, double flowers to great advantage. The color is a rich red, changing to silvery-peach—reminds one of the delicate hues seen on the inside of the fairest deep-sea shells—rosy flesh bathed in golden amber, broad, shell-like petals, bright and beautiful; in every way a fine Rose. Price, 20 cents each; large two-year-old plants, 50 cents each.

◆◆◆ DEVONIENSIS.—The Charming Magnolia Rose.

We doubt if there is scarcely any one who does not know of the beauty of this famous old favorite. There is no other variety like it, and none more beautiful or desirable. If there is one variety more than another that we are partial to it is Devonensis. It is fine anywhere. Planted outdoors it gives an abundance of its beautiful flowers all through the season. The color is a lovely creamy white with rosy center; large, very full and double, and deliciously scented. The only Rose having the true Magnolia fragrance. This is the one Rose that should be seen in every garden. Price, 15 cents each; two-year-old plants, 50 cents each.

◆◆◆ RHEINGOLD.—A Wonderful Color.

The coloring is entirely new, and resembles in its yellow the W. A. Richardson. The flowers last well, and the name, Rheingold, conveys but little of the true worth and beauty of this flower. The buds are long and oval, and the color is a Naples yellow, shaded with orange. The petals pass in the center to a deep citron. A beautiful flower of most extraordinary color. Price, 15 cents each; large two-year-old plants, 50 cents each.

Ever-Blooming Roses. CLIMBING VARIETIES.

In the South or on the Pacific Coast, where they stand the Winters, nothing can compare with them for beauty of bud and foliage. They are never to be forgotten when seen in full bloom, loaded with thousands of magnificent flowers. The hardy varieties are marked hardy. . . .

PRICE OF LARGE TWO-YEAR-OLD PLANTS OF CLIMBING ROSES NAMED ON THIS PAGE, 50c EACH, EXCEPT WHERE NOTED.

Climbing Kaiserin Augusta Victoria.—(*Mrs. Robert Peary.*) New, hardy, pure white, excellent. See page 11 for description. Price, strong plants, 30 cents each; large two-year-old plants, 75 cents each.

Climbing Malmaison.—New, flesh color. None better. See page 16 for description. Price, 15 cents each; large two-year-old plants, 50 cents each.

Climbing Meteor.—New, hardy, rich maroon, velvety-crimson. See page 10 for description. Price, 20 cents each; large two-year-old plants, 60 cents each.

Climbing Wootton.—New, rich, bright red, in clusters. See page 10 for description. Price, 20 cents each.

NOTE.—The above four Roses are perhaps the most rampant and vigorous in the whole Rose family. If you want Roses to "get there quick" these are the ones to plant.

Climbing Hermosa.—New, hardy. Deep, clear pink. Price, 15 cents each.

Climbing Marie Guillot.—New, pure snow-white. See page IV for description. Price, 25 cents each; large two-year-old plants, 60 cents each.

Climbing Devonensis.—White, flushed pink. Pure Magnolia fragrance. Price, 15 cents each.

Climbing La France.—New, hardy, satiny-pink in color. See page 14 for description. Price, 15 cents each.

Climbing Pearl of the Gardens.—New. Deep golden-yellow. See page 10 for description. Price, 20 cents each.

Climbing Nipheta.—New. Pure white buds three inches in length. See page 10 for description. Price, 20 cents each.

Climbing White Pet.—New, hardy. Purest snow-white, in immense clusters. See page 10 for description. Price, 15 cents each.

NOTE.—The above eleven Climbing Roses are sports from the varieties for which they were named; the disseminators so named them for the reason that no greater praise could have possibly been bestowed on them than to name them in honor of the parent variety. These Climbers make lovely bush Roses by simply cutting off the running branches at any height your fancy may dictate. Many of our customers prefer them to the parent varieties for bush Roses, even if they do not wish Climbers, as they are of a much more vigorous growth than the varieties they are sports from. Try them.

Bardou Job.—New, hardy. A strong, rampant grower, seeded from Gloire des Rosomanes. Almost single. Very brilliant scarlet in color, and of very striking effect. A lovely Rose. Price, 15 cents each.

Caroline Goodrich, or Climbing General Jacqueminot.—Hardy. This Rose has finely formed, very double flowers, and its fragrance is most delicious. The color is the same as that of General Jacqueminot. Price, 15 cents each.

Celine Forestier.—Deep sulphur-yellow, large, full flowers, perfectly double, fine bloomer and good grower. One of the best of its class. Price, 10 cents each.

Claire Carnot.—Buff or orange-yellow, peach-blossom center, medium size, full and compact flowers, delightful Tea scent. Very pretty and desirable. Price, 10 cents each.

Carmine Pillar.—New, hardy. A lovely carmine-colored Rose. See page 10 for description. Price, 15 cents each.

Crimson Rambler.—New, hardy. Richest crimson. See page 12 for description. Price, 15 cents each.

NOTE.—See page 12 for description and price of Crimson, Pink, White, Yellow and Golden Ramblers.

Cloth of Gold, or Chromatella.—A clear golden-yellow, large, very full and double. Highly fragrant. Much prized in the South for pillars and verandas. Price, 10 cents each.

Empress of China.—New, hardy. Beautiful red, changing to bright pink. Rampant climber. See page 26 for description. Price, 20 cents each.

Firsten Bismarck.—New. As its name would indicate, this is a Rose of the first quality. An improvement on Gloire de Dijon. The color is a blending of amber, carmine and cream, and of delicious fragrance. One of the most exquisite of Roses. Price, 20 cents each.

Fortune's Double Yellow.—(*Beauty of Glazenvwood.*) Hardy. Of bronzed yellow or copper and fawn color. Price, 10c each.

Golden Rambler.—New, hardy. Yellow. See page 12 for description. Price, 15 cents each.

Gloire de Dijon.—Our Southern friends are unbounded in their admiration of this fine Rose, which is seen there in its fullest perfection, being hardy in their section, where it is used as a pillar Rose. It is noted for the great size of its flowers, its delicate Tea scent, and its exquisite shade of color, being a blending of amber, carmine and cream. One of the finest Roses on our list. Price, 20 cents each.

Golden Chain, or Climbing Safrano.—(*Reve d'Or.*) A beautiful pillar Rose, being a strong climber. Color orange-yellow, or deep saffron, good size, full and sweet. Price, 10c each.

Gold of Ophir.—(*Ophire.*) Nasturtium-yellow, suffused with coppery-red. One of the most beautiful of the climbing Roses. Price, 10 cents each.

James Sprout.—Deep velvety-crimson, and very double. Price, 10 cents each.

Lamarque.—Large, full flowers, borne in large clusters, pure white and double. A most beautiful Rose. A rampant climber. Price, 10 cents each.

Mademoiselle Alfred Carriere.—Hardy. Extra large, full flowers, very double and sweet. Color a rich, creamy-white, faintly tinged with pale yellow. Exceedingly beautiful. It is a strong, hardy climber and free bloomer. Price, 10c each.

Mrs. Robert Peary. New, hardy. White. See page 11 for description. Price, 30 cents each; large two-year-old plants, 75 cents each.

Marechal Neil.—A beautiful deep sulphur-yellow. See page 10 for description. Price, first size, 10 cents each; extra strong plants, 50 cents each; grafted plants, one year old, \$1.00; two years old, \$1.50; three years old, \$2.00.

Mary Washington. New, hardy. A lovely white climber. See page 25 for description. Price, 20 cents each; large two-year-old plants, 60 cents each.

Pink Rambler.—New, hardy. Lovely pink. See page 12 for description. Price, 10 cents each.

Reine Marie Henriette, or Red-flowering Gloire de Dijon.—A strong, vigorous grower, flowers large, full, and of fine form. Color a pure cherry-red, and sweet-scented. Succeeds well in the South. We get hundreds of letters from our patrons in the South and California praising this Rose. Price, 10 cents each.

Reine Olga de Wurtemberg.—Color rosy-crimson, suffused with yellow. Price, 10 cents each.

Royal Cluster.—New, hardy. White. See page V for description. Price, 25 cents each.

Solfaterre.—Fine, clear sulphur-yellow, large, full and double. Very sweet. Price, 10 cents each.

Waltham Queen.—New, hardy. Rich, red flowers of magnificent size, a vigorous climber. See page 25 for description. Price, 20 cents each.

White Rambler.—New, hardy. Pure white. See page 12 for description. Price, 10 cents each.

White Marechal Neil.—Identical with the yellow Neil, except color of flowers, which are pure white. See page 26 for description. Price, 30c each; large two-year-old plants, \$1.00 each.

William Allen Richardson.—Orange-yellow, with outer petals lighter, center coppery-yellow. Very rich. Rapidly becoming popular. All Rose growers, where the climbing Teas are hardy, should plant this beautiful Rose, as it is a unique and lovely shade of yellow. Something entirely distinct in climbing Roses. Price, 15 cents each.

Yellow Rambler.—New, hardy. Rich yellow. See page 12 for description. Price, 15 cents each.

Zelia Pradel.—Vigorous climber. Has lovely pure white buds. Flowers are full and sweet. Price, 10 cents each.

We will send strong plants from this list, your selection, for only 8 cents each. Or you may select any eight for 50 cents, or any twenty choice Ever-blooming Roses from this list for only ONE DOLLAR. The Roses on this page are as good plants as you usually pay 10 to 20 cents for.

REMEMBER, that our large two-year-old Roses will cost you 25 cents each from this list; five for \$1.00. These are superb plants. They are the best you have ever seen.

LOOK OVER THE LIST AND SEE IF MANY OF YOUR OLD FAVORITES ARE NOT HERE.

Adam.—Bright flesh salmon-rose, extra large and double.
Agrippina.—Brilliant velvety-crimson.
Alba Rosea.—Beautiful rose-colored center, shaded blush.
Aline Sisley.—Violet-rose, a fruity, pleasant fragrance.
Andre Schwartz.—Beautiful crimson, free-flowering variety.
Anna Ollivier.—Lovely blush, shaded with carmine.
Antoine Verdier.—Rich, dark carmine-pink; very free.
Apolline.—Clear pink, dashed rosy-carmine.
Arch Duke Charles.—Brilliant crimson-scarlet, shaded violet.
Beau Carmine.—Carmine-red, rich, large, pale rose and carmine.
Bella.—Pure snow-white, long, pointed buds, Tea-scented.
Bon Silene.—Deep salmon-rose, illumined with carmine.
Bougere.—Bronzed pink, tinged with lilac. Large and full.
Canary.—Light canary-yellow, beautiful buds and flowers.
Charles Rovolli.—A lovely shade of brilliant carmine.
Cheshunt Hybrid.—Red, shaded with violet. Large and full.
Christine de Nove.—A charming red rose.
Clara Sylvain.—Creamy-white, good, full form and fragrant.
Clement Nabonnand.—Coppery-rose, tinged with crimson.
Comtesse de Barbantin.—Coiior a flesh-white and sweet.
Comtesse Riza du Parc.—Coppery-rose, tinged soft velvet.
Crimson Bedder.—Bright, fiery-red, velvety. Recommended.
Countess Anna Thun.—Citron-yellow, coppery shadings.
Countess Eva Starhemberg.—Yellow and buff, edged rose.
Duchess of Edinburg.—Lovely velvety-crimson.
Duchess de Brabant.—Light rose, amber shading.
Devoniensis.—Creamy-white, Magnolia fragrance.
David Pradie.—Lilac-rose center, rich crimson. Very sweet.
Douglas.—Dark cherry-red, rich and velvety, large and full.
Dr. Grill.—Coppery-yellow, with fawn reflex.
Duchess de Thuringe.—Beautiful silver-rose, finely cupped.
Ernest Metz.—Rosy-carmine, deeper in center.
Empress Marie of Russia.—Canary-yellow and white.
Emperor of Russia.—Bright scarlet, dashed with crimson.
Enfant de Lyon.—An elegant mingling of pink and yellow.
General Tartas.—Deep mottled rose, sometimes tinged buff.
Gloire des Rosomanes.—Brilliant crimson, with red berries.
Homer.—Soft, clear rose, with a salmon shade; splendid.
Jules Finger.—Bright rosy-scarlet and intense crimson.
La Chamoise.—Nasturtium-yellow. Very beautiful buds.
La Princess Vera.—Pale flesh, changing to salmon.
La Sylphide.—Blush, with fawn center, very large and double.
La Tulipe.—Creamy-white, tinted with carmine, full and fragrant.
Louisa de la Rive.—A flesh-white, inclining to rose center.
Louis Philippe.—A rich, dark, velvety-crimson, free and beautiful.
Louis Richard.—A coppery-rose, beautifully tinted with lilac.
Lucullus.—Beautiful, dark crimson-maroon, full and fragrant.
Miss Edith Gifford.—Flesh-white, light pink center.

Madame Falcot.—Color apricot-yellow. Very beautiful.
Madame Cusin.—Rosy-carmine, center almost white.
Madame Scipion Cochet.—Primrose-yellow, rose shading.
Madame Martha du Bourg.—Creamy-white, touched carmine.
Madame Bosanquet.—Flesh, shaded deep rose, large size, sweet.
Madame Bravy.—Creamy-white, large, full, very symmetrical.
Madame Brest.—Rosy red, shaded to crimson, large flowers.
Madame Camille.—Delicate rosy-flesh, changing to salmon-rose.
Madame Caroline Kuster.—Bright lemon-yellow, very large.
Madame de St. Joseph.—Carmine, changing to salmon or fawn.
Madame de Vatrey.—Red, shaded with salmon. Good form.
Madame Jean Sisley.—A pure white. An elegant Rose.
Madame Joseph Schwartz.—White, flushed pink, cupped.
Madame Jure.—Lilac-rose, good size and substance, fragrant.
Madame Lambard.—Rosy-bronze, changing to crimson. Extra.
Madame Margottin.—A citron-yellow, with coppery center.
Madame Pauline Labonte.—Salmon-rose, large, full and sweet.
Madame Schwaller.—Deep pink, blooms in clusters.
Marcelin Roda.—Pale lemon-yellow, lovely buds and flowers.
Marchal Robert.—Pure white, tinged and shaded rosy-blush.
Marguerite de Fenelon.—Canary-yellow, shaded ruby-red.
Marie Duchere.—Rich, transparent salmon, with fawn center.
Marie Sisley.—Pale yellow, margined bright rose.
Marie Van Houtte.—A lovely pale yellow, suffused with pink.
Monsieur Furtado.—Yellow, well formed, very full and fragrant.
Monthly Cabbage.—Rosy-red, globular shape and fragrant.
Pink Daily.—Light pink flowers, produced in clusters.
Purple China.—Rich, purplish-crimson, velvety.
Queen of Bourbons.—Clear carmine, changing to clear rose.
Queen's Scarlet.—Dazzling crimson-scarlet, with beautiful buds.
Regulus.—Brilliant carmine, with purple and rose shadings.
Rosa Nabonnand.—Imbricated, delicate rose, vivid center.
Rubens.—White, shaded with rose, yellowish center.
Safrano.—A bright, apricot-yellow, changing to orange and fawn.
Sanguinea.—A rich, dark, velvety-crimson. Single.
Sombreuil.—Beautiful white, tinged with delicate rose.
Souvenir d'Eilse Vardon.—Creamy-white, shaded with pink.
Souvenir de David.—An excellent dark crimson variety.
Souvenir d'un Aml.—Fine, delicate rose, shaded with salmon.
Therese Geneva.—Peach-blossom, shaded crimson.
Triomphe de Luxembourg.—Rosy carmine, on a buff ground.
Viridiflora.—The flowers of this variety are pure green.
Virginia.—Light yellow, tinged with saffron.
Valle de Chamounix.—Glowing copper and rose. Lovely.
White Daily.—Pure white, beautiful, long, pointed buds.
White Bon Silene.—Pure white, very fragrant.
Yellow Tea.—Pale lemon-yellow, beautiful, large, pointed buds.

HARDY HYBRID PERPETUAL ROSES OF SPECIAL MERIT.

Hybrid Perpetuals are considered the most valuable of all hardy plants. They are distinguished by their vigorous, upright growth and large, bold flowers, frequently measuring five to six inches in diameter. They thrive and succeed in all localities and are entirely hardy in any part of the country, and will live through severe Winters with a light protection of leaves or coarse manure. Some varieties do not bloom until the second year, but when fully established they all bloom freely at the usual time, early in the season, and continue to bloom during the Summer and Autumn months. Hybrid Perpetuals will bear a considerable amount of hardship and neglect, but improve greatly with good cultivation and rich soil. They should invariably be planted in open ground, as they are not suitable for house culture.

New Hardy Rose, MARGARET DICKSON.

(Awarded the gold medal and six first class certificates in England.) This magnificent new white Hybrid Perpetual Rose was raised and sent out by Messrs. Alexander Dickson & Sons, of Belfast, Ireland. It is unquestionably the greatest acquisition made in Roses for the past ten years. Some idea of its beauty and worth can be formed from the fact that wherever it has been exhibited in Great Britain it has carried off the first honors, receiving in one year the gold medal of the National Rose Society of New England and six first-class certificates. No other Rose has ever received so many certificates of merit in a single year, and while it has never been tested in America, we have no hesitation in saying it is the best white Hybrid Perpetual for planting in the garden. The color is white, with pale flesh center, petals very large, shell-shaped, and of immense substance. The flowers are of magnificent form, produced singly on long, stiff stems and very double, and have the true Magnolia fragrance. The habit of growth is vigorous, with large, luxuriant foliage. Price, 20 cents each; large two-year-old plants, 50 cents each.

New Hardy Rose, MRS. JOHN LAING.

An elegant, new, constant-blooming, Hybrid Perpetual Rose. One of the very finest in its class. Color a clear, bright shell-pink, exquisitely shaded. The buds are long and pointed, the flowers extra large and full, borne on long stems, and exceedingly sweet. Valuable, both for open ground and greenhouse culture. A most exquisite Rose. Price, 15 cents each; large two-year-old plants, 40 cents each.

Hardy Rose, EMPRESS OF INDIA.

One of the best garden Roses ever introduced. An imperial Rose in every way. It is one of the very darkest of all Roses. The flowers are large, full and fragrant, and of the most intense dark, rich, velvety crimson imaginable. They are so dark, in fact, that at a little distance they look almost black. Very rare and handsome, and always greatly admired. Price, 15 cents each; large two-year-old plants, 40 cents each.

New Hardy Rose, GLOIRE DE MARGOTTIN.

This grand new Hybrid Perpetual Rose originated in Europe, and is believed to be one of the very finest varieties of recent years. The flowers are very large and of symmetrical form, somewhat globular, very full and deliciously scented. The color is a clear, dazzling red. Certainly one of the most brilliant Roses ever seen. It is a free bloomer and vigorous grower, and is recommended for great beauty and wonderful color. Price, 15 cents each; large two-year-old plants, 40 cents each.

LARGE TWO-YEAR-OLD PLANTS.—We have a good stock of Hybrid Roses of the large two-year-old size. These are Roses which nurserymen charge from one dollar to one dollar and a half apiece for. We have put the prices low, and are sure they will give more satisfaction for the amount expended on them than anything you can buy in the plant line, as they will give immediate effect. We have many letters telling us of the excellence of our large-sized Roses, and our stock is now in excellent condition, and is sure to please.

New Hardy Variegated Rose, ROGER LAMBELIN.

One of the most remarkable Roses yet offered. The petals are irregular on the edges like a double Petunia; the color is glowing crimson throughout, except the edges of the petals, which are all distinctly marked with a white band, forming a sharp contrast and the most unique combination of colors known in Roses. The growth is free and vigorous, and the fragrance is delightful, equal to the finest of the hardy Roses. This is a "novelty" of the most striking order. (See cut.) Price, 25 cents each; large two-year-old plants, 60 cents each.

Roger
Lambelin.

NEW HARDY ROSE,

Gloire De Lyonaise.

This grand Rose is the only yellow Hybrid Perpetual we have. It cannot be called deep yellow, but rather a pale shade of chamois or salmon-yellow, deepest at center, sometimes passing to a rich, creamy-white, finely tinted orange and fawn. The flowers have all the beauty of Tea Roses, are large, full and delightfully sweet. This we consider one of the very best Roses we have ever seen. It will be sure to delight you. Price, 15 cents each; large two-year-old plants, 50 cents each.

Hardy Ever-Blooming Rose, MADAME MASSON.

An excellent Hybrid Perpetual, noted for its constant and profuse bloom. The flowers are large, color a clear, bright rose, highly perfumed. One of the best for planting. This Rose is a very superb variety, and should be more generally known. You should try it. Price, 15 cents each; large two-year-old plants, 40 cents each.

Hardy Rose, PAUL NEYRON.

Deep, shining rose, very fresh and pretty. Flowers very large, often measuring five inches in diameter. Without doubt the largest flower of all Roses, and it has this merit—though very large, the buds always develop fine, perfect Roses. It is, moreover, a good, strong grower, with nice, almost thornless stems, which often attain six to seven feet in a single season. We know of no Rose possessing so many good points to recommend itself as the Paul Neyron. Grown by thousands in the eastern cities for its good, free-blooming qualities. Price, 15 cents each; large two-year-old plants, 50 cents each.

New Hardy Rose,

GUSTAVE PIGANEAU.

Flowers are extra large, equaling Paul Neyron in size, double, and of cup form. Color a beautiful shade of bright red and brilliant carmine. It received four medals and was illustrated in the *Journal des Roses*. This is the finest Hybrid of recent introduction. The bud is very large and full. We believe this to be the very best crimson Hybrid Rose grown. Try it. Price, 15 cents each; large two-year-old plants, 40 cents each.

New Hardy Rose,

CHARLES DICKENS.

This we regard as a most wonderful Rose. It is vigorous in growth, the leafage is large and fine, and the flower startles all who see it by its great size and loveliness. The color is a rich, glossy carmine, tinged with bright crimson, large, globular flowers, full and sweet. Price, 15 cents each; large two-year-old plants, 40 cents each.

New Hardy Rose,

ALBANE D'ARNEVILLE.

A splendid, new, pure white Hybrid Perpetual, commences to bloom almost as soon as planted, and blooms all through the Summer until late in the Fall. The Flowers are pure white, sometimes very faintly tinged with pink, very large, very double and full, and delicately perfumed. Extra fine. Price, 15 cents each; large two-year-old plants, 50 cents each.

Hardy Rose,

MADAME GABRIEL LUIZET.

This is undoubtedly one of the most beautiful of all Roses. It is elegantly formed, very full and double, and the color is a very distinct and handsome shade of clear coral rose, beautifully suffused with lavender and pearl. Delightfully fragrant, a good bloomer, and entirely hardy. Price, 15 cents each; large two-year-old plants, 40 cents each.

Hardy Rose,

BARONESS ROTHSCHILD.

This superb variety is one of the most beautiful of all Roses. The flowers are of immense size, perfect form and exquisite color, a rich and lovely shade of pale pink, delightfully perfumed. An ideal Rose in every way. Being very difficult to propagate, it is always scarce and high priced. Price, 35 cents each; large two-year-old plants, 75 cents each.

Hardy Rose, MARCHIONESS OF LORNE.

This fine new English Hybrid Perpetual was introduced by Messrs. William Paul & Son, of London, who say: "This beautiful Rose, dedicated by special permission to her Royal Highness, the Princess Louise, Marchioness of Lorne, produces flowers of an exceedingly rich, fulgent rose color, slightly shaded in the center with vivid carmine. They are large, very sweet, full and finely cupped shape. Petals large and buds long and handsome. It is especially remarkable for its truly perpetual habit, every shoot being crowned with a flower bud." Price, 20 cents each; large two-year-old plants, 50 cents each.

New Hardy Rose, OSCAR II, KING OF SWEDEN.

This is by far the richest Rose yet introduced. It is so intense in color that the exclamation on seeing it is, "Oh! that lovely black Rose!" It is very velvety in texture. A most superb Rose, and one that will always be found in the standard list of Roses, as it has come to stay. You should try it. Price, 20 cents each; large two-year-old plants, 50 cents each.

Hardy Perpetual-Blooming Rose, MADAME CHAS. WOOD.

A true perpetual bloomer. Begins to bloom almost as soon as planted, and continues throughout the season. The flowers are extra large, very double and full, and quite fragrant. Color a bright, fiery scarlet, passing to fine rosy-crimson, elegantly shaded with maroon. Very showy and handsome, and one of the best Roses ever introduced for general planting. Price, 15 cents each; large two-year-old plants, 50 cents each.

NEW HARDY ROSE, CLIO.

NEW HARDY ROSE,

CLIO.

Two first-class certificates; award of merit Royal Horticultural Society. This variety is of very vigorous growth, and has large, handsome foliage. The flowers are flesh color, shaded in the center with rosy-pink; they are very large, of fine globular form, and freely produced. A grand addition in the style of Baroness, and unquestionably the finest of all Roses for flowering in pots and for forcing. Price, 25 cents each; large two-year-old plants, 60 cents each.

NEW HARDY ROSE,

Anna de Diesbach,

(*Glory of Paris.*) An offspring of the famous old favorite, *La Reine*, and also the seed parent of that glorious variety, *Paul Neyron*, which facts should be effective evidence of its good qualities. The color is the most lovely brilliant carmine; long, pointed buds and large, finely-formed, compact flowers, very full and double and delightfully sweet. A vigorous grower and a fine bloomer; one of the really good Roses. Price, 15 cents each.

NEW HARDY ROSE,

COUNTESS OF ROSEBERRY.

We have in this charming variety probably the most beautiful Rose grown. No other Hybrid can approach it in its exquisite coloring. Indeed, no one would take it for a Hybrid, as it is as delicate and beautiful in its tints as the most gorgeous of the Teas. The color is satin-pink in the center, and deepens to the outer petals to a bright rose. The feathery shading gives it the appearance of two distinct colors. It has completely captivated us. Very free flowering, and a good grower. Be sure and try it. Price, 15 cents each; large two-year-old plants, 40 cents each.

New Hardy Rose, **CAPTAIN CHRISTY.**

The flowers are of magnificent form, very double, and stand erect in their martial bearing. The color is a fresh, delicate pink, with deeper shading in the center of the flower, the whole flower possessing a bright, satiny appearance. A desirable variety. Certainly the most beautiful Rose of this color we grow. It is a free bloomer. Price, 15 cts. each; large two-year-old plants, 40 cts. each.

New Hardy Rose, VICK'S CAPRICE,

This is the only hardy Rose that has any variegation. It is a vigorous grower, and bears large and fragrant flowers of bright rose, distinctly striped a rich crimson. It is altogether a most unique and pretty variety. A rose that is sure to attract attention. We always have a large sale for this Rose. Price, 20 cents each; large two-year-old plants, 50 cents each.

Vick's Caprice is growing in favor very fast, as its true worth is being found out. A Rose we can heartily recommend.

Hardy Rose, WHITE PAEONY.

This Rose was sent us by one of our customers. She did not know the name of it, but called it the White Peony, from its resemblance to that beautiful flower. We have never seen anything in the Rose line like it. The flowers are satiny-white, with a delicate shell-pink tinge. It makes large, spherical balls, and when seen in bloom is not soon forgotten. Very beautiful and entirely hardy. Price, 15 cents each; large two-year-old plants, 50 cents each.

New Hardy Rose, EARL OF DUFFERIN.

Fine velvety crimson, beautifully shaded with dark, rich maroon, very large, full and finely formed. Fragrant and free bloomer. Price, 15 cents each; large two-year-old plants, 40 cents each.

Hardy Rose, MABEL MORRISON.

Petals thick and very soft, smooth texture, shell-shaped, very double and rounded in form, of the purest white. One bloom, with its attendant foliage, is a bouquet of beauty in itself. Price, 35 cents each; large two-year-old plants, 75 cents each.

New Hardy Rose, MADAME JOSEPH DESBOIS.

A most vigorous grower and persistent bloomer. The flowers are very large and double, on long, stiff stems, of fine, waxy texture and substance, and last a long time in a fresh state after being cut. The color is a pure snow-white. This we recommend as being a very desirable sort. We had buds on this Rose four inches through. A veritable beauty. This, no doubt, is the very best white hardy Rose in existence. It is difficult to propagate, and for this reason will always be scarce and high priced, but it grows well after once being rooted. Price, 20 cents each; large two-year-old plants, 60 cents each.

VICK'S CAPRICE.

DINSMORE.**NEW HARDY EVER-BLOOMING ROSE.**

We quote the introducer's description: "For years we have been looking for a variety which had all the desirable qualities of a bedding Rose—that is, one which was of good color, fine form, a profuse bloomer, and which would stand the rigors of our Northern Winters without protection, and we can conscientiously say that until the Dinsmore was produced there was none, to our knowledge, which combined all these qualities. It is a vigorous, healthy Rose, of dwarf, branching habit, and is simply loaded with flowers all Summer long, being more profuse than most of the tender 'ever-blooming' Roses. The flowers are large, perfectly double, and of a dazzling scarlet-crimson color, and have the rich, spicy fragrance peculiar to the best Hybrid Roses. We have proved the Dinsmore to be entirely hardy. It blooms incessantly, and is one of the most beautiful of bedding Roses." Price, 15 cents each; large two-year-old plants, 40 cents each.

MARSHAL**P. WILDER.**

NEW HARDY ROSE. This fine Rose originated in this country, and was named in honor of the venerated President of the Pomological Society. It is a Rose of unusual excellence. Flowers are large, semi-globular, full, and of good substance. Color a bright, scarlet-crimson, richly shaded with maroon, very fragrant, and a free bloomer. Price, 15 cents each; large two-year-old plants, 40 cents each.

MARCHIONESS OF**LONDONDERRY.**

This is a magnificent Rose, and undoubtedly one of the finest yet raised. It is certain to take a very high place in the Rose world. The flowers are of great size, perfectly formed, and carried on very stout, erect foot-stalks. Color ivory-white, petals of great substance, shell-shaped and reflexed, highly perfumed and free-flowering. A most valuable addition to the white color section. The growth is vigorous, and foliage very fine, we may say mildew-proof. First prize as best seedling Rose. Also the Premier prize, and gold medal of the National Rose Society at Crystal Palace, London. Price, 20 cents each; large two-year-old plants, 50 cents each.

GLOIRE DE L'EXPOSITION**NEW HARDY ROSE.** The **LARGEST.**

BRUXELLES. **SWEETEST and BEST of all Hardy Roses.** This is, perhaps, the grandest and most beautiful Rose now known. It is a genuine hardy ever-blooming Rose. For immensity of size, rich color, exquisite form and delicious fragrance it stands without an equal. It is a quick and bushy grower and continuous bloomer, makes magnificent buds and large, deep, double flowers, and is valuable, both for house and garden culture. The color is a rich, velvety crimson. No other Rose approaches it in its rich coloring. Its fragrance is wonderfully sweet, not surpassed by any Rose we know. The true stock of Bruxelles Rose is both scarce and valuable. We guarantee all the plants we send out to be true to name, so that all those who have never seen this superb Rose can order with a certainty that they will receive fine young plants, stocky, strong and sturdy, absolutely true to name, both one and two-year-old plants. Price, 20 cents each; strong, two-year-old plants, 50 cents each.

NEW HARDY ROSE.**GRAND DUKE NICHOLAS.** This is a magnificent Rose.

Grand size, very full form, perfectly double, exceedingly fragrant. Color a dazzling crimson, brightly flamed with intense scarlet. Price, 15 cents each; large two-year-old plants, 40 cents each.

NEW HARDY ROSE.

ROI D'ESPANGE. (**KING OF SPAIN.**) This beautiful Rose is probably one of the best in the list. It is a free and continuous bloomer, large globular flowers, very full and fragrant. Color an intense scarlet, passing to bright, velvety-crimson. Price, 15 cents each; large two-year-old plants, 40 cents each.

DINSMORE.

NEW HARDY ROSE.**HER MAJESTY.**

Her Majesty originated in England, and was named in honor of the queen. It is the largest and most beautiful Hybrid Perpetual Rose ever grown. Blooms are of immense size, remarkably beautiful form, perfectly double. Color a lovely shade of rosy-pink, passing to clear flesh, elegantly tinged and shaded with amaranth and silver-rose. Delightfully fragrant. Its immense size, perfect symmetry and exquisite coloring combine to make it the Rose of Roses. The plant is a strong, upright grower, entirely hardy. Price, 20 cents each; large two-year-old plants, 60 cents each.

NEW HARDY ROSE.**WHITE BARONESS**

Petals are broad and shell-shaped, each with narrow, recurved edge. The white of this Rose is not the sheeny-white found in the Tea Roses, but the soft texture seems to absorb the light instead of reflecting it. Its fine habit makes it a beautiful object in a grass plat. A royal flower. Price, 35 cents each; large two-year-old plants, 75 cents each.

HARDY ROSE.**MERVILLE DE LYON.**

A splendid new Hybrid Perpetual of the highest type of beauty. The flowers are extra large, fine, and cupped form, full and regular, and deliciously perfumed. Color a pure untinted ivory-white. Very beautiful. Price, 35 cents each; large two-year-old plants, 75 cents each.

NEW HARDY ROSE.**MRS. SHARMAN CRAWFORD.**

Deep, rosy-pink, outer petals pale flesh, base of petals white. Received gold medal of the National Rose Society. Flower large and of perfect form. A new color in this section, and one of the most promising of the new Roses. Price, 15 cents each; large two-year-old plants, 50 cents each.

GENERAL COLLECTION OF HARDY ROSES

Price, 10 cents each, except where noted; or we will send thirteen kinds from this list, your selection, for \$1.00. Large two-year-old plants, 40 cents each.

Abel Carriere.—This grand Rose still ranks as one of the best. Flowers are extra large, very double, full and sweet. Color a dark, rich crimson, passing to velvety maroon. Very dark and handsome.

Alfred Colomb.—A bright carmine-crimson, very large, full and of fine globular form.

Anna Alexiss.—A very fine Rose. Large size, very double, full and regular. Color a clear, rosy-pink, changing to brilliant carmine, elegantly shaded and beautiful.

GENERAL COLLECTION OF HARDY ROSES—Continued.

Ball of Snow.—(*Boule de Neige.*) A finely formed, pure white Rose, occasionally shows light flesh when first opening. Beautiful shell-shaped petals, evenly arranged, flowers of good size. **Price, 15 cents each.**

Coquette des Alps.—A lovely pure white Rose. Very full and free in flower. Delicious fragrance.

Coquette des Blanches.—One of the finest white Hybrid Perpetuals. Flowers large, pure snow-white, very double, full, and fragrant. A constant bloomer. One of the best.

Doctor Hogg.—Deep violet-crimson, richly shaded with maroon, shell-shaped petals, full, compact form, very double and desirable.

Earl of Beaconsfield.—A magnificent Rose. Large, very full and fragrant, deep, rosy-crimson, brightening with intense rosy-scarlet.

Earl of Pembroke.—Soft, velvety-crimson, petals margined with cardinal-red, large, regular flowers, full and fragrant.

Fisher Holmes.—Dark, rich scarlet, elegantly shaded with deep velvety-crimson, beautiful, extra large, full flowers, fragrant.

François Levet.—A very beautiful rose. Soft, china-pink, delicately shaded carmine and blush, large, finely-formed flowers. Delightfully fragrant.

General Washington.—This magnificent Rose is one of the best for general planting. Color a brilliant, shining crimson, very rich and beautiful, flowers are large and perfectly double. A free and regular bloomer.

Giant of Battles.—This is still esteemed as the very best rich red Rose, very large, double, full and sweet. Excellent.

Hardy Rose, General Jacqueminot.—A rich, velvety-crimson, changing to scarlet-crimson. A magnificent Rose, equally beautiful in the bud state or open. This is the best known of all Hybrid Perpetuals, and is without a rival in fragrance and richness of color. It is, moreover, as easy of cultivation as many of the more common varieties, and perfectly hardy.

Price, 15 cents each.

John Hopper.—One of the most reliable and satisfactory Hybrid Perpetuals ever grown. Flowers are large, very regular and full. Color a brilliant rose, changing to a bright, glowing pink, shaded with rich scarlet. Very sweet and a profuse bloomer.

JEANNE LIABAUD.

Jeanne Liabaud.—Fiery crimson, shaded with black, very dark flower, large, full, and very beautifully formed. **Price, 15 cents each.**

Jules Margottin.—A bright, clear, cherry-red, large and very double. A general favorite. One of the best Roses.

La Reine.—A beautiful, clear, bright rose, fine, full form, very fragrant. It is well named "The Queen."

Lady Emily Preb.—Very sweet, color white, sometimes tinged and shaded with blush.

Louis Van Houtte.—A rich crimson, heavily shaded with maroon, beautifully formed, double flowers.

Leopold Premier.—A dark, rich crimson. A fine, large Rose. Very full and sweet, free bloomer, very beautiful and valuable.

Madame Gustave Bonnett.—Pure white, sometimes slightly tinged with rose, very double and full, sweet-scented and a free bloomer.

Madame Alfred de Rougemont.—A strong, vigorous grower, begins to bloom at once, and continues until stopped by severe freezing. Pure snow-white flowers, finely tinted and clouded with pale rosy blush. Large, full and double, and borne in large clusters. Fragrant and good.

Mademoiselle Marie Rady.—A clear, bright red, finely penciled with rich maroon, very large, full flowers, fragrant and beautiful.

GENERAL COLLECTION OF HARDY ROSES—Continued.

Madame Plantier.—The iron-clad white cemetery Rose. This is the old standby, and is unequalled where a hardy white Rose is needed. It bears thousands of beautiful snowy-white, fragrant Roses. It is as hardy as an oak.

Marie Baumann.—A bright carmine. Flower very large and of exquisite form, free bloomer. In every way one of the finest Roses grown.

Magna Charta.—A bright, clear pink, flushed with crimson, very sweet, flowers extra large, with fine form and very double.

Monsieur E. Y. Teas. A very beautiful and satisfactory Rose. Color a rich, glowing crimson, very bright and striking. Large, round flowers, of perfect form, very full and sweet. Highly recommended.

Olga Marx.—Pure white, delicately shaded with amber and blush, large, full flowers, very double and sweet, a free bloomer, and very handsome and desirable.

President Lincoln.—A bright red Rose of the richest hues, large, full and fragrant. Excellent.

Pierre Notting.—A most beautiful dark Rose. The color is a deep, rich crimson, shading to velvety-maroon, very large, fine globular form, and highly scented.

Prinée Albert.—A rich, brilliant crimson, very bright and striking, large, double and finely cupped flowers. One of the best Roses in our collection. In color a rich, dark crimson. Very hardy.

PERFECTION DES BLANCHES.

Perfection des Blanches.—A fine-formed, pure white Rose. Occasionally shows light flesh when first opening. Beautiful shell-shaped petals, evenly arranged. Flowers of good size, perfect, and of fine form and finish. One of the finest, freest and most beautiful of the white Hybrids. Almost as free a bloomer as the Teas. Very suitable for cemetery planting and for hedges, as it makes a beautiful bush. **Price, 15 cents each.**

Red Dragon.—Fine, bold flower, showy and striking. Color a very brilliant crimson.

Rev. J. B. M. Camm.—Flowers of large size, fine, globular form, full and double, bright, rosy-pink, very fragrant. One of the best.

Rosy Morn.—A lovely name and a magnificent Rose. Extra large size, very double, full and deliciously sweet. Color an exquisite salmon-rose, shaded with delicate peachy-red, sometimes pale blush, suffused with soft, rosy-crimson. Extra fine plant.

Triomphe des Beaux Arts.—A metallic-rose, flamed with scarlet, large, very fragrant and full. Splendid.

Thomas Mills.—Extra large, fine, cup-shaped flowers. Color a bright, rosy-carmine, sometimes with fine, white stripes. Fragrant and good.

Victor Verdier.—A rich, cherry-rose, shaded with carmine. Very attractive color. Flowers large and beautifully formed, very full. A beautiful Rose.

Vulcan.—A dark, rich, velvety-crimson, changing to black. Large, fragrant flowers, very double and fine.

Xavier Olibo.—Flowers large and double, of excellent form. Color a velvety-black, and shaded with fiery-red. A superb Rose.

THE FIVE NEAREST BLACK HARDY ROSES.

THE SET OF FIVE FOR 75 CENTS. NO FURTHER DISCOUNT ON THIS OFFER.

If you wish the nearest black Hardy Hybrid Perpetual Roses, you should order the varieties named below. They are the darkest of any, and exceedingly beautiful.

Black Prince.—A superb Hybrid Perpetual Rose, very dark, blackish red, richly shaded with violet-crimson, extra large, full flowers, delightfully perfumed, good, bushy habit, a hardy and vigorous grower and free bloomer. One of the very best dark Roses. Price, 20 cents each; large two-year-old plants, 50 cents each.

Souvenir de Duchêne.—A superb Rose. Extra large, compact flowers, very full, double and sweet. Of a beautiful, brilliant scarlet, deepening to dark, glowing crimson. Very rich and handsome. Price, 20 cents each; large two-year-old plants, 50 cents each.

Baron de Bonstetten.—Splendid, large flowers, very double and

ful. Color a rich, dark red, passing to deep, velvety-marrow, highly scented and very beautiful. Price, 20 cents each; large two-year-old plants, 50 cents each.

Antoine Quignon.—Extra large flowers, very ful, compact and regular form. Color a rich, violet crimson, elegantly tinged and shaded with maroon-red, a free bloomer and very sweet.

Price, 20 cents each; large two-year-old plants, 50 cents each.

Prince Camille de Rohan.—Very dark, rich, velvety-crimson passing to intense maroon, shaded black, large, full flowers, looking at a little distance as if really black. One of the darkest Roses. Very handsome. Price, 20 cents each; large two-year-old plants, 50 cents each.

New Japanese Trailing or Memorial Roses.

Price, 10 cents each; the five Memorial Roses, both Double and Single, for 40 cents.

Large two-year-old plants, 40 cents each.

These valuable Hybrids of the well-known Wichuriana Rose are first offered for sale this year and are novelties of sterling merit. Those who are familiar with the good qualities of the single white Rose Wichuriana will be glad to obtain these beautiful Hybrids of the Wichuriana Rose, which are of great value in ornamental gardening on account of its beautiful foliage. These new varieties will make this class of Roses still more valuable, as three of them are double—the flowers of one being white, another rose color, another shell-pink—while the single variety is a bright pink—the whole forming the most remarkable group of Roses. The flowers are produced in the greatest profusion, and as the plants are extremely vigorous, a plant two or three years old will produce thousands of the most exquisite flowers, deliciously fragrant, and lasting a long time in perfection.

While the growth is creeping, and indispensable for covering the ground in ornamental gardening, the plants are also adapted for training on trunks of trees, pillars, posts, trellises, or any other purpose for which a climbing Rose is desirable. The double varieties, on account of the freedom with which they

bloom, will be valuable for cut flowers, and will also prove of exceptional value for pot plants for Spring sale. It is thought that they will be as valuable for this purpose as the celebrated Crimson Rambler. We shall be very much disappointed if these new Hybrids do not obtain a commanding position among Roses.

Manda's Triumph.—Produces large clusters of well-formed double flowers of pure white, two inches in diameter.

Universal Favorite.—Double flowers of a beautiful rose color, over two inches in diameter.

South Orange Perfection.—Produces multitudes of the most perfectly formed double flowers about one and a half inches in diameter, soft blush pink at the tips, changing into white and lasting a long time in perfection.

Pink Roamer.—Single variety; flowers nearly two inches in diameter; bright, rich pink, with almost white center and orange-red stamens.

ROSA WICHURIANA.

The Single White Memorial, or Japan Trailing Rose.

"A trailing species of very rapid growth, creeping on the ground almost as closely as the Ivy. For covering the ground among shrubbery and rocks it has no equal and is of great value in ornamental gardening on account of its beautiful foliage, which is bright green, shining as if varnished, and of an almost evergreen character—remaining green until nearly mid-Winter—making it attractive at all seasons of the year. It is especially beautiful when covered with its long, showy clusters of white blossoms, which are produced in the greatest profusion during the entire month of July, and more sparingly throughout the season. The flowers are single, pure white, fully two inches across, with yellow stamens, and have a delicate perfume. This must become one of the most popular plants for parks and private places. Price, 10 cents each; large two-year-old plants, 40 cents each.

MRS. LOVETT ROSE.

A Double, Bright Pink, Sweet-Scented form of Rosa Wichuriana.

[What Mr. Lovett, the introducer of this wonderful Rose, says about it.]

There is nothing in the way of Roses which has appeared within the past fifty years at least that has proved such an innovation or proved so valuable as the Japanese trailing Rose, Wichuriana; or what is now widely known as "The Memorial Rose." Its trailing habit, the beauty of its massive, bright, glossy foliage, vigorous growth, great hardness and the wonderful freedom with which its sweet-scented blossoms are produced, unite in rendering it of value difficult to over-estimate. In very truth, its many merits leave little to be desired in a trailing Rose, beyond the fact that the Roses themselves, borne by it, although produced in such multitudes as to literally envelop the plant, are small in size and white in color; resembling to a degree the blossom of the Blackberry. Hybridizers set about at once, upon the appearance of this remarkable Rose, to obtain improved varieties; those with larger and better flowers. Thousands of seedlings have been produced during the past ten years, many of which are indeed acquisitions; notably those of Mr. W. A. Manda. All that have come to our notice, however, lack brightness in color or are deficient in size, form or fragrance of their flowers.

The Mrs. Lovett Rose was produced upon our own grounds and is one of many seedlings of Wichuriana grown by us. Like many of our best flowers and fruits, it is a natural hybrid; the parent plant being situated contiguous to a number of our best hardy Roses. In every respect it is a true Wichuriana, save the flowers—in habit of growth and foliage, hardness and abundance of bloom it is identical with its parent; but its Roses are very double, two to two and a half inches in diameter and are of the liveliest and most cheerful bright, rosy-pink imaginable. Best of all, it is as fragrant as the American Beauty; although its fragrance is distinct from that of any other Rose. We confess our inability to command language that will at all convey a correct idea of its beauty or value. We fully believe that no pen or artist's brush can do it justice—it must be seen to be appreciated. Price, 15 cents each; two for 25 cents. Large two-year-old plants, 50 cents each.

Our Beautiful Moss Roses.

MOSS ROSES stand alone in picturesque beauty, different and distinct from all others. Their opening buds, half covered with delicate clinging moss of fairy-like texture, are the admiration of every beholder. The Moss Rose is a strong, vigorous grower, perfectly hardy, and therefore justly esteemed as very desirable for outdoor culture in the open ground. Most varieties bloom but once in a season, and usually not the first year, but the flowers and buds are very handsome. They remain in bloom a long time, and are highly prized wherever beautiful Roses are known. Moss Roses like rich ground, and are much improved in beauty and fragrance by liberal manuring and good cultivation. But they bear hardships and neglect well, and always bloom profusely. Being difficult and slow of propagation, the price is higher than for other Roses.

* Price of Moss Roses, 25 cents each, except where noted. We will send five of these Roses, our selection, for \$1.00. Large, strong plants, two to three feet, 50 cents each, except where noted.

Memory of Mosses.—This, when it has become well established, is one of the most beautiful Roses imaginable. The open flowers are very bright and of most delicious fragrance. Color a rich, glossy pink, tinged crimson, large and globular. The buds are almost hid with beautiful green moss. A superb sort, and easily grown.

De Luxembourg.—Bright crimson-scarlet, large and double, very sweet and mossy.

New Moss Rose, Crimson Globe.—This is the richest crimson in color of all the Moss Roses. Very large and bright. The buds are well covered with moss. Price, 35 cents each; large two-year-old plants, 60 cents each.

Comtesse de Murinais.—Flowers white, sometimes tinged with flesh color, large, double, cupped, buds heavily mossed. One of the best Moss Roses.

White Bath.—This is unquestionably the Queen of all Moss Roses. Extra large, full, very double flowers of the purest snowy-white, and comes in large clusters, delightfully perfumed, buds thickly covered with lovely deep green moss. A beautiful Rose. Price, 35 cents each; large two-year-old plants, 75 cents each.

Henri Martin.—A magnificent Moss Rose. Extra large, and perfectly double. Color a deep, rosy-carmine, shaded a bright crimson, very mossy and fragrant, and one of the finest. One of the most rampant-growing Roses to be found in any class, and a most profuse bloomer in its season.

Alphelis Purpurea.—Deep, rich, velvety-crimson, large, fine form, well covered with moss.

Princess Adelaide.—Fine, bright carmine, large and vigorous. Much esteemed.

SPLENDID Perpetual Moss Roses.

These Perpetual Moss Roses are more continuous in their blooming than the older varieties of Moss Roses. Price, 35 cents each; large two-year-old plants, 75 cents each.

New Perpetual Moss Rose, Mousseline.—Extra fine, large, very full and delightfully fragrant. Color a pure white, sometimes shaded a rosy-blush. Elegantly mossed and very beautiful. A continuous bloomer.

"Perpetual White" Moss Rose.—One of the most mossy varieties, prettiest in bud, the flowers are of medium size and borne in clusters, fragrant, but it is not very double. Color is a pure white.

Perpetual Moss Rose, B'anche Moreau.—New, and highly recommended. Flowers are produced in clusters and are large, full and sweet. The color is pure white, and both flowers and buds have an abundance of deep green moss.

Perpetual Moss Rose, James Veitch.—One of the finest Perpetual Moss Roses. It has extra large flowers, very fragrant and full. The color is a bright carnation-red, very fine. It is a splendid Rose.

HARDY Climbing Prairie Roses.

Price, 10 cents each; any three for 25 cents. Large two-year-old plants, 25 cents each.

THESE are climbing Roses that are perfectly hardy everywhere, and are consequently of the greatest value. They can be readily trained to the height of from ten to thirty feet, as they grow with great vigor. They bloom the second year, and but once in a season, but are then loaded with splendid Roses, and are among the most beautiful of flowering plants. At least one of these hardy climbers should be found in every Rose garden north of Tennessee. The flowers are produced in large clusters. When it is desired, cover walls, unsightly buildings, etc., with Roses, none will be found to do the work so efficiently as varieties of the Prairie Roses.

Baltimore Belle.—Pale blush, variegated carmine-rose and white, very double. Flowers in beautiful clusters, the whole plant appearing a perfect mass of bloom. One of the very best climbing Roses.

Tennessee Belle.—Flowers a bright, beautiful pink. More slender and graceful in growth than either of the other varieties.

Caroline Goodrich, or Running General Jacqueminot.—This new Hardy Climbing Hybrid Tea Rose has finely-formed, very double flowers, and its fragrance is most delicious. The color is the same as General Jacqueminot. It makes a growth of from twelve to fifteen feet in a season.

Bennett's Seedling.—An Ayrshire or Scotch Rose, and a vigorous runner. Flowers are white, very double and fragrant, and borne in great profusion.

Greville, or Seven Sisters.—Flowers in large clusters, and varies in color from white to crimson.

Russell's Cottage.—Dark, velvety-crimson, very double and full, a profuse bloomer and strong grower. A very desirable climbing Rose.

Queen of the Prairies.—Flowers very large and of peculiar globular form. A bright rosy-red, changing to lighter as the flower opens. Of very strong, rapid growth.

Pride of Washington.—A brilliant amaranth, shaded rose center, large clusters and very double. A fine climber.

Milledgeville, or Pride of the South.—A splendid variety. Color a rich, satiny-pink, very fresh and beautiful. Fine, large, globular flowers, full, regular form, very double and sweet.

A profuse bloomer and quite hardy.

Dundee Rambler.—The old-fashioned Scotch Climbing Rose. Entirely hardy, bears elegant, rich, red Roses of the largest size in great profusion. This we think the best of the Hardy Climbers.

LADY BANKS, OR BANKSIA ROSES.

are then very beautiful. As the flowers are produced on the old growth, they should be pruned but very little, merely cutting away what is absolutely necessary. The flowers resemble a double cherry blossom, and are the size of a silver dime. They are produced in large clusters, and have a decided violet perfume. Indeed, if blindfolded, you could not by the odor distinguish them from Violets.

White Banksia, Alba Grandiflora.—A pure untinted white. Price, 15 cents each.

These are fine climbing or trailing Roses. Good for the South and Pacific coast, where the winters are not too severe. They require two or three years' growth to bloom to perfection, and

Yellow Banksia, Fortunei.—Rich golden-yellow. Price, 15 cents each.

The two varieties for 25 cents. Large plants, 50 cents each.

Eglantine. The True Old English Sweet Briar Rose. Very desirable for shrubberies and general planting. Flowers are bright pink and single, but the exquisite fragrance of the flowers, leaves and young branches in the early Spring frequently perfumes a whole neighborhood. Price, 25 cents each.

Microphylla, or Burr Rose.

Microphylla, or Burr Rose. Small, glossy-green foliage, and nearly evergreen in habit. Flowers semi-double, very pretty and sweet. Price, 10 cents each; large two-year-old plants, 35 cents each.

The "Dawson" Rose.

The "Dawson" Rose. A new Hybrid Rose of perfect hardihood, the result of a cross between Rosa Multiflora and the General Jacqueminot. It possesses the training habit of the Multiflora Rose, especially adapting it to cover trellises, etc., while it will also make a large bush, if allowed to grow by itself. The flowers are semi-double, and of a clear rose color, two inches across, and borne in immense panicles of often sixty perfect blossoms, of exquisite fragrance. Price, 20 cents each; large two-year-old plants, 60c each.

The White Microphylla and Red Microphylla Roses are hardy, vigorous, bushy varieties, suitable for cemeteries, old walls, mounds, rock work, etc. Small, glossy-green foliage, and nearly evergreen in habit. Flowers semi-double, very

pretty and sweet. Price, 10 cents each; large two-year-old plants, 35 cents each.

A new Hybrid Rose of perfect hardihood, the result of a cross between Rosa Multiflora and the General Jacqueminot. It possesses the training habit of the Multiflora Rose, especially adapting it to cover trellises, etc., while it will also make a large bush, if allowed to grow by itself. The flowers are semi-double, and of a clear rose color, two inches across, and borne in immense panicles of often sixty perfect blossoms, of exquisite fragrance. Price, 20 cents each; large two-year-old plants, 60c each.

POLYANTHA, OR FAIRY ROSES.

NOTICE.—We cordially recommend these exquisite Ever-blooming Fairy Roses. They are of shrubby, compact growth, bloom profusely all through the season, and are very desirable for bedding, as well as for edging borders, etc. They are moderately hardy, but should have a covering of leaves or litter just before Winter begins.

Price, 8 cents each; except where noted; large two-year-old plants, 25 cents each, except where noted.

SPECIAL OFFER.—The Set of thirteen Fairy Roses, named, \$1.00.

Eliza Chatrand.—One of the most lovely of all Roses, having lovely rose-colored flowers, elegantly penciled and touched with ruddy saffron. Very free bloomer.

George Pernet.—It is continually in bloom, the flowers being quite large for this class, of a beautiful, flat form. The color is a very bright rose, with touches of yellow, and passes to peach-blush, with silvery-white shadings. The prettiest of all Polyanthas.

Gloire de Polyantha.—A beautiful Fairy Rose. Flowers large, perfectly double, and deliciously sweet. Color a fine citron-rose, elegantly flushed a pale carmine.

Golden Fairy.—This is a lovely Rose. Very free flowering, color rich golden-yellow, entirely distinct. Price, 15 cents each; large two-year-old plants, 40 cents each.

Jeannie Drivon.—Color light flesh, changing to white. Very perfect, double flowers. Price, 10 cents each; large two-year-old plants, 35 cents each.

Mignonette.—A lovely Fairy Rose. Full, regular flowers, perfectly double, and deliciously perfumed. Color a clear pink, passing to white, tinged with pale rose.

Mrs. E. A. Nolte.—A lovely shade of chrome yellow. A new color in Polyanthas. Very beautiful. Price, 15 cents each; large two-year-old plants, 40 cents each.

Mademoiselle Cecile Bruner.—Larger flowers than any of the others, perfectly double, and delightfully fragrant. Color a rosy-pink, on a rich, creamy-white ground.

Miniature.—This is the smallest of all Roses, but perfect in form, regular, compact, fairy-like flowers, fully double and very fragrant. Flowers in wreaths and clusters almost covering the whole plant. The color is a cream-rose, flushed with a peachy-red.

Paquerette.—We consider this variety the best of all the Polyantha Roses. The flowers are pure white, about one inch in diameter, flowering in clusters of from five to fifty blooms. Very full, prettily formed, recalling blossoms of the double-flowering cherry, and fully equals the double white Primrose in profuse blooming during the Winter. This is a variety that every one is pleased with.

Petite Leonie.—The most delicate in coloring of any Rose. Pure White, faintly touched with pink. A charming Rose. Price, 15 cents each; large two-year-old plants, 40 cents each.

POLYANTHA ROSES.

Princess Marie Auelade.—Large, double, deep pink flowers, better than Pink Souperf. A gem in every way. Price, 15 cents each; large two-year-old plants, 40 cents each.

Perle d'Or.—Charming and very distinct. Color a coppery-gold, changing to fawn and salmon, flat-rayed form, very double and elegantly perfumed.

The Most Attractive and Beautiful Family of New Fancy Flowering Single Geraniums, ::: “THE AUREOLES.”

PRICE, 25 CENTS EACH.

SPECIAL OFFER.—We will send the Set of Six Varieties for \$1.00, Net. No further Discount.

FLEUR POITEVINE.

Another very distinct colored variety. Large single flowers; color brilliant rosy carmine, marbled and striped with pure white, producing an aureole of deep orange carmine at the center; the plant is dwarf, but robust and wonderfully free flowering.

EXPOSITION DE LYON.

Outer edges of each petal rosy carmine, shading away to white at the center, the deeper shade often forming a ring of color like an aureole about the eye, and the veins very prominent and of bright carmine. A most attractive novelty.

MADAME BRUANT.

No other Geranium on our grounds has ever attracted so much attention, or been so much admired as this beautiful new Aureole flowered variety. It is entirely distinct from any Geranium in cultivation, so much so that visitors on passing through the greenhouses, where hundreds of other varieties are in bloom, single it out at once as the most beautiful and attractive in the whole collection. It might with propriety be called the Pansy flowered Geranium, so distinct is it from the ordinary style. The plant is a vigorous grower, making nice, compact plants, and very free flowering, producing fine, large trusses of blooms in great profusion, individual flowers large, of fine shape, center of flower white veined with carmine lake, the five petals regularly and distinctly bordered with bright solferino. The arrangement of color is exquisite and entirely new in Geraniums. An excellent variety for pot culture, being a continuous bloomer Winter and Summer. [See cut.]

J. SALLIER.

A vigorous growing and remarkably free flowering variety. Trusses very large and of perfect form, composed of single flowers entirely distinct from any existing variety; edges of petals carmine lake, the center is washed in tints of rose and bluish Heliotrope color, the upper petals are veined carmine and marked with orange at the base. This is one of the most distinct and valuable Geraniums of the year and we recommend it highly.

LE RHONE.

A gorgeous rosy scarlet, with a white eye and white blotches on the upper petals, the upper part of the blotch shading into carmine at its junction with the ground color; floret quite circular, of the largest size; very distinct; catches the eye at once. Gives every promise of being a showy and sturdy bedder.

CAMILLE BERNARDIN.

Very large trusses, individual florets large and well formed, plant of excellent free flowering habit; rosy peach, veined with bright rose and streaked and marbled with pure white. This is one of the best varieties we have seen in this class.

SUN-PROOF GERANIUMS.

Bruant Race.

NEW ::::::: GERANIUM

BRUANT.

The differences between this type and the ordinary Zonal Geranium are observed at a glance, when placed beside older varieties of the same family. The leafage is round and nicely zoned, having a greater texture and substance than even the most vigorous of the old type. Color of the flower a light vermillion-red, of a most pleasing shade. The flowers are absolutely perfect in shape, contour and make-up, trusses exceptionally large, and borne in immense spherical balls, often measuring eight inches in diameter. It does finely in the open ground, and is perfectly reliable as a bedding Geranium of the highest merit. It makes a compact, dense growth, and has all the qualities that go to make the perfect bedder that it is. Fine also in pots. The very finest scarlet bedder extant.

Price, 15 cents each; the entire set of 12, costing \$1.80, for \$1.25. No further discount on this offer.

Barbizon.—The individual flowers are very large, borne on long foot-stalks, color fresh and bright rose, maculated with white on the upper petals. A beautiful Rose.

Beauty Poitevine.—Very large, semi-double flowers, borne on immense trusses. Free bloomer, either as a pot plant or as a bedder. It has no equal of the color, which is a brilliant salmon, very clear at the borders. This might well have been called "Salmon Bruant," as it is identical in every way but color.

Blanche Moulas.—A grand bedding variety of much merit. The flowers are large, salmon, beautifully bordered with white. A Geranium of rare beauty.

Francois Arago.—Flowers finely formed, a free bloomer, on strong foot-stalks. Color a silver-salmon, shaded with peach.

Leyathan.—Enormous-sized flowers, round, in the shape of rosettes. Color a bright orange-red, reverse of petals silvery. Very fine; semi-double flowers.

Madame Alfred Mame.—A magnificent bedding variety. The trusses are of extraordinary size, the florets by actual measurement being two and one-half inches long by two inches wide, of almost Pansy form, the color is a soft sub-scarlet, lower petals shading to salmon in the center, which is deeply veined crimson. This variety has been universally admired by all who have seen it in flower. A variety that will probably never be equaled.

Mrs. E. G. Hill.—A most distinct and pleasing shade of salmon, with light shading at center. The shading at the center is variable, however. Trusses are very large, and composed of an immense number of florets. A single variety.

M. Noury.—A most pleasing lavender-rose color, very chaste and beautiful, with distinct marking of white at center of flower. Dwarf, and so free in bloom as to literally cover the plant.

Monsieur Poinsignon.—The color is a bright aurora-rose, shaded salmon, with a white eye. Large trusses of splendid-shaped flowers.

Proteo.—Flowers very large and freely produced in immense trusses. Color silvery-lilac, white shading, changing to silver-pink. A splendid sort.

Tour Eiffel.—Color bright orange-scarlet, somewhat in the way of the variety Bruant. It is a strong, vigorous grower, making a distinct place for itself in its class. Semi-double.

NEW BRUANT GERANIUMS.

Price, 20 cents each; or the set of eight for \$1.00.

Admiral Gervais.—Single. Moderately dwarf, and extremely free in bloom, trusses gigantic, florets of the very largest size, nearly circular, perfect, bright rosy-scarlet. An unusually well-shaped Bruant, and one of the most useful for massing.

W. P. Simmons.—Single. A novelty remarkable for its dwarf stature and its brilliant and abundant bloom. Color extremely bright orange-scarlet, flowers well up above the foliage, and of grand size.

Madame Charles Molin.—Trusses and florets enormous, color a clear, bright salmon, white eye. Remarkable for the beauty of the trusses, and also for its lovely color. Plants semi-dwarf, zoned in black, and very fine in bloom. Single.

Comte d'Elbee.—Single. Habit rather dwarf, foliage beautifully zoned, trusses immense, on rigid stems, florets immense, color tender rose, passing to bright rose. Very distinct. A decided novelty in this race.

General Dodds.—Plant very dwarf in habit, and foliage very heavy, leaves beautifully dented, trusses very large indeed, florets more than two inches in diameter, color soft vermillion. Of grand effect. Single.

J. J. Harrison.—Double. Brilliant, capucine-scarlet, florets of enormous size, habit all that could be desired. A fine bedder, and most effective sort.

Ville de Poitiers.—Double. There is nothing finer than this in the Bruant race. Color rosy-scarlet, very clear and bright, trusses very large, composed of enormous florets, nearly three inches across, and of the peculiarly beautiful form of *Beaute Poitevine*. Very free, producing an elegant effect when massed.

E. Legouye.—Double. Very large trusses, composed of enormous florets, silvery-salmon of peculiar shade, distinct from all others of this race.

New Pedigree Bruant Geranium, JOHNNIE DOYLE,

Always in bloom whether in beds or pots, indoors or outdoors.

THIS remarkable new Geranium is a cross between Grand Chancellor and Bruant, and is destined to take the most prominent place in bedding or pot Geraniums. In our grounds during the past season this grand variety was the center of attraction the entire Summer through, which was one of the hottest and driest known in years. It never lagged, but grew and bloomed continually; the growth dwarf and massive; the color brilliant and rich vermillion-scarlet; flower trusses enormous on stiff, upright stems. Fine for cutting. Price, 15 cents each; ten fine plants, \$1.00,

Since 1859

New Geranium, LA FAVORITE

LA FAVORITE.

In this new Geranium, introduced last year, we believe we have the finest double white Geranium in cultivation. The single Geraniums are valuable for bedding, and present a beautiful effect in massing, but cannot be used for cut flowers on account of the petals falling. On the other hand, most of the double varieties of Geraniums are useful for cut flowers. In La Favorite we have a pure, double, white Geranium, as free flowering as the single varieties, and which can be used for planting in beds, for furnishing a supply of beautiful white flowers for

vases, etc., or for pot culture for Winter forcing. It is a dwarf, compact-growing variety, the foliage is a bright, healthy green, with a band of darker green encircling each leaf. The flowers are borne in large trusses, of the purest snow-white, retains this pure whiteness even in the height of Summer, and for Winter blooming it is all that can be desired. While "White Swan" is a beautiful variety, yet La Favorite is quite in advance of it. Do not fail to add this charming variety to your collection. Price, 15 cents each; four for 50 cents; \$1.00 per dozen.

The Latest Novelties in GERANIUMS.

Price, 15 cents each, except where noted; or the Set of eleven for \$1.50.

White Wings.—In White Wings we have the finest double white Geranium ever introduced. Unlike other double white Geraniums, it is suitable for bedding, and flowers as profusely as the best single varieties. It is a dwarf, compact-growing variety, with handsome banded foliage, of a light and healthy green. The perfect double flowers are unsurpassed for cut flowers. They are borne in large trusses, and are spotless, snowy white, retaining their pure whiteness in the heat of Summer.

Mrs. Gladstone.—Grand color, salmon pink, shading to rosy pink and orange color; particularly fine.

Violet Queen.—The truss is enormous, and is of most beautiful shadings of rose and heliotrope; an exceedingly fine, fancy sort and catches the eye at once.

Marie Stuart.—Soft rosy-scarlet, with large, white eye, very large, circular florets, forming a truss of fine size.

Juliet.—Clear salmon, shading to pearly-white round the eye, a lovely delicate color, and one of the most perfectly formed flowers, both in pip and truss, ever seen. Some of our last novelties in this shade were so good that we quite despaired of ever making any advance upon them, but this is a genuine surprise in every way.

Gettysburg.—Bright crimson maroon of beautiful shade; flower very large and of fine form. An extra beautiful dark variety.

Beauty of Richmond.—Intense orange scarlet, very dazzling, with large, white eye. Floret perfectly circular and of immense size; foliage lightly zoned. A seedling from beauty of Kent; extremely fine.

Grace Harvey.—Large crimson flowers of the most intense shade, with grand white center, surrounded by a shaded aureole of bluish heliotrope.

Benjamin Schroder.—Light green foliage that is very bright in color; flower extremely large, of soft rosy-pink color, like that of Mary Hill, with distinct white blotch on the upper petals; of satiny texture; petals slightly recurving.

Bill Nye.—Color peach, shading to pale salmon; flower of fine size and form; a splendid grower, of nice compact habit.

Centaur.—The new mammoth Centaur Double Geranium is the best large flowering double pink Geranium in cultivation. Any one seeing a specimen truss cannot fail to become enthusiastic over it, pronouncing it the largest and finest Geranium in cultivation.

SWEET-SCENTED GERANIUMS.

Price, 10c each, except where noted.

Apple-scented.—The old favorite. Price, 20 cents each.

Balm-scented.—Delicious balm fragrance.

Nutmeg-scented.—Small leaves, with nutmeg perfume.

Rose-scented.—Two kinds, broad leaf and cut leaf. This is the most popular of all scented Geraniums.

Oak-leaved.—Beautiful foliage resembling oak leaves, black center, with green border.

THE TEN BEST DOUBLE GERANIUMS.

Price, 15 cents each.

The set of ten for \$1.00.

We expect to keep the excellence of this collection up to the very highest notch. We do this by replacing the varieties we have hitherto had in this collection that do not come up to our standard, with better sorts, while at the same time we retain all the kinds that have not been so superseded, but still maintain the lead in their color for the best all-round Geraniums. Our customers in this way are assured in ordering this collection that they are getting the very best selection that could possibly be made, embracing the widest range in color of this most excellent plant. Be sure and try this collection. There are none better.

Emile de Girardin.

No one who has not seen this lovely pink Geranium as it is grown in the beds and borders of Northern parks can imagine the beauty that lies in a flower of that color. Of a deep, soft rose, rather than pink, but fresh and bright, the blossoms are perfect in form, and borne well and clear above the foliage. It stands the sun perfectly, and is in our opinion, the finest double variety of any color for massing, when a delicate and artistic effect is desired.

Sir Walter Scott.—Color a beautiful vinous-rose, with distinct white center. This variety produces fine individual florets, and combined with other good qualities makes it a valuable Geranium.

Madame Hoste.—Umbels large and borne well above the foliage, flowers of enormous size, color flesh, lined and shaded with bright salmon. One of the very finest in the collection. Shading simply exquisite.

Gertrude.—Color of the flower a clear, bright salmon, with center and outer edges touched with white, and with soft shadings of carmine, velvety in texture, and of the most beautiful semi-double form. We have measured trusses of bloom on this variety ten inches in diameter. It is simply superb. It is a fine bedder.

Clou de France.—Large, round florets, of waxy appearance, colors carmine and white, with carmine center, each petal delicately edged with carmine. An excellent pot variety, to which its habit is finely suited. It is one of the prettiest Geraniums we have.

White Swan.—In the White Swan we have the finest double white Geranium ever introduced, and, unlike other double white Geraniums, it is suitable for bedding, and flowers as profusely as the best single varieties. The perfect double flowers are unsurpassed for cut flowers. They are borne in large trusses, and are spotless, snowy-white, retaining their pure whiteness even in the heat of Summer. In the Fall the plants can be taken in the house, where they will again bloom profusely. One hundred and four trusses and buds have been counted upon a single exhibition plant. The White Swan will astonish all who grow it.

Mondike.—The color is a deep scarlet of exquisite shade. The floret is very regular in form, foliage and habit both good, and it is a first-class Winter bloomer.

Fire Brand—Color a dazzling flame scarlet, fine, prominent truss, flowers large and of great substance, an excellent bedder and pot plant. For planting in masses we have seen none to equal it.

Crimson Velvet.—This is the darkest and richest Geranium grown. It is very bright, dark, deep, rich, velvety-maroon, very dark and rich, and at the same time very bright. An excellent bedder and pot plant.

Harriet Thorpe.—The handsomest light flowers we have yet seen. A delicate blush, with pearl-pink, the edge of each flower having a wire-like edge of deep pink, resembling a Picotee more than a Geranium. Trusses large and well shaped.

EMILE DE GIRARDIN.

THE TEN BEST SINGLE GERANIUMS.

PRICE, 15 CENTS EACH.

The set of ten for \$1.00.

We follow the same method in selecting our Single Geraniums as we do our double ones—that is, the very best of each collection that can be found is placed in the collection from year to year, always dropping out the sorts that have been superseded by better ones of their color.

Dr. Nansen.

white. The plant is robust. Grand for pots or bedding. It is by far the best single white.

A grand single white Geranium. Plants a mass of white bloom, trusses of the grandest size, florets extra large and of the purest white. The plant is robust. Grand for pots or bedding. It is by far the best single white.

Wonder.—This new Geranium, without doubt the finest that has ever been offered, is so intense in color, such a wonderful bloomer and strong grower, that it was named "The Wonder," from the fact that every one who saw it pronounced it wonderful. Flowers are the most intense, dazzling scarlet, and borne in trusses of enormous size, eighteen inches in circumference. A fine bedding or pot plant.

Electric Light.—The best new Single Geranium we have seen. A beautiful shade of vermillion-scarlet, large and perfect form. Its most distinctive feature from existing varieties is its perfectly pure, large white eye.

Armen Ciel.—The trusses of this variety are extra large, immense florets. The shades are beautifully blended. The three upper petals have soft rose centers, shading into scarlet edges. Two petals are scarlet, then rose, then orange near the center. The texture is velvety.

Lansdowne.—A soft, deep scarlet, florets large and round, and formed into large trusses, borne with the greatest freedom. An ideal bedder, producing a mass of soft, brilliant color, well above the foliage, which is a light, bright green.

Pointe Nationale.—Color as delicate pink as Rose Baroness Rothschild, deepening to a soft peach-bloom, a mingling of shades heretofore found only in the "Lady Washington" class. A perfect Single Geranium of an entirely new shade. A handsome variety.

After-glow.—A light, clear salmon, blended with darker shades, with center of pure white, edge of petal white. The yellowish salmon that gives it a peculiar shade is seldom seen on Geraniums.

Wedding Ring.—This Geranium took precedence over any Geranium we grew the past Summer for the excellence and great beauty of its flowers. It is a Geranium that one never tires of. Dazzling orange-scarlet florets, circular and slightly cupped, giving it the appearance of a beautiful ring.

Christopher Columbus.—The Christopher Columbus is a perfect marvel among Geraniums, growing over fifteen inches. The flowers are produced in the greatest profusion upon medium-sized trusses. The flowers are bright cinnabar-orange color, very distinct and fine, with large, strong trusses. A bed of this Geranium will cause a sensation wherever grown.

Souvenir de Miranda.—It has round florets, upper petals cream-white, with a distinct rosy-pink border, lower petals salmon-rose, streaked with pure lilac. A most novel color. It is extremely free-flowering and produces fine trusses of its magnificent blooms.

DR. NANSEN.

Single Geraniums, Standard List.

Price, 10 cents each; six for 50 cents; fifteen, your selection, \$1.00.
Our selection, choice varieties, all labeled, eighteen for \$1.00.

Apple Blossom.—Pearly-white, suffused with rose.
Anna Scott.—A very rich maroon crimson.
Brightness.—Bright, dazzling scarlet.
Blonde Beauty.—Deep flesh, shaded to white.
Cinderella.—Bright rosy-salmon, large truss.
Celestial.—Deep rose, tinged white.
Chalmeil Lacour.—Rich, vivid crimson.
Dazzler.—A fine, rich scarlet.
Evening Star.—White, with large, rose-colored center.
Evangeline.—White, suffused with pink.
Fairy.—Salmon, flaked with white.
General Hood.—Large flowers of deep velvet-scarlet.
Gloire de St. Louis.—Cardinal flowers in immense clusters.
General Grant.—A fine scarlet. Large used for bedding out.
Jersey Lily.—Delicate rose color, shading to white; beautiful.
Jealousy.—Orange-scarlet, a decided yellow hue.

Kate Patterson.—Deep, rich orange, overlaid with buff.
Leviathan.—Bright crimson scarlet, shaded vermillion.
Mrs. James A. Garfield.—Pure white; excellent.
Master Christine.—A splendid pink bedder.
Mary Hallock Foote—A bright, pale, salmon-rose, very large.
May Queen.—Color of the flower flesh, with a pure white center.
Queen Olga.—A fine and brilliant pink, with white at the base.
Queen of the West.—A bright orange-scarlet, with a large truss.
Ralph.—A profuse bloomer, a dark amaranthine-purple.
Rosy Morn.—Soft rosy-crimson, shaded with carmine center.
Sarah Bernhardt.—A grand Geranium, with pure white flowers.
Sam Sloan.—A velvety crimson, carrying immense trusses.
Sunshine.—Vermilion-scarlet; excellent.
White Perfection.—Pure white, and a profuse bloomer.
William Cullen Bryant.—A soft, rich, pure scarlet, white eye.
Wood Nymph.—Bright, clear pink, with light markings.

Double Geraniums, Standard List.

Price, 10 cents each; six for 50 cents; fifteen, your selection, \$1.00.
Our selection, choice varieties, all labeled, eighteen for \$1.00.

Alba Perfecta.—Large, showy, fine white flowers. Grand.
Asa Gray—Flowers are salmon-pink, mixed with white.
Bishop Wood.—Upper petals carmine-scarlet; lower petals violet.
Candidissima Plena.—A large and handsome flower of the most snowy whiteness.
Cheerfulness.—A flesh-pink, shaded and mottled rose.
Commandant Ott.—Enormous truss, scarlet-orange.
Dr. Jacoby.—Enormous trusses of a clear pankeen-salmon.
Ernest Lauth.—Deep, glowing crimson, illuminated with scarlet.
Emile de Girardin.—Enormous trusses of rose-colored flowers.
Emerson.—Flesh-colored flowers, shaded pink and salmon.
George Thorpe.—Immense trusses of light crimson.
General Saussier.—Rosy salmon, shaded into violet.
General Billot.—Lake, tinted with flame.
Grand Chancellor.—Flowers a very dark, soft red.
Gilded Gold.—Deep golden-orange, of medium size.
Henry Canna.—The richest, most vivid and dazzling scarlet.
Iroquois.—An intense, deep scarlet, and very large.
James Vick.—Flowers and trusses of great size, rich salmon.
J. H. Klippert.—Dazzling, brilliant scarlet, trusses very large.

James Murkland.—Bright peach-rose, broadly margined white.
J. P. Stahl.—Deep, soft rose, edged with salmon. Beautiful.
Le Niagara.—Large, well-formed and pure white.
Le Pilote.—Glowing crimson-scarlet, brilliant and beautiful.
La Vienna.—Snowy-white, large trusses; excellent.
Minister of Constans.—Bright orange, shaded salmon.
Madame Thibaut.—A rich rose, washed with violet carmine.
Mrs. Charles Pease.—Deep pink, marked with white. Very fine.
Naomi.—Bush-pink color. This is a most lovely sort.
Pocahontas.—Immense trusses of rosy-pink flowers.
President James A. Garfield.—Large scarlet flowers.
Peach Blossom.—White, shaded with dark peach-pink.
Peter Henderson.—Bright orange flowers of fine shape.
Queen of the Fairies.—Rich flesh, mottled pearly-white.
Remarkable.—Deep, glowing crimson, illuminated scarlet.
Richard Brett.—Fine orange-scarlet, and very double.
Sunlight.—A most intense fiery crimson.
The Blonde.—Orange, base of petals white.
Victor Hugo.—Flaming orange-salmon, bordered white.
William Hamilton.—Rich, deep crimson, maroon shadings.

Our Splendid New IVY GERANIUMS.

These Geraniums are fine for baskets and vases, and are especially fine for pot culture in the house. They have the handsomest flowers of all the Geraniums. One of our local florists who grows for the home market a house full of these new Ivy Geraniums says that he sells as many of them as all other Geraniums combined. This speaks volumes for their loveliness. Try them.

PRICE, 10 CENTS EACH; THE SET OF SIX FOR 50 CENTS.

New Double Ivy Geranium, Comtesse Horace de Choiseul.—A fit companion of "Joan of Arc." The plant is vigorous, leaves without zones, flowers very large, two inches across, double and imbricated, in good trusses. Color a bright, golden-salmon. We have no hesitancy in saying that this is the richest colored flower of any grown. All who see it say, "Is it possible that is a Geranium flower?"

New Double White Ivy Geranium, Joan of Arc.—This is one of the most beautiful plants that it has ever been our privilege to offer. The flowers are perfectly double, white as snow, and literally cover the plant when in full bloom. The foliage is extremely handsome, the dense, glossy-green leaves making a most effective background for the great cluster of snow-white flowers." The foregoing was our description of last year, and another season's trial makes us heartily endorse it.

New Double Scarlet Ivy Geranium, Peter Crozy.—A grand hybrid between the Zonals and Ivies, having the foliage of the former, but very heavy in texture, and while the forms of truss and florets are found only among the Ivies, the color is a soft, bright scarlet, with veining of maroon. A most distinct and pleasing variety, being the nearest approach to a scarlet yet introduced. Habit of plant very dwarf and compact, and one of the most prolific flowering sorts in existence.

New Double Ivy Geranium, Souvenir Charles Turner.—One of the handsomest Ivy Geraniums ever introduced. Florets two and a half inches, in trusses six inches across. The color is deep, bright pink, approaching scarlet in color, the upper petals feathered maroon. Quite double. Awarded numerous certificates.

Incomparable.—A most beautiful variety, producing flowers of the largest size, very regular in form, quite double. Color a lovely shade of rosy-carmine. No finer.

IVY GERANIUM.

New Double Ivy Geranium, Galilee.—Another grand sort. One of the most remarkable of recent introduction. The trusses are of immense size, flowers very large and double, and of a most charming shade of lovely rosy-pink varied with lilac. A magnificent variety.

LADY WASHINGTON OR PANSY GERANIUMS.

We here offer five of the choicest new kinds of this, the most beautiful of all Geraniums.

Price, 25 cts. each; or the five varieties for \$1.00. You cannot buy these charming varieties as cheaply elsewhere.

These are more commonly known as Lady Washington Geraniums. The flowers have deep blotches on the upper petals and bright spots on the lower ones. When in bloom during the months of May and June they are very beautiful and ornamental, either as pot plants or in the garden. Although their time of blooming is short, their great beauty while in flower makes them very desirable. We offer a number of the newest varieties. Their beautiful veinings and markings are so hard to describe, we can only say that they are grand plants.

Mrs. Robert Standiford.—(*The New Double White.*) This charming variety cannot be excelled in its beauty by any flower we grow. The flowers are three inches across, of the purest snow-white, and perfectly double and very free in bloom. You cannot imagine anything prettier than this beautiful Pelargonium.

Victor.—No words can express the beauty of this charming variety. The flowers are a bright cherry-red, with white at the base of each petal, the two upper petals are of dark crimson maroon. The flowers are of immense size and very freely produced. A grand variety.

Madame Thibaut.—(*The New Double Pink.*) The Queen of Pelargoniums. Flowers three inches in diameter, perfectly double, of the brightest pure pink, beautifully ruffled edges. Very free in bloom.

New Ever-blooming Pelargonium, Freddie Dorner.—We consider this to be one of the most desirable house plants grown. It is a perpetual-blooming variety, usually commencing to bloom in December or January, and continuing throughout the Spring and Summer. The throat and edges of the petals are pure white, each shaded toward the center with rich, carmine-pink, with a glowing crimson blotch on each. We have always been unable to supply the demand, but now have a fine stock to offer.

Crimson King.—A grand sort. One of the finest ever introduced, on account of its profuse blooming qualities, and as easy to take care of as a common Geranium. Large individual flowers of a brilliant crimson, beautifully marked and veined, fine, handsome foliage and sturdy growth. We would heartily recommend this variety. Price, 25 cents each.

PANSY GERANIUM

CHRYSANTHEMUMS.

Novelties Awarded Certificates by the National Chrysanthemum Society at the exhibitions last Fall.

These are the Newest and Very Latest Varieties. Price, 20 cents each, or Set of ten for \$1.25.

AUTUMN GLORY.

Autumn Glory.—A grand commercial pink, and unsurpassed as an exhibition variety. There is nothing like it in color, which is a reddish-salmon upon opening and gradually changes to a soft shrimp when fully finished. The flower is of the largest size and takes on great depth; has attracted marked attention wherever grown. This variety has no touch of lavender in its color, but is a decided and new shade that is very beautiful.

Black Hawk.—Largest and most beautiful dark crimson-scarlet yet raised; looks like crimson velvet and does not show a trace of reverse color. The very color long desired among reds, and of grand size. A veritable beauty.

Boundless Snow.—A most lovely and attractive variety. The color is white, flushed pink, gradually becoming pure white. Known as the "Informal Beauty."

Henry W. Longfellow.—A finely rounded, incurving white variety, with broad petals, and of large size. Sometimes the bloom is flushed with pink and resembles a large ball of fine ribbon. Very desirable.

Pennsylvania.—A soft, deep yellow that appeals to the eye and at once becomes a favorite. The flowers are of uniform size, well developed and make an object of beauty not soon forgotten. It is probably the finest yellow for cut blooms or exhibition ever produced.

Miss Gladys Vanderbilt.—Pearl white with lemon-shaped center; an exceedingly fine thing and a decided novelty both as to form and general build, and an extra good exhibition variety. It received a certificate with 92 points.

Solar Queen.—Heavily foliated from the ground up to the flower; an extra fine variety, brings a very large bloom; color golden-yellow, shading lighter; flowers of extra size, averaging ten inches across by three in depth. Very valuable and takes front rank among the very best yellows.

Snow Queen.—A first-class variety, large, nicely-finished, snow-white flower of rounded form, full to the center, slightly curved, pointed petals, and of great substance. Probably the best and most useful of the many white varieties.

Dorothy Spaulding.—Massive flower, with broad, cupping petals finished to a perfect solid globe. Valuable for its size and fine color; rose pink. A most lovely and charming variety.

Wm. H. Chadwick.—A phenomenal variety. The grandest novelty of the year. A star production. Received certificate at Chicago, Boston, New York, and Philadelphia. An immense, striking bloom; waxy white, occasionally rose-tinted. It cannot be praised too highly.

CHRYSANTHEMUMS.

THE "UP-TO-DATE," 1899, SET.

The Chrysanthemums named on this page are the choicest productions from all exhibitions and sources for the year 1899. Our patrons can rely on them being each and every one the very choicest color, as awards are not given until the judges are satisfied that they are better than any existing sorts. So, if you wish to be up to date, and have the very best, order this set.

PRICE, 15 CENTS EACH; THE SET OF TEN FOR \$1.00. ANY FIVE FOR 50 CENTS.
IN ORDERING, SAY "UP-TO-DATE," 1899, SET.

BELLE OF CASTLEWOOD.

One of the grandest varieties of the year. Flowers of immense size, almost spherical, outer petals recurring slightly, quite double, and carried on a good stem. The color is a soft lemon, suffused with pink. This is the variety that took the silver cup at Madison Square, offered for the best pink seedling; also first-class certificate at same time and place. Also certificates at Indianapolis. It missed the premium at Indianapolis, through being ruled out of the pink class, where it had been entered, as not being self-pink, but was pronounced one of the finest on the table.

DEFENDER.

This is the richest deep crimson variety we have ever seen, and excels in its color as Golden Wedding does in yellow. The color is of the richest velvety-crimson, which in the flower itself is soft and velvety-like. The outer petals are broad and drooping, and have a lustrous sheen in the sunlight. The form is flat, with drooping outer petals, which gives it a very graceful appearance. This is the popular form, and combined with the splendid color stamps Defender as a Chrysanthemum of rare merit.

JOHN SHRIMPTON.

Incurred Japanese bloom of large size and high-built, solid form. Deepest crimson, nearest approach to black. Never burns as crimson are apt to do. Strong, healthy habit. Winner of silver cup at Madison Square Garden, 1893, for best seedling; silver medal at Philadelphia; first prize at Madison Square Garden, 1896 for best seedling exhibited previous to 1897, and superior to existing varieties.

"UP-TO-DATE" CHRYSANTHEMUMS.

SUNSTONE.

Robust habit like "The Queen." Petals hook up at the end, showing the light straw reverse; upper surface bright yellow, shading to red at the base. The flower being flat, shows the three colors to advantage. The most beautiful combination of colors yet produced. Five feet high, seven inches in diameter. Awarded first-class certificate by the National Chrysanthemum Show, England.

WESTERN KING.

In the entire Chrysanthemum family there is no grander white variety, no matter when it blooms. It is the most popular style, immense incurving, broad, channeled petals, of great substance and the purest white. A perfect ball of snow. It is sixteen to eighteen inches in circumference. We think this variety does not possess a single fault.

SUNDEW.

An exhibition bronze. This is an elegant grower. Heavy, stocky stems, and clothed throughout in fine foliage. Height four feet. The flower is of immense size, crowded with petals which are stiff and of great substance. Form incurving, depth about three and one half inches. A most imposing bloom. Color Indian-red, faced with bronze. Received fifty dollar premium at Indianapolis as best bronze.

HER MAJESTY.

The sensational variety of the year. It has won prizes and certificates wherever shown. It is an enormous globular Japanese, with broad, incurving petals. Color white, shading to pale lemon, stiff stems and nice foliage. Grows about four feet high. The flowers are often twelve inches in diameter. It is undoubtedly the most meritorious variety of the year.

GOLDEN TROPHY.

The largest yellow in existence. This magnificent new Chrysanthemum was exhibited last Fall measuring over fifteen inches in diameter, and is, without exception, the largest yellow Chrysanthemum ever introduced. The color is a deep, rich yellow, the half expanded flower incurving. In the fully expanded flower the petals are reflexed, showing a yellow disc. Some idea of the value of the new sort may be formed from the fact that the introducer had the entire stock sold one year in advance. The flowers are of enormous size. We have no hesitancy in saying that we regard this the best of all yellow Chrysanthemums.

MARQUIS MORTEMARTE.

A superb, clear Mermet rose-pink, petals thick and heavy, cup-shaped, solid to the center, immense in size, having been exhibited eleven inches across. Habit the best, stems stiff and erect, covered with most luxuriant foliage. The best pink in commerce. Awarded silver medal by Pennsylvania Horticultural Society, certificate of merit at Madison Square Garden exhibition, and was one of the varieties winning the Spaulding prize at Philadelphia for best six new seedlings.

LORNA DOONE.

This variety is of mammoth size, of robust habit, with magnificent foliage, purest snow-white in color, very broad, heavy, deep flower, measuring fourteen inches in diameter. When the flower is several days old the outer petals curl and interlace. Probably the largest of all whites, and no doubt the very best. This charming variety has taken prizes wherever shown. It is as pure in color as its namesake was in character in Blackmore's beautiful romance.

**INDIANAPOLIS
PRIZE**

Chrysanthemums.

THE BEST SET OF CHRYSANTHEMUMS EVER OFFERED.

SPECIAL OFFER.—The Indianapolis Prize Set of Chrysanthemums, price, 15 cents each, or the set of eight sent for a remittance of 75 cents. No further discount allowed on this offer.

Parting Guest.—A grand exhibition variety. This is an elegant grower, heavy, stocky stems, clothed throughout in fine foliage. Height four feet. The flower is of immense size, crowded with petals, which are waxy and of great substance, incuring form that is exquisite.

A most imposing bloom. Color a pearly white, suffused and tinted with rose-lilac. Nothing like it in color. A grand addition to any collection. It is also a prize winner.

Latest Fad.—A mammoth bloom, borne on stiff stems, with cord-like petals, eight inches in length, gracefully recurving, solid to the center. Color a rich yellow, at times mottled, striped and slashed with bright crimson and bronze. A grand pot plant and magnificent exhibition bloom. Has taken sixteen first prizes.

Miss M. M. Johnson.—This is another beautiful variety. It won the prizes at Chicago and Cincinnati before the judges on October 20, thus making it a very early variety. The flowers are very broad and well built up in the center, of the richest deep golden-yellow. This will be a prize taker wherever shown. Winner of eleven first prizes.

Mrs. Potter Palmer.—Very large, incurved, massive flower, with petals of exquisite form, a beautiful, clear, soft peach-pink within when in perfection, a silvery-pink without, flowers of largest size, full to the center, outer petals reflexed to stem, with incurved tips, lasting quality. Unexcelled. Undoubtedly one of the best varieties of the year. Has been awarded numerous first prizes and gold medals.

Trilby.—Pure snow-white, and superior in every way to any white in cultivation. The petals are slightly twisted, but stand out straight, forming a bold, round, handsome flower of massive size. Extra fine stem and handsome foliage. In perfection November 20 to 30. Really one of the very best of this season's introduction. A prize taker wherever exhibited.

Bronze Giant.—Exhibition bronze. This is an elegant grower, heavy, stocky stem, clothed throughout in fine foliage. The flower is of immense size, crowded with petals, which are stiff, and of great substance, form incuring, a most imposing bloom of largest size, a beautiful, rich bronze, or old gold color. Received premium of fifty dollars for best bronze.

Helen Bloodgood.—A very bold, round flower, when in perfection blooms measure seven and a half inches through and seven inches deep. It is the finest *true*, clear pink, without shading of purple or magenta. It has received a certificate at New York and Philadelphia. A veritable beauty.

The Egyptian.—This is a grand exhibition red. The flowers are of massive size, reflexed with broad, stiff petals. Color a deep, rich, fiery, velvety-red. It is, without doubt, the best Chrysanthemum of its color. The flowers are enormous in size, while the color is the richest of all. We can ask all our customers to try this variety, as it will not disappoint you. Winner of nine premiums and certificates.

THE EXHIBITION SET OF CHRYSANTHEMUMS.

Price, 15 cents each; the Set of ten for \$1.00; any five for 50 cents.
IN ORDERING SAY EXHIBITION SET.

Violaceous.—A magnificent variety for exhibition or commercial purposes, especially where lusty blooms are required for Thanksgiving trade. It is of enormous proportions, building up with perpendicular sides to the height of five inches, finishing with a slightly rounding, incurved center, color white, with lower petals delicately tinged lavender. Maturing November 20. Height 5½ feet.

Signal Light.—Pale yellow incurved Japanese. Reverse of lower petals tipped red bronze; finely built flowers; as truly incurved as a Chinese; solid and perfectly double, lasting a long time. Habit very dwarf. Foliage beautiful and right up to bloom.

Marion Cleveland.—Immense, high, round, solid bloom, with broad, massive cupping petals. Ivory white, shading to pale lemon to center, as in Philadelphia. Habit almost as dwarf as Ivory. Stem stiff and erect, with magnificent foliage close up to the bloom. The largest early white to date, ready to market same time as Whidin, Marion Henderson, Troy, Lager and Parker.

Liberty.—Of beautiful form; eight inches in diameter, reflex in its earlier stages, incurving and of perfect globular shape when fully developed. Color a clear, rich, deep golden yellow; habit dwarf, but robust foliage and stem perfect. A fine keeper and shipper, combining a great combination of good qualities. Scored 68 points out of a possible 100 before the judges of the American Chrysanthemum Society.

Dragon Blood.—Color blood-red, petals long and curiously curled. A wonderful variety, both in color and form; both old and beautiful. A vase of these blooms will cause a sensation.

Pluto.—A fine, bold flower, globular in shape and well built; all except the center petals are reflexed and of clear, bright red, which is the predominating color of the whole flower excepting the center, which is incurved. The reverse, being bright golden, gives it a very novel and pleasing effect. Best on terminal buds. Season 1st to 15th of November.

Invincible.—A mammoth white variety, of most robust habit and medium height, with magnificent heavy foliage close up to the bloom; petals broad, firm, and cupping to the center, which is full and solid; blooms ten to twelve inches in diameter, six to seven inches in depth, and fifteen to eighteen inches across. The largest of all whites, and the best variety in commerce. Fitly named, as it cannot be surpassed in form, size or habit.

Glory of the Pacific.—We predict that this fine variety will rank among pink sorts as Bergman does among whites, which it follows by two or three days. It is of magnificent size and depth, with broad petals, which finely reflex, showing the clear pink color to excellent advantage. We were fortunate in being able to secure a large stock of this variety after finding its merits. A pink of large size and good form. This variety will delight every grower.

Indiana.—This variety produces the largest blooms to be found in the family, with one or two exceptions, perhaps. It is very nearly globular in form, and has a circumference of twenty-two inches, nicely incurved, and of a clear, bright pink; outside of petals a little lighter. If it were not for this one defect, of not carrying the foliage up to the flower, we should unhesitatingly pronounce this the finest introduction of the year. Received N. C. S. certificate at Cincinnati, November 25. First prize, best pink seedling, at the Madison Square show, November 26.

Golden Harvest.—One of the grandest of all Chrysanthemums for exhibition. The color is a deep, golden-yellow, very bright and very massive in build, as deep as wide, with crowded petals, stems very stiff, height four feet, foliage very beautiful. A grand addition to our already fine class of yellows. An ideal grower. Received twenty-five dollar premium at Indianapolis for best yellow. Also certificate from National Chrysanthemum Show at Philadelphia, November 10.

PHILADELPHIA PRIZE SET OF Chrysanthemums.

We command to your notice this collection, which we believe to contain the best novelties of the season. They have been tested two or more years, thus proving their merits. The flowers of all are solid, large and double, their habit strong and robust, and the set contains nothing of a weak or sickly nature, so prevalent of recent years.

PRICE, EXCEPT WHERE NOTED, 15 CENTS EACH.

THE SET OF NINE FOR 75 CENTS.

A VERY CHEAP OFFER FOR SUCH GRAND VARIETIES.

CHRYSANTHEMUM, GOLDEN WEDDING.

it at the New York and Philadelphia shows. In color it is deep, bright golden of shining texture, is very large in size, the petals are both long and broad, and channeled lengthwise. A perfect Japanese incurved of most beautiful form, very free in growth. A first-class exhibition variety. Has swept all the prizes for yellow. Price, 25 cents each.

MUTUAL FRIEND. (New.) A splendid flower, very nearly spherical in form, petals very broad and heavy, and finely incurving. It is very nearly white in color, only showing a touch of pearl pink at the base of the petals. Received first-class certificate at Philadelphia and Indianapolis. Strong grower, carrying flowers on stiff stems. The blooms of this variety sold at nine dollars per dozen over the counter in Philadelphia last Fall.

FRANK THOMPSON. A splendid flower, very nearly spherical in form, petals very broad and heavy, and finely incurving. It is very nearly white in color, only showing a touch of pearl-pink at the base of the petals. The gentleman for whom it was named by Hugh Graham's Sons sent to the raisers a valuable silver cup, to show his appreciation of the magnificent flower named for him. Received first-class certificate at Philadelphia and Indianapolis. A strong grower, carrying flowers on stiff stems.

EMILY LADENBERG. Incurved Japanese bloom of large size and high built, solid form. Deepest crimson, nearest approach to black. Never burns as crimsoners are apt to do. Strong, healthy habit. Winner of Oetrich's cup at Madison Square Garden for best crimson seedling; silver medal at Philadelphia; first prize at Madison Square Garden for best seedling exhibited previous, and superior to existing varieties.

GETTYSBURG. This is the richest deep crimson variety we have ever seen, and excels in its color as Golden Wedding does in yellow. The color is of the richest velvety-crimson, which in the flower itself is soft and velvety-like. The outer petals are broad and drooping, and have a lustrous sheen in the sunlight. The form is flat, with drooping outer petals, which gives it a very graceful appearance. This is the popular form, and combined with the splendid color, stamps Gettysburg as a Chrysanthemum of rare merit.

The grandest yellow ever offered. This fine variety swept everything before

swept everything before

GOLDEN WEDDING.

MAJOR BONAFFON. (New.) A soft clear primrose, or straw yellow, full in center, eight inches in diameter, and nearly as deep. In perfect form and finish, like Ivory at its best. Habit dwarf, keeping qualities excellent. Foliage well up to the flower, stem stiff. An ideal variety. Bound to be one of the Chrysanthemums necessary to every collection. Was awarded a Columbian medal.

WYNDMOOR. A full and extremely double Japanese variety of largest size, without an eye, solid and well built, having been grown ten inches across. Style and shape of Mrs. I. Clark, except in color, which is a rich chestnut-red, similar to W. W. Coles, but brighter. Habit perfect for bush or exhibition bloom.

GOOD GRACIOUS. Another introduction from Japan, and so remarkable for size as to suggest its name. The first sight of it usually brings forth an exclamation of admiration. The color also is unique, being a delicate shade of peach-pink throughout. The form is remarkable, the petals are incurved and twisted, overlapping each other in irregular fashion, and resembling talons. Of all the splendid varieties introduced from Japan this is perhaps the most remarkable for size, form and color, and stands alone in its unique beauty, there being nothing at all approaching it.

PHILADELPHIA. The sensational variety of the year. It has won prizes and certificates wherever shown. It is an enormous globular Japanese, with broad, incurving petals. Color white, shading to pale lemon, stiff stems and nice foliage, grows about four feet high. The flowers are often twelve inches in diameter. It is undoubtedly the most meritorious variety of the year. It was raised by Mr. Graham, of Philadelphia, and will make his name famous as producing the most wonderful variety up to date. Has won twenty-eight first prizes.

THE VERY BEST SET OF CHRYSANTHEMUMS EVER OFFERED.

Price, 10 cents each, except where noted. The Set of 7 beautiful New Chrysanthemums for 50 cents. No further discount allowed on this offer.

MADISON SQUARE GARDEN, or NEW YORK

Prize Set of CHRYSANTHEMUMS

MRS. HENRY ROBINSON.

In the entire Chrysanthemum family there is no grander white variety, no matter when it blooms; it is of the most popular style—immense incurving, broad-channelled petals of great substance and the purest white—can be used a few days earlier, but it is a sin to cut it until the center petals have begun to develop; from a flat incurved form it gradually changes into a perfect ball of snow, 16 to 18 inches in circumference. Foliage as handsome as that of Mrs. Jerome Jones; a variety of the easiest management. We do not think that it possesses a single fault. Winner of twenty-six first prizes.

MAUD DEAN.

Grand, rosy-pink, of fine build and large size; color extra good; one of the very finest among pinks. Should be in every exhibition collection.

BRIGAND.

A magnificent, broad, slightly reflexed Japanese bloom; deep, rich crimson, as bright in every respect as Cullingfordii, the flower being over twice the size of that popular variety. Nothing brighter or better among reds.

MERRY MONARCH.

This is very large; lemon white, and indispensable to all Chrysanthemum collections. Brings an immense incurving flower that startles the beholder. Certainly fine. Has won eighteen first prizes.

LADY PLAYFAIR.

This is one of the grandest of all the lighter shades of pink and is the finest of all the incurving varieties of this color. In size one of the largest, elegant in finish, color exquisite. Early midseason. One of the finest for bush form.

MISS LOUISE D. BLACK.

Color reddish orange, height four feet, terminal bud, somewhat like Dailedouze in habit; flower compact, very full and terminal, after the general style of Mrs. L. C. Madera, but fully one-third larger. Lasts an indefinite length of time, either on or off the plant. This color is the richest imaginable shade of orange; makes a grand pot specimen. Winner of ten prizes.

HENRY L. SUNDERBRUCH.

This variety, now four years old, is only recently being accorded its proper position, which is that of grandest yellow of its own blooming season and the peer of any midseason variety. By a little management it can easily be gotten in by the 25th, and is grand in the extreme. Size, circumference 16 to 18 inches, form, color, habit, height, vigor—all are perfect.

Chrysanthemums  STANDARD VARIETIES.

PRICE, 5 CENTS EACH. YOU MAY SELECT ANY TWENTY-TWO FOR \$1.00.
ANY TEN FOR 50 CENTS.

SPECIAL OFFER.—We will send twenty-five choice Chrysanthemums, strictly our selection, selected from this list and from our choice collection of four hundred kinds, for \$1.00. No further discount on this offer.

Ada Spaulding.—Lavender, pink and white.

Abraham Lincoln.—Rich cream color; extra fine.

Admiration.—Creamy white, changing to rose.

August Swanson.—Immense flower of rich red.

Beau Ideal.—Bright, deep rosy-pink.

Christmas Eve.—Magnificent pure snow-white.

Challenge.—A perfect globe of gold.

Christopher Columbus.—No doubt the finest red.

Exquisite.—A deep, clear pink; very fine.

Eva Hoyt.—Immense double, bright yellow.

Elmer D. Smith.—Cardinal red, very rich.

Eugene Dailedouze.—The brightest of all yellows.

Edward Hatch.—Soft lemon, suffused pink.

Fantasia.—Blush white, very fantastic.

Francis M. Ward.—Purest snow-white, immense.

Flora Hill.—The most perfect of all the whites.

Fisher's Torch.—A magnificent, red variety.

Fair Maid of Perth.—Pure white, tipped rose.

Geo. W. Childs.—Deep, rich velvety-crimson.

Gloriosum.—A lovely clear yellow, whorled.

Gorgeous.—Deep golden yellow, richest hue.

Hallowe'en.—Mistletoe color, grand.

Ivory.—Pure white, of exquisite form and finish.

Innocence.—A chaste and beautiful white.

Inter Ocean.—A pure ivory white, extra.

Judge Hoitt.—Pale pearly-pink, magnificent.

Jessica.—Very early, large white.

King's Daughter.—Fine, pure snow-white.

Lillian E. Bird.—Beautiful quilled shrimp pink.

Mrs. John Wannamaker.—White and pink, nicely blended.

Minerva.—Immense yellow, fine form.

Mrs. W. K. Vanderbilt.—A large flower of purest white.

Mrs. E. G. Hill.—Delicate lavender pink, grand.

Mermaid.—Very delicate, bright pink.

Mistletoe.—Deep silver, flushed crimson.

Murillo.—Deep velvety-crimson.

Mrs. Hicks Arnold.—Deep old gold, rich.

Mrs. C. H. Wheeler.—Bright orange, lined deep-red.

Mrs. Langtry.—Snow-white, ribbon petals.

Mrs. C. E. Coleman.—Red and gold, tipped rose.

Mrs. Maria Simpson.—Soft chrome-yellow, fine.

Mrs. Fanny Marchman.—Salmon red, cupped flowers.

Mrs. Frank Thompson.—Creamy-white, striped carmine.

Marvel.—Waxen white, blotched wine color.

Mrs. Jerome Jones.—Cream white, tinged pink.

Miss Gladys Spaulding.—Pure white, twelve inches across.

Mrs. Anthony Waterer.—Resembles a bunch of pink ribbon.

Nellie Elverson.—Exhibition bronze, very fine.

Peculiarity.—Bright rosy-crimson.

Pitcher and Manda.—Pure white, center yellow.

Ruth Cleveland.—Delicate silvery-pink.

Sunny South.—The largest yellow in existence.

The Queen.—A grand double white.

White Dragon.—Pure snow-white, feathery.

Early Flowering Chrysanthemums.

We have a great deal of inquiry for Chrysanthemums that will flower early. So many complain that their Chrysanthemums are killed by frost in the garden before they bloom that we have made selection of the very earliest varieties and offer them here in this set, giving date of flowering.

—PRICE, 20 CENTS EACH; THE SET OF EIGHT FOR \$1.00.—

Lady Fitzwygram.—(Sept. 22.) A lovely pure white of the largest size.

Madame Gastellier.—(Sept. 20.) Color very pure white; very feathery and graceful. A gem among the early varieties.

Glory of the Pacific.—(Oct. 10.) The very best early pink, of magnificent size and depth.

Golden Harvest.—(Oct. 15.) Very large Japanese variety; color light yellow, shading deeper.

Mrs. Henry Robinson.—(Oct. 15.) Pure white, of lovely form. One of the very prettiest Chrysanthemums.

Dorothy Spaulding.—(Oct. 15.) A most beautiful pink variety, with massive flowers. A perfect globe.

Casco.—(Oct. 15.) In color it is unique; being a light shade of garnet. Very attractive.

Sundew.—(Oct. 10.) Extra fine, large, sun-colored bronze; of great substance. None finer.

The Beautiful Calla Lilies.

CALLA :::: **EGYPTIAN LILY.** This is the well-known Egyptian Lily, or Lily of the Nile, with large, white flowers, broad foliage, and it will prosper under very adverse circumstances. If you want large Callas send to us, as we are headquarters for them. We have three sizes. Price, small plants, to bloom next Winter, 10 cents each; strong blooming bulbs, 25 cents each; extra strong bulbs, that will produce a dozen blooms, 50 cents each.

CALLA :::: **SPOTTED CALLA.** A plant with beautiful spotted leaves. It flowers abundantly during the Summer months, when planted out in the open border. The flowers are shaped like those of a Calla, and are pure white, shaded with violet inside. Keep dry in Winter, and start in the Spring, like a Dahlia. The plant belongs to the same order as Calla Ethiopica. Price, blooming bulbs, 15 cents each; large bulbs, to produce an abundance of bloom, 25 cents each.

THE :::: **BLACK CALLA** :::: The introducer says: "Its flowers are enormous, fully a foot in length. Color a clear, coal black, so intense that it really shows a brilliancy, and as may well be imagined, it is a flower of the most striking oddity and beauty. The bulbs are large, and should be potted in the Fall, and when growth commences set in a window. After blooming the foliage will die down, and the bulb should be kept dry for planting again in the Fall. It is a native of the Holy Land. Treat same as for White Calla Lily." This is a very beautiful Lily. We have flowered it extensively. It is coal black, and is a great curiosity. It is very scarce. Price of large flowering bulbs, 60 cents each.

NEW DWARF :::: **EVER-BLOOMING CALLA LILY** ::::

THE MOST WONDERFUL OF ALL PLANTS. It is our good fortune to have come into possession of this most valuable of all Callas. The following facts will convince any one of its great superiority over the old sorts: It is of dwarf habit, and does not grow tall and scraggy like the old variety, but is compact, with a great abundance of lustrous, dark green foliage. It is a true ever-bloomer, its flowers appearing in great abundance both Summer and Winter when grown in pots, or it will bloom profusely all Summer long in the open ground, and being potted in September will continue blooming without intermission all Winter. The same plant will grow and bloom for years without once ceasing, and the quantity of bloom which a good plant will produce is astonishing. It is estimated that six plants of the old sort will not produce so many flowers in the course of a year as will one plant of this new dwarf variety. A large plant is hardly ever without one or more flowers, and its dwarf, compact habit makes a much more desirable pot plant than the old variety. Its flowers are large and snow-white in color. All in all it is one of the most desirable plants we ever offered. Price, bulbs of blooming size, 50 cents each; extra large size, 75 cents each.

SPECIAL OFFER.

The four varieties of Calla Lilies, all of best blooming size, for only \$1.00.

JACK FROST.

Note what long stems it can be cut with.

Monthly, or
Ever-blooming **CARNATION PINKS.**

The Latest Splendid Novelties.

THE "PEERLESS" COLLECTION
OF NEW CARNATIONS. :: :: ::

Price, 10 cents each; any three for 25 cents.
The entire set of eight "Peerless" Carnations for 60 cents.

Jack Frost. This variety is the largest white Carnation in cultivation. Often measures four inches in diameter. The flowers are of the purest white, with petals of great substance, making it one of the very best.

FAIRY PRINCESS. This is the most beautiful Carnation we know of. The flowers are very large and perfect in shape. The color is a pure snow-white, delicately penciled with bright crimson. Elegantly fringed. A charming variety.

FIELD OF GOLD. This is a pure yellow Carnation, of strong growth and very profuse flowering. There is no stripe at all in it, being a straight out-and-out deep, rich, golden-yellow, without any color whatever, under any circumstances. The florets are large and double, as in Buttercup, and, taken all in all, it is the very best yellow Carnation out.

DELLA FOX. Its color is almost indescribable. Of a rosy, orange shade, striped and flaked with carmine, never bursts its calyx, is very free and early flowering, and can always be cut with a long stem, a most desirable feature in the colored Carnation nowadays.

JUBILEE. Very dwarf, and of a nice, bushy growth, forcing very long flower stems; each individual flower possessing a stem varying from three to eight inches in length. It has perfectly-formed flowers. Color a rich, bright, dazzling scarlet. We unhesitatingly recommend this sort.

ABUNDANCE. Flowers very large and perfect in form. Color a bright, rosy-pink, with salmon shading when the flower is fully expanded. A very healthy grower and remarkably free bloomer. Plant dwarf, growing about fourteen inches high. This we consider one of the best pink varieties ever offered, and an excellent variety for pot culture.

YELLOW JACKET. The color of the flower is orange, flaked, and is broadly striped with delicate carmine. Very bright and attractive. Very fragrant. It has proved one of the freest bloomers within our knowledge, single plants often carrying forty to sixty buds and blossoms at one time. One of the very best varieties.

BON TON. This is by far the darkest Carnation ever seen, and at the same time the most abundant bloomer. Brilliant, dark red, shaded with the richest maroon, fringed petals, nearly every flower being on a long stem. This variety surpasses in richness of color the most perfect Jacqueminot Roses.

"Excelsior"
Collection of.....

New Carnations.

Price, 10 cents each; any three for 25 cents.
The entire set of eight "Excelsior" Carnations for 60 cents.

Empress. The color is of the darkest and most intense velvety-crimson maroon, very dark, and at the same time very bright.

ARMAZINDY. The "Pink of Perfection." Probably the most beautiful Carnation yet introduced, and must become very popular. Flowers are a pure satiny-white, and marked and shaded with rosy-pink, good size, perfect form, never bursts. It is the strongest and sweetest-scented Carnation we know. A perfect beauty.

PAINTED LADY. Another grand Carnation, with enormous-sized flowers, often measuring three and a half inches in diameter, and at the same time being one of the freest-blooming Carnations we have ever seen. Ground color of flower the purest white, very handsomely penciled with the richest crimson.

TRIUMPH. This variety has been greatly admired wherever it has been seen, for its desirable color, being a beautiful, pure rich pink, flowers large size and very freely produced. Plant of grand habit and vigorous growth. It is a superb variety.

ALASKA. This beautiful white Carnation is remarkable for its extremely vigorous growth, very large flowers, perfect shape, purest white. Indeed, for size and freedom of bloom, purity of color, which is immaculate, sweetness of perfume that is delicious, vigorous growth, it has no equal. The best white by far out of a dozen varieties we have of that color.

ROSE QUEEN. One of the most fragrant Carnations we have seen. Color a pure soft rose, a most continuous bloomer and distinct in color from any other sort offered. Greatly admired by all who have seen it growing here.

HELEN KELLER. A most superb Carnation, one that has created a sensation everywhere. The flowers are very finely shaped, and they often measure four and one-half inches in diameter. Flowers a pure white, with distinct markings of Carnation-red.

SUNRISE. An entirely distinct color, orange ground, striped with crimson, flowers full, double-fringed, and of rich color and fragrance, unsurpassed by any variety in its profusion of bloom, and of a strong, vigorous, healthy growth, hitherto unknown in the yellow or orange colors. A variety certain to become a standard sort, as it possesses every good quality.

Both the "Peerless" and "Excelsior" collections of Carnations, sixteen most distinct sorts, for only \$1.00. You cannot duplicate these for this sum elsewhere.

EMPEROR.

Ever-Blooming Dwarf Cannas.

"SUPERB" COLLECTION.

These are the best varieties in cultivation. Always in bloom. They are not like the old varieties of Cannas that seldom flower, but are always covered with their large, handsome trusses of bloom. Be sure and give them a trial.

PRICE OF PLANTS TO BLOOM THIS SPRING AND SUMMER, 15 CENTS EACH.
THE SET OF EIGHT FOR \$1.00. ANY FOUR FOR 50 CENTS.

CULTURE.—The soil can hardly be too rich and porous. Equal parts manure, loam and sand, with a little peat, form best mixture. Plants must be kept in a growing temperature of sixty degrees. Liberal supplies of manure water are of great benefit. Always when growing keep well watered.

EGANDALE. Without the least hesitation we pronounce this the best of all dark-leaved Cannas for bedding that has yet come under our notice. Flowers are of good size, and borne in compact heads, and in such profusion that a bed of them is a perfect mass of color unequalled by any other sort. The color is a deep currant-red, of a peculiar and pleasing shade, and different from any other.

MADAME CROZY. The color is a brilliant vermilion-scarlet, bordered with deep golden yellow. The flowers are borne in great clusters, and in such profusion that they crown the plant with a blaze of glowing color.

PAUL MARQUARD. The individual flowers are large, and the flower spike very large, each flower standing out separately by itself. The flower is as fine as the finest orchid. The color is a bright salmon, with a carmine tint.

FLAMINGO. Flowers four inches in diameter, with almost flat face, forming a spike of glowing crimson color, once seen not soon to be forgotten. Very free, a plant often bearing three or four trusses at a time, and may almost be termed ever-blooming from the beginning to the end of the season.

J. D. CABOS. A strong grower, leaves lanceolate, green, strongly shaded with purple, flower stalks numerous, flowers large and round, color a rich apricot, with deeper shadings. Very striking.

FLORENCE VAUGHN. Conceded by all who have seen it to be the finest yellow spotted Canna. Flowers very large, of the most perfect form, with broad, overlapping petals nicely rounded at the ends. Color a brilliant yellow, spotted with bright red. A strong, robust grower, and flowers very freely.

ALPHONSE BOUVIER. This is the grandest of all Cannas for outdoor bedding. It is a very luxuriant grower in good ground. It begins to bloom very early, and is one continuous mass of crimson the entire season. The tips of the shoots are surmounted by immense clusters of bright crimson flowers of the very largest size, and nothing can excel their brilliancy.

CHARLES HENDERSON. A glowing crimson color, but of dwarf habit, growing about three feet in height, and bearing its immense, compact heads of bloom erect and well above the foliage. The form of the flowers is very fine indeed, well opened and of good substance, standing the sun well.

Novelties in Cannas.

PRICE, 20 CENTS EACH; THE SIX FOR 75 CENTS. ANY THREE FOR 40 CENTS.

Alsace. The white Canna. It opens light yellow, and turns to a creamy-white. It is indispensable where contrast is necessary.

ITALIA. The gigantic flowering Canna. This kind produces the largest flowers which have been obtained as yet in the way of Cannas. Above the perfect foliage emerge numerous elegant gigantic and wonderful spikes of flowers. The outer petals are scarlet, with a very broad, golden-yellow border. The inside of the blooms is scarlet and dark red. Exceedingly beautiful.

AUSTRIA. The new Orchid-flowered Canna. The flowers are truly gigantic in size, the three upper petals spreading fully seven inches, and the form is really semi-double. Toward the inner part the petals show fine crimson spots. All the rest of the flower is of a most beautiful, rich canary-yellow. The plant is a very strong grower, five to six feet high, with leaves with a texture like rubber.

MAIDEN'S BLUSH.

The only absolutely pure pink Canna in existence. Elegant.

QUEEN CHARLOTTE. The flowers are very large. They are borne in immense heads, well above the foliage, and are most striking in color. A bright orange-scarlet, deeply edged with bright canary-yellow.

PAPA CANNA. Monsieur Crozy claims this variety as his finest variety to date, and it certainly is a grand addition to the already gorgeous array of reds. It is not quite three feet high. It bears immense spikes of flowers, the florets being of the grandest size and finest form. Color pure red. Very graceful in habit. Foliage light green. Produces a mass of bloom.

ALSACE.

FUCHSIAS.

THE BEST VARIETIES. ANY SIX FOR 50 CENTS.

New Double White Fuchsia, WHITE GIANT.

The largest and best white Fuchsia grown. Fine form, very double, color a pure white. We find it to be an excellent Winter bloomer. Price, 10 cents each.

FUCHSIA,

BLACK PRINCE. The grandest of all Winter bloomers. It is really one of the most charming and desirable Fuchsias in cultivation, and should be better known. It is a genuine Winter-bloomer, and all who know it value it very highly for this quality. The habit of the plant is erect and compact, presenting a decidedly neat and attractive appearance as a pot plant. The star-shaped flowers are produced in profusion, and begin when the plants are quite young. Indeed, the plants in our houses in all stages are rarely seen without flowers. The tube and sepals are light sky-blue. It blooms quite freely, plants in two-inch pots frequently producing flowers; but large, well established plants will bloom more freely and produce larger clusters. We have seen a plant of this Fuchsia six feet high and five feet through, and by actual count it was loaded with over five thousand of its bright blooms. It was an object of beauty not soon forgotten. It is of the easiest culture, requiring the same treatment as other Fuchsias. No plant will attract more attention than a well grown specimen of Fuchsia Black Prince. Its clusters of long, drooping, tube-like, brilliant flowers, and very large, green foliage, give it a most striking and beautiful appearance. Price, strong plants, 10 cents each.

FUCHSIA,

ROSAIN'S A splendid double white variety, in the style of that fine variety, "Col. Dominic." A wonderfully free bloomer and quite early. Tube and sepals rosy-carmine, corolla of the purest white. Price, 10 cents each.

FUCHSIA,

MONSIEUR A splendid variety, with large, handsome foliage of a delightful green tint. The foliage alone would make it worthy of cultivation. The flowers are single, of unusual size, sepals dark red, corolla rose-vermillion, tinted violet. Price, 10 cents each.

FUCHSIA,

PRESIDENT F. GUNTHER. A grand sort, with large, double flowers, the sepals of delicate carmine. The corolla is a bright lilac, darkened with violet. A beautiful and fine variety.

A Fuchsia that gives entire satisfaction. Price, 10 cents each.

Fuchsia, GENERAL ROBERTS. A remarkable, beautiful variety of drooping habit. The blooms are from four to five inches in length, borne in large clusters, single corolla, of a rich plum color, tube and sepals crimson. A well-grown plant attracts attention anywhere. Price, 10 cents each.

FUCHSIAS.

STANDARD VARIETIES.

Price, 10 cents each; eight sorts, our selection, 50 cents.

Arabella.—Tube and sepals pure white, corolla a rose color.

Carl Halt.—A white and red striped variety. A very graceful and beautiful variety.

Champion of the World.—Large, double flowers, well reflexed, and of a most beautiful coral-red, corolla a most intense, bright, dark purple.

Elm City.—Sepals a rich crimson, corolla a deep purple, double, very free-flowering. Extra fine.

Earl of Beaconsfield.—The blooms are three inches in length and of great substance. The tubes are of a light, rosy-carmine, corolla deep carmine.

Lustre.—Tubes and sepals pure white, vivid crimson corolla.

Monstrosa Superba.—Corolla pure white, very double, immense size and free bloomer.

Madame Van der Strauss.—Fine, large, elegantly formed, sepals long and well reflexed, pure red, corolla large, double, white.

Paris Muriel.—Strong and bushy. The tube and sepals are a brilliant, deep scarlet, thick and leathery in texture. The corolla is very large and double, pure white.

Speciosa.—A Winter-blooming variety of large size, tube and sepals a bluish, corolla bright crimson. Desirable.

Wave of Life.—Golden foliage, dark purple flowers.

FUCHSIA, MRS. HILL.

New Double-White Fuchsia, MRS. HILL. The engraving shown herewith was made from a plant in flower of this grand new Fuchsia. The flowers are of immense size, tube and sepals short, rich, reddish-crimson, corolla very large, very double and paper white, not flesh color, as in most varieties. Its habit is a marvel of health and vigor, foliage large, growth neat, upright, bushy and symmetrical, and it is a constant bloomer. It requires no special treatment, but will thrive and bloom with ordinary culture. Does not "rest" like the Storm King, but blooms continuously. It has been called a "White Phenomenal." Mr. Lemoine, the celebrated French horticulturalist, writes: "Mrs. E. G. Hill is, without doubt, the grandest Fuchsia of any color introduced for many years." Another prominent horticulturalist says: "It is undeniably the most perfect and beautiful double white Fuchsia ever raised. It must and will win its way into favor everywhere." Our stock of this grand novelty is genuine, has been most carefully grown, and is sure to give entire satisfaction. Price, 15 cents each.

NEW PERPETUAL DOUBLE-FLOWERING WEEPING FUCHSIA,

STORM KING. This beautiful novelty, introduced a few years since, is a decided acquisition, and deserves a place in every garden. Our stock is genuine, and we give the description of the introducer: "This grand variety is of the most beautiful weeping habit. The branches drooping as they do, lend the plant a charming grace which is rarely found. Branches numerous, leaves small and numerous and of the most beautiful, glowing green. The buds, for two weeks before they expand, are bals of glowing, scarlet-crimson. The flowers continue to grow larger and larger after they expand. The sepals are of the same glowing, scarlet-crimson as the buds, while the large double corolla is of delicate, waxy whiteness, elegantly penciled with deep, bright crimson. Its flowering qualities are most remarkable, for it is never out of bloom when in healthy condition. To keep a plant blooming all the time, many of the buds must at times be removed, or the plant will bloom itself to death." Price, 15 cents each.

THE KING OF FUCHSIAS,

PHENOMENAL. Of enormous proportions, being very double, very broad, of great substance, well reflexed, of a most beautiful coral-red, corolla intense bright sky-blue. This is without comparison as a novelty. It is the largest Fuchsia grown. Price, good, strong plants, 15 cents each.

NEW DOUBLE FUCHSIA,

JUPITER. All lovers of this beautiful class of plants will be pleased to note the addition of another variety of Fuchsias that produces such wonderful large flowers as Phenomenal. Jupiter is a sport from that variety, and is similar in every respect, except in the coloring of the corolla, which is a beautiful shade of light magenta, with dark crimson veins. This variety is a valuable addition to the Fuchsia class of plants. Price, 15 cents each.

PALMS.

The following is a select list of rare and handsome varieties that can be recommended for apartments, conservatories, decorations or vase plants during Summer. They are all grand plants, and of the easiest culture.

NOTICE.

It may be well to state here that young Palms do not resemble the illustrations given, as they do not show their character leaves until the second year, so that when you get your small Palm plants and see long, narrow leaves instead of the character leaves as shown in the illustration, do not think the wrong kind has been sent you.

A GREAT BARGAIN.
Four Choice
Palms, our se-
lection, for 50c.

ARECA LUTESCENS.

Areca Lutescens.—A most elegant Palm. One of the best for general decorative purposes, easily grown, useful in every stage of growth, fine color, graceful habit, and pleases all. Price, 25 cents each; fine plants, \$1.00 to \$2.00 each.

Seaforthia Elegans.—A most graceful Palm, eminently adapted for decorating greenhouse and garden. Makes a fine window plant. Leaves long, gracefully arched, dark green, and the whole plant is perfectly smooth. Price, 25 cents each; fine plants, \$1.00 to \$2.00 each.

COCONUT PALM.

Cocos Weddeliana.—Undoubtedly the most graceful Palm yet introduced to our collection. The stem is slender, leaves long and very beautifully arched, leaflets or pinnæ very fine, deep green above, white below. Price, 60 cents each.

Latania Borbonica.—The well-known Fan Palm. This is one of the most exquisitely graceful among Palms. Its wide-spreading, gracefully arching leaves are elegant and effective for apartment decoration. It is considered the handsomest and most valuable of all the Palms. Price, 25 cents each; fine plants, \$1.00 to \$2.00 each.

Kentia Fosteriana.—This is one of the finest pot plants imaginable and the easiest to grow of any of the Palm family. Being almost hardy, it is not injured by slight changes in temperature, and its stiff, glossy leaves enable it to stand the dry, hot air of the living room without injury. The leaves are a deep, glossy-green, fan-shaped, split deeply into segments. This is, without exception, the most hardy of its class. Very graceful for table decoration. Scarcely equaled. Price, 50 cents each; strong plants, \$1.00 to \$2.00 each.

Oredoxia Regia.—(*Royal Palm*.) This favorite Palm is beautiful in all stages of growth. No plant is more easily grown and none more tenacious of life, enduring the dust, the cold and heat from open windows and gas-heated air of our dwellings. The demand for this particular kind is perhaps five times that of any other. Leaves large, fan-shaped, of a cheerful green color, plant of hardy constitution, adapted to all decorative purposes, within or without doors. Price, 25 cents each; fine plants, 60 cents to \$2.00 each.

WASHINGTONIA FILIFERA.

Washingtonia Filifera.—A beautiful Palm is one of the finest additions that can be made to any collection of plants, but the high prices of the best varieties have prevented most people from possessing one. Then again there are but few of the best sorts which succeed well with ordinary window culture. It is therefore with pleasure that we are now able to offer one of the most beautiful sorts in existence, and one that is hardy and robust enough to succeed anywhere, at a price which brings it within the reach of all. It has elegant dark-green, fan-shaped leaves, from which hang thread-like filaments as seen in cut. The plant is a compact grower, well adapted to pot culture, succeeding in any situation, and with any treatment that will keep a Geranium alive. It will flourish in any window for anybody, making a grand ornament during Winter, and in Summer it can adorn a veranda, or be placed about the garden or yard, or used for a center in a vase, basket or flower bed—always ornamental anywhere. All Palms of the fan-leaved sorts have, when young, leaves of a long, narrow shape, developing the round fan-shaped ones as they grow older. Therefore, when you get your plant and see long leaves instead of round ones, do not think that a wrong sort has been sent you. Price, 10 cents each; three for 25 cents. Strong plants, 50 cents each.

SWEET-SCENTED JASMINES.

Maid of Orleans.—In this beautiful Jasmine there are combined some sterling qualities that place it a peer over existing sorts. Of easy culture, fine grower, good bloomer, elegant fragrance, and double flowers of chaste and waxy-white appearance. If you only have one Jasmine, let it be this one. Price, fine plants, 20 cents each; strong plants, 40 cents each.

Jasmine Gracillimum.—Exceedingly floriferous. A flowering shoot is produced from every joint, which terminates in a dense cluster of pure white, fragrant flowers. In bloom in the greenhouse from October to February. Price, 15 cents each.

Grand Duke of Tuscany.—This Jasmine is very easily grown, even small plants bearing a profusion of very double, cream-white flowers, having a delicious perfume. It is a magnificent plant, and will become one of the most valuable and popular pot plants when it becomes better known. It can be stored in a dry cellar in winter. Price, 20 cents each; strong plants, 40 cents each.

Revolutum.—A yellow-flowered Jasmine, nearly hardy and exquisitely fragrant. Price, 10 cents each.

Jasmine, Cape.—Well-known for its delicious fragrance and beauty of its flowers, which are white and double. Price, 15 cents each.

Petrea.—Similar to the Jasmine Grand, flowers smaller, but borne on larger spikes. Price, 10 cents each.

Grandiflorum.—(Catalanian Jasmine.) From Italy. Flowers are pure white, star-shaped, of exquisite fragrance. Price, 10 cents each.

SPECIAL OFFER.—The seven Jasmimes for 75 cents.

Confederate, or Malayan, Jasmine.

Rhynchospermum Jasminoides.

CONFEDERATE JASMINE.

This makes an elegant hard-wooded climber, or can be trained in bush form. It bears large bunches of pure white flowers, with the most delicious Jasmine perfume. It is known in the South, where it is hardy, as the Confederate Jasmine. A great plant for house culture. Also known as Malayan Jasmine. It will delight all. Price, 15 cents each.

JASMINE,
MAID OF
ORLEANS.

Dahlias.

Our Set of twelve best "Fancy Dahlias." Price, 25 cents each, or the entire set for \$2.50. Any six, \$1.25.

Amazement.—Yellow, striped with crimson.

Butterfly.—Orange, tipped with scarlet.

Crimson King.—A rich, glowing crimson.

Duchess de Cambridge.—Blush, tipped and edged with dark purple, fine form.

Deutscher Goldmeteore.—Golden-yellow, broad crimson margin.

Deutscher Turnergrass.—Crimson-scarlet, edged with white.

Dom Pedro.—Scarlet, tipped white.

Fascination.—A deep, rosy lilac.

Fanny Purchase.—A fine, pure yellow.

Flora.—Deep purple, shaded lilac.

Guiding Star.—Pure white, and of exquisite shape.

Wacht am Rhein.—Richest maroon.

ALOYSIA CITRIODORA.—Lemon Verbena.

Foliage delightfully fragrant. To simply bru h against it is enough to scent a whole room with its delicious odor. Planted out of doors it grows into a fine, large clump, and it can be taken up in the Fall and wintered over in the cellar. Price, 10 cents each; two for 15 cents.

SMILAX.

For using as a green with cut flowers it has no equal, its hard texture enabling it to keep for several days without wilting after being cut. It is also fine as a parlor or window plant. Price, 5 cents each.

CHINESE HIBISCUS. x x

LARGE GROWING tropical shrubs, with very glossy foliage. The plants under the hottest sun produce enormous flowers in great numbers, and make noble specimens. They can be grown in tubs and kept for years. The blossoms average five or six inches in diameter, and are gorgeously colored. A very good way to make them bloom freely and to facilitate the lifting in the Fall is to transplant into a pot two or three sizes larger than the one that it has grown in, then plunge the pot altogether into the ground, the soil to cover the surface one or two inches. Sufficient nourishment can be found by the top and bottom roots to make the plant bloom well without starting it to grow too vigorously, and therefore to bloom less. Then in the Fall the plant can be lifted without injury and transplanted again and kept in a shady, cool place, until fully recovered, it will, in a warm, sunny window or in a warm room, bloom constantly. Price, 10 cents each; eight sorts, of our selection, for 50 cents. Large two-year-old plants, to bloom at once, 25 cents each.

Carmenatus Perfectus.—Full round flower of perfect shape, and of a rich, soft carmine rose, with deep crimson eye.

Collerii.—Flowers buff yellow, with a crimson scarlet base. Peculiarly handsome.

Cooperii Tricolor.—This beautiful Hibiscus has the most lovely foliage of deep green, crimson, pink and white, blended nicely, flowers deep crimson.

Double Crimson.—This grand variety has immense flowers of the richest crimson. Combined with glossy foliage renders it the best of all.

General Courtigis.—A very grand, large-sized flower, single, light scarlet, very showy. This is the brightest of all.

Grandiflorus.—Rich, glossy foliage, literally covering the plant with scarlet crimson flowers.

Miniatius Semi-Pleatus. Semi-double flowers of a brilliant vermilion-scarlet, petals waved and recurved, and very handsome.

Versicolor.—A variety combining in its flowers all colors of the whole family, being handsomely striped crimson, buff, rose and white.

Magnificus. A very large flower, and of perfect form. Color a deep magenta, ends of petals touched with brown, foliage finely toothed.

Schizopetalus.—A curiously formed flower pendant, the petals in a whorl, orange red, totally unlike any other Hibiscus, or indeed any other flower, the petals are open like lace-work. Not only a great curiosity, but highly ornamental.

Senator Evans.—A beautiful Hibiscus. The shape of its flowers is identical with the Aurantiaca, and has the same purple markings at base of petals. A bright lemon color.

Sinensis Giganteus.—This is a plant for house culture during Winter or Summer, or for plunging outside during Summer. It blooms at all times during the year. The plants make a hard wooded shrub like an Oleander, branching freely and flowering profusely, commencing to bloom when not more than a foot high. As a specimen plant for large pots or tubs it has an equal only in the Brugmansia. Its flowers are of enormous size, often eight to ten inches across, opening flat, and of such a vivid crimson scarlet color that they can be seen for a long distance like a flaming torch. It is hard to find anything among flowers more strikingly showy. They can be wintered in a cellar or pit with perfect safety, and if one does not care to grow them all Winter, one should have one or two for Summer display. No plant is surer to grow and thrive under any treatment than this, and few can ever be so satisfactory. Price, 15 cents each.

The color of this variety, instead of being orange, is

Hibiscus Aurantiaca.—Large, double, orange-colored flowers.

Sub Violaceus. Flowers of enormous size, of a beautiful carmine, tinted with violet, probably the largest flower of the Hibiscus family, and an unusually free bloomer. We take great pleasure in recommending this fine plant.

Zebrinus. Double, the outer petals scarlet, edged with yellow, inner petals are very irregular, curiously variegated with creamy-yellow white.

SPECIAL OFFER.—The set of Hibiscus, fifteen varieties, splendid plants, for \$1.00.

x x CROTONS. x x

THE Crotons are among the finest decorative foliage plants known. As easy to grow as Coleus, and much brighter in their coloring. Our customers everywhere, especially in the South, should bed out Crotons. The leaves of all are more or less veined and margined, sometimes entirely variegated with shades of yellow, orange and crimson. Some have long, narrow leaves, arching gracefully fountain fashion, others are broad and short, oak-leaved. Some recurve very much, others are twisted, corkscrew-like. Crotons love heat, sunshine and moisture. The Crotons are fast becoming one of our most beautiful bedding plants, and are also one of the handsomest house plants in pots. Price, 10 cents each; three for 25 cents; seven choice varieties, all different, for 50 cents.

Aurea Maculatus.—Small leaves, neat habit, deep, bright green, profusely spotted with bright yellow.

Cornutum. Green, with a profusion of yellow spots.

Acubifolium.—Mottled with red and yellow.

Disraeli.—A lobed variety with golden-yellow ribs and spots.

Interruptum.—Long narrow leaves, spotted with yellow.

Irregulare.—Leaves irregular in shape, often changing in form; has different shades of yellow, orange and crimson.

Multicolor.—Dark green foliage, marked yellow and crimson.

Majesticum.—Mottled and margined with crimson and yellow.

Nobilis.—Pendulous leaves, richly colored crimson and yellow.

Variegatum.—Veins broadly veined with golden-yellow.

Weismannii.—Long, narrow leaves, mottled with golden-yellow.

PEPEROMIA, MACULOSA, or Watermelon Geranium.

The leaves are distinctly variegated with white and green and have the appearance of being powdered with frosted silver. Makes a lovely pot plant of the easiest culture. Always looks well. Price, 10 cents each.

x x MAGNOLIAS. x x

Fuscata.—(BANANA SHRUB.) This is a dwarf-growing, true Banana Shrub. It is always scarce and difficult to procure. We have succeeded in securing a fine large stock and offer it reasonably. In April and May is when it gladdens the heart with its profusion of small flowers, exhaling a most exquisite fragrance, similar to a ripe Banana. This is a decidedly great favorite, and, with Olea Fragrans, makes the two very finest and most elegant of all shrubs for the South. Price, 35 cents each; strong plants, 75 cents each.

Grandiflora.—This is the king of the Southern broad-leaved evergreen trees. Grows to an immense size, with magnificent wax-like, shining green leaves and enormous creamy white blossoms of the largest size. Price, 25 cents each.

PEPEROMIA MACULOSA.

THE MOUNTAIN BEAUTY.

THE LOVELIEST OF CLIMBING VINES,

The Mountain Beauty.

ANTIGONON LEPTOPHUS, ROSA DE MONTANA. This beautiful climbing vine might well be called the Carmine Wisteria, so similar are the lovely clusters of flowers with those of Wisteria. Apart from the similarity of flowers, it differs from the Wisteria in many ways. It is a native of Mexico. We secured our original stock from there, and after careful treatment have succeeded in getting a quantity of it ready for sale. We believe it to be one of the most beautiful, as well as one of the rarest climbers in existence. Mountain Beauty is hardy with slight protection, and, once planted, is practically everlasting. The foliage, as well as habit of growth, resembles Ampelopsis Veitchii, one of the most popular and valuable of hardy climbers. It surpasses Ampelopsis Veitchii, however, inasmuch as it produces immense clusters of the most exquisite flowers imaginable. The flowers are borne in prodigious profusion, and a well-established plant, loaded with its gorgeous carmine flowers, is one of the grandest sights we have ever seen. Imagine a plant of Ampelopsis Veitchii with its magnificent, large, deep-green foliage covering the entire veranda, loaded down with large clusters of carmine flowers, and you can form an idea of the splendor of Mountain Beauty. This is really a wonderful vine, which will excite the admiration of the amateur planter. It is one of our grandest introductions, sure to become immensely popular because of its handsome foliage and its superb, brilliant flowers. Price is low for strong plants. This is one of the plants you will be sorry to have missed getting when you see it growing and blooming. By all means take our advice and include several plants at least in your order. Price, 15 cents each.

New Asparagus Sprengeri.

When introduced, at a high price, a little over a year ago, this plant was received with some hesitation as to its desirability, but after only a limited trial it has come forward with such prominence that the supply will be inadequate to the demand for some time to come. Not only is it useful for cutting in sprays for cut-flower work, but grown in suspended pots it makes one of the prettiest decorative house plants we know of. It is really handsomest seen drooping gracefully from a pot or basket. Sprays from four to five feet long, of a bright green, feathery foliage, and as it will withstand dry atmosphere and grow well in shade or sunlight it is decidedly the most useful and suitable parlor plant. The flowers are white and very fragrant, followed by bright red berries. Mr. H. H. Battles, the well-known floral artist, says: "Grow all you possibly can of it; it's a grand thing." It is not only a plant that will be used extensively by florists for cut-flower work, but it is decidedly a useful and decorative parlor, table and window plant. It is hardier than any other Asparagus, can even be grown in open ground, and under good treatment will make specimens four to five feet across in one year—plants which have sold at \$5. We have so much faith in it that we are growing 10,000 plants of it now. Price, strong plants, 15 cents each; two for 25 cents.

ASPARAGUS SPRENGERI.

New Asparagus, PLUMOSUS NANUS.

This graceful climbing plant has to a great extent taken the place of the once popular Smilax in all fine decorations. It possesses the advantage of being much more graceful—its foliage being finer than that of the most delicate Fern, and will last for weeks after being cut, the whole plant being of a bright, cheerful green. It is an excellent house plant, succeeding under almost any conditions. Price, 20 cents each.

OLEA FRAGRANS, or TEA OLIVE.

One of the most desirable flowering shrubs of Southern gardens, and also a favorite house plant in the North. Has deep green foliage similar to the Camellia. The white flowers, although small, are produced in great profusion, and emit the most pleasing fragrance. One plant will completely fill the entire house with its delightful perfume. It has been well said that each individual bloom has more sweetness than the most fragrant Lily. The blooming period begins in the Fall and lasts for several months. It is of easy culture, and especially desirable as a window plant. Price, nice plants, ten to fifteen inches high, 25 cents each.

CENTROSEMA,

Look-at-Me, or Ever-Blooming Sweet Pea.

This is one of the greatest novelties. Will grow six to eight feet high or, by cutting back, will form a lovely bush. The flowers, which are produced in profusion, are deep blue and very fragrant. Blooms all Summer. Price, 10 cents each; seed, 10 cents per packet.

EVER-BLOOMING SWEET PEA.

Abutilon. Chinese Bell Flower.

PRICE, 10 CENTS EACH;
THREE FOR 25 CENTS.

Souvenir de Bonne.—New. One of the most valuable novelties of recent years. Totally distinct. Strong grower. Leaves beautiful green, regularly banded with gold, flower stem eight to nine inches long, bloom very large and bright orange-red in color. A beautiful decorative plant, being of fine tree shape.

Shower of Gold.—A beautiful dwarf-growing variety, the whole plant being covered with a profusion of beautiful golden-yellow blossoms.

Robert George.—A free and continuous bloomer. Flowers are broad, their large, overlapping petals incurved, color orange, veined with crimson.

Ellipse.—This is an elegant foliage plant, and one of the prettiest we know. It is new, and the flowers, which are produced in profusion, set the plant off to good advantage.

Thompsoni Plena.—New. Perfectly double flowers that resemble in form a double Hollyhock. Color a rich, deep orange, shaded and streaked with crimson. Foliage variegated.

Madame Chebert.—Very dwarf grower, and the blooms literally cover the plant. Of a clear pink shade.

Snow Storm.—Pure white flowers, and bloom freely. Dwarf.

ABUTILON, SOUVENIR DE BONNE.

CAMELLIA JAPONICA.

Camellia Japonica.

Spring. Requires a moderate and uniform temperature with as little artificial heat as possible. When set with flower buds green care must be taken in watering—when left too dry the buds are sure to drop. We have a fine assortment of those named below.

Price, for large, strong plants, two feet high, 60 cents each. The set of eight kinds for \$4.00.

Camellia, Alba Plena.—Double, white, very fine, the best white.

Lady Hume's Blush.—Flesh color. Extra fine.

Sirsh Frost.—Bright crimson. Fine.

Queen of Denmark—Salmon-rose, fine form.

Leaves glossy-green, flowers of exquisite beauty and waxy texture. From pure white to crimson, in almost endless variegation, the pure white ones generally prized above the colored varieties. Culture nearly related to that of the Azalea, but their success is more certain. Requires shade and moisture throughout the hot season. Time of blooming is Winter and early Spring.

Americana.—Blush, mottled with rose.

Caleb Cope.—Clear blush rose. One of the best.

Fimbriata.—Clear white, with the petals finely fimbriated.

Jenny Lind.—White, with pink stripes.

FOUR BEAUTIFUL VIOLETS.

Of all delightful perfumes that of Violets is the most delicate and pleasant, and places the modest little blue flowers among our greatest favorites. Violets grow and bloom during the dead of Winter with no trouble whatever, if given a cool situation, but will not succeed in a warm place. The following four sorts are the best of all the Violets, and are all distinct in color:

LADY HUME CAMPBELL.—This is the finest of all double blue Violets. It is simply wonderful the number of beautiful flowers it produces. In color it is a lovely shade of the richest intense blue. It is a charming contrast with the white variety. Price, 15 cents each.

New Double White Perpetual-Flowering Violet Swanley White, or Queen of Fragrance.—Of all the white Violets this is the best, either for pot culture in the house or bedded out. In pots it grows luxuriantly, and is loaded with flowers. It is not an uncommon sight to see as many as fifty large flowers open at once, presenting a beautiful sight, their delicious perfume filling a whole room. Price, 10 cents each.

New Violet, California.—This beautiful single-flowered Violet has created a decided sensation. It was raised in California, where it was cultivated by the hundreds of acres for cut flowers. Buyers prefer it to all others. It is entirely hardy and of the richest dark blue, and very fragrant. Price, 15 cents each.

Hardy Double English Violet.—This Violet is entirely hardy, perfectly double, a deep violet-purple color and most deliciously fragrant. It surpasses the well-known "Mane Louise" Violet in richness of color, being many shades darker, and far excels it in its delightful odor. This is one of its greatest merits. It is entirely free from disease of any kind, will grow and bloom in any garden and in any situation. Nothing is more appropriate for cemetery plots than the Hardy Double English Violet. Price, 15 cents each.

The set of four lovely Violets for only 40 cents.

PLUMBAGOS.

Plumbago, Capensis.—This produces large heads of light blue flowers. Has the most peculiar shade of blue of any flower in cultivation. Always in bloom, and an elegant bedder. Price, 15 cents each.

Plumbago, Capensis Flore Alba.—This is a splendid novelty. The exact counterpart of Plumbago Capensis, except in color, which in this beautiful novelty is a clear white. This is one of the leading new plants of the year. Do not confound this with the old worthless white. One of the most satisfactory bedding plants out. We recommend this highly. Price, 10 cents each.

New Pink Plumbago, Sanguinea.—The Plumbagos are very desirable plants for bedding or house culture, and are admired by all for their elegant trusses of bloom and the delicate color of their flowers. The light blue, deep blue and white varieties are well-known favorites, but with the new variety Sanguinea we have something that is entirely distinct and the prettiest of all Plumbagos. The trusses of bloom are larger than in the old varieties, often measuring ten inches in length, and of the loveliest bright pink or deep rose. Order one and be surprised. Price, 25 cents each.

Plumbago, Lady Larpent. This beautiful variety of Plumbago was first popularly introduced in 1890. Since that time it has so thoroughly pleased all who have planted it, achieved such great popularity, which coupled with our own thorough tests and observations, demonstrated that it is unquestionably the most distinct and valuable hardy herbaceous plant now in cultivation. Plants are strong, upright in habit, growing to a height of twelve to fifteen inches in compact clumps, and from the middle of July until severe frost are covered with lovely rich, violet-blue colored flowers borne in close terminal heads. (We had thousands in bloom on our grounds the past season as late as October 25.) Foliage is unique, finely serrated and fringing the stems. We heartily recommend this fine variety for edging walks, beds or borders, or single specimens set in mixed flower vases or beds, where they appear in lovely contrast with other flowers. Price, 10 cents each.

SPECIAL OFFER.—The four beautiful Plumbagos for 50 cents.

PITTISPORUMS.

Pittisporum, Tobira.—An elegant hard-wooded Shrub. Hardy in the South. Makes handsome specimens, growing into a small tree in a few years. It bears small, white flowers in large bracts, or heads, which are so delicious in fragrance as to remind one of orange blossoms. Price, fine plants, 25 cents each.

Lemon of Sicily.

Dwarf.—This is as much of a wonder as the dwarf Orange. It bears the largest Lemons of any variety in cultivation. A single fruit often weighs two to three pounds. A handsome companion for the dwarf Orange, as it bears fruit when quite small. The flowers are as fragrant as the Orange blossoms. Price, 15 cents each; large, strong plants, 40 cents each.

= Otaheite Orange. =

OTAHEITE ORANGE.

This valuable and distinct variety of the Orange family is a dwarf, compact grower, with glossy, deep-green foliage, which has decided odor of the Orange trees of Florida, and is exceedingly floriferous, producing a wonderful profusion of pure white flowers of the most delicious fragrance, identical with the much-sought-for blooms of Southern Orange groves. Otaheite fruits immediately after flowering, bearing fruit about one-half the size of the ordinary Orange, retaining in a marked degree its sweetness. This unique orange cannot be equaled as a Winter-blooming pot plant for house culture, and is of the easiest culture. Requires but little sunlight, and flowers and fruits when but twelve to fifteen inches high. As a pot plant this lovely dwarf Orange is one of the most novel and beautiful that can be grown. With a couple of plants of it you can have an abundance of the far-famed delicate and fragrant Orange blossoms. We have grown a large stock of clean, vigorous plants that will bloom and fruit at once, of this beautiful Orange, and commend it to our friends as a novelty of sterling worth and merit. Price, 10 cents each; large, strong plants, to bloom and bear profusely at once, 25 to 40 cents each.

HYDRANGEAS.

SPECIAL OFFER.—The six Hydrangeas, good plants, for 50 cents.

New Hydrangea, Stella Fimbriata.—This is the only double Hydrangea in existence. The individual flowers are perfectly double and resemble in shape small rosettes, a beautiful pink peach in color, very floriferous; flowers of the largest size. It is certainly a charming plant. Price, 10 cents each.

New Hydrangea, Red-Branched.—(*Ramis Pictus*.) A valuable addition to the list of Hydrangeas, with dark red branches that brighten to a clear crimson color as they near the flower trusses. The plant is of robust habit, and produces freely immense heads of deep, rose-colored flowers. A novelty of sterling merit that is sure to become very popular. This is by all odds the prettiest Hydrangea. Price, 8 cents each.

Hydrangea Otaksa.—A bright, rosy-pink, flowers always perfect, and lasting, when in bloom, three to four months. Try it. Price, 8 cents each.

Thomas Hogg.—A pure white variety, with trusses of flowers measuring fifteen inches in diameter. The plants, when full grown, attain a height and width of six feet. Perfectly hardy. One of the finest plants for cemeteries. Price, 8 cents each.

New Hydrangea, Monstrosa.—This is by far the best of all Hydrangeas, the flower being almost double in size of the older varieties, and its free-blooming qualities are unequalled by any plant we know of. The color is at first a deep, rich pink, gradually changing to almost a snow-white. Blooms have been measured fifteen inches in length by ten inches through. It is indeed an enormous and beautiful flower. Price, 15 cents each.

New Japanese Hydrangea, Paniculata Grandiflora.—A new, very striking and elegant hardy flowering shrub, suitable for lawns, recently introduced from Japan. The flowers are pure white, afterwards changing to pink, and are borne in immense pyramidal trusses more than a foot long and nearly as much in diameter. It blooms in mid-Summer, and remains in bloom two or three months. Creates a great sensation wherever seen. Is scarce and difficult to obtain. The plant is of a bushy and compact growth, attains a height of three to four feet. Perfectly hardy. Price, young plants, 15 cents each; extra strong, two-year-old plants, for immediate effect, 35 cents each.

HYDRANGEA MONSTROSA.

OUR COLUMBIAN COLLECTION.

TEN FLOWERING BEGONIAS FOR 85C.

Price, 10 cents each, or the entire collection of ten varieties for 85 cents. Any five for 50 cents. In ordering, say "Columbian" Collection of Begonias. We reserve the right, should our stock become exhausted, to substitute others equally valuable.

President Carnot.—The leaves are smooth, long, pointed and prettily blottedched. The body of the leaf is a dark green, studded with bright silvery spots. Covered with handsome rosy white flowers. A splendid house Begonia, being of quick growth, and having both handsome flowers and foliage makes it very desirable.

Fuchsoides Coccinea.—An elegant free-blooming variety. It resembles *Hybrida Multiflora* in growth. The flowers are a bright scarlet.

Zebraina.—An erect-growing variety, with a beautiful profusion of pendant leaves. Besides its graceful form the leaf is distinguished by its glistening, silvery shading following the leaf, the body being a very dark, velvety green, under side plum color, vein green. Flower pure white. A beautiful sort.

McBethii.—Of the *Weltoniensis* type, with very deeply indented leaves, which are fine and small. Shrubby in growth, and very free flowering, being constant the year round. A fine Summer bedding plant, if given a light soil and perfect shade. Put it among your Ferns. White flowers, waxy in texture, carried in panicles.

Alba Perfecta Grandiflora.—A begonia that has never been appreciated like it should be, as it is really elegant, and we doubt if there is a white-flowered variety that equals it. The foliage resembles *Rubra* in shape, but is a lighter green, while the flower panicles are much handsomer. A pure white-flowering Begonia. Try it.

Brunanti.—The leaves are so glossy they appear to have been triple varnished, shrubby, bearing sprays of delicate blossoms covering the whole plant.

Bubra.—If you can have only one Begonia, let it be a *Bubra*. It is so fast growing that it will in a year or two reach the top of your window, sending up heavy, stiff canes an inch in diameter, and rising beside them will grow strong, slender branches, gracefully drooping under heavy waxen leaves and pendant panicles of coral-colored flowers as large as a hand. Medium sized plants are frequently seen with more than twenty such panicles at a time. Among the individual flowers you will find three distinct forms growing side by side.

New Begonia Dewdrop.—In the new Begonia *Dewdrop* we have the best flowering Begonia ever obtained. Its graceful flowers are produced in profusion all during the Summer and Winter. It is a dwarf, compact-growing variety, the foliage is a bright glossy green, with shell-shaped leaves and stems of light crimson. The blooms are produced in clusters of from six to eight florets, which are satiny-white, with golden-yellow stamens. When placed out in the sun during Summer the color changes to a delicate shade of pink, with crimson stems, making a beautiful contrast. Unlike other Begonias. It is a profuse bloomer. Eighty-seven clusters of flowers have been counted on a single plant.

FLOWERING BEGONIA.

Argentea Guttata.—Purple-bronze leaves, oblong in shape, silvery markings, and in every way a most beautiful Begonia. White flowers in large bunches. Splendid for house culture.

Bertha de Chateaurocher.—Next to *Dewdrop* this is the freest flowering Begonia we have. It blooms the year round, makes a handsome window plant with its beautiful foliage and bright, currant-red flowers.

TUBEROUS-ROOTED BECONIAS.

TUBEROUS BEGONIA.

These are among the very handsomest of our Summer blooming plants, flowering throughout the season, and as fine and varied

in their colors as the Geranium family. They are splendid bedders, delighting in a light soil of woods earth, very old cow manure and sharp sand. See that the bed is in partial shade, and you will be delighted with the results. In the South, or where they cannot be planted in the shade of the house, a covering of burlap or canvas, some six or eight feet above them, merely to throw off the sun's rays, will allow them to come to absolute perfection, but they must have plenty of light and air. Do not allow them to become dry; and during hot weather they will take two waterings a day. When through flowering they can be dried off, shaken free of earth, wrapped in cotton until February or March, when they may be started again.

SINGLE.—White, Yellow, Crimson, Rose, Scarlet. Price, 20 cents each; three for 50 cents.

DOUBLE.—In the same colors. Price, 40 cents each; three for \$1.00.

REX BEGONIAS.

REX BEGONIA.

These Begonias have the handsomest foliage of any plant. Price, 20 cents each.

CYPERUS ALTERNAFOLIUS.

(UMBRELLA PLANT.)

CYPERUS ALTERNAFOLIUS.

This is a plant of the easiest culture, and a large specimen is as handsome as a Palm for decoration. It makes a handsome pot plant, or can be used in baskets or vases, making a charming effect. It will grow luxuriantly in water, and is, therefore, indispensable for aquariums or fountains. Try it. It is a handsome, easy-growing plant. Price, 10 cents each; three for 25 cents.

GLOXINIAS.

POT OF GLOXINIAS.

These are among the most beautiful of all our Summer-blooming plants. The rosette of velvety-green leaves is surrounded with a cluster of lovely trumpet-shaped flowers as large as Gladioli blooms. The coloring is exquisite. The ground-work of many is pure white, with throats of blue, scarlet, rose, crimson or velvety-purple, while others are beautifully flecked and striped with the brightest colors, and the tubes are of bright color, with white throat. The bulbs should be started in a warm place, greenhouse, hot-bed or sunny window. They will bloom until late in the Summer, when they should be dried off, letting the leaves die. The pots can be kept over Winter in a cellar free from frost. They are very easily grown. Give them a trial. Price, fine large bulbs, 20 cents each; three for 50 cents.

EXCELSIOR PEARL TUBEROSE.

The Finest in Existence.
All Blooming Bulbs.

Culture.—Tuberoses may be grown indoors preliminary to planting them in open ground. Plant outdoors as soon as the ground becomes warm and all danger of frost is past. Plant two or three inches deep, and six to eight inches apart in the row. They like rich soil and plenty of sun. If there is danger of frost before the flowers are done blooming in the Fall, lift carefully with earth on the roots, plant in pots or boxes in a warm, light place, and they will continue to bloom for several weeks.

Dwarf Excelsior Pearl Tuberose.—Year after year its popularity has increased until the demand for it has reached enormous proportions. Grows about eighteen inches high, blooms early and with the greatest freedom; matures perfectly. Flowers pure white, very double, of immense size and intensely sweet. This is the finest of all Tuberoses. Price, fine, extra-large, well-ripened bulbs, all sure to bloom, 8 cents each; four for 25 cents; ten for 50 cents; twenty-four for \$1.00.

PEARL TUBEROSE.

FANCY-LEAVED CALADIUMS.

These plants are especially valuable for decorating conservatories, window-boxes, and as specimen plants. They are magnificent planted in beds outdoors, nothing being more showy. The brilliant cardinal-red, cream, pink, white, and various shades of green that are displayed in the veining and blotches of the leaves cannot be obtained in any other class of plants. For arranging floral baskets or table decorations they are quite as handsome as any flower. We have a fine collection of first-class, distinct, brilliantly-marked varieties. Usually the bulbs of Fancy Caladiums that are sent out are so small as to fail to grow. We have been fortunate in securing a stock of extra large bulbs. Try them. Price, well-dried, extra large bulbs, our selection of sorts, 35 cents each; three for \$1.00. These are the finest bulbs you ever saw of Fancy Caladiums.

CALADIUM ESCULENTUM.

One of the most beautiful and striking ornamental foliage plants in cultivation, either for culture in large pots or tubs, or for planting out on the lawn. Will grow in any garden soil, and is of the easiest culture. When of full size it stands about five feet high, with immense leaves, often measuring four feet in length by two and one-half in breadth. Smooth, of bright green color, beautifully veined and variegated with dark green. The roots should be preserved in dry sand in the cellar during Winter, out of danger from frost. Price, good bulbs, 15 cents each; large bulbs, 25 cents each; extra large bulbs, 50 cents each.

BEAUTIFUL AND RARE FERNS.

Nephrolepis, Cordata Compacta.—It is of free, strong-growing, compact habit, attaining when fully grown a height of about two feet. The fronds are of a dark green color, very rich, of upright growth, with just sufficient arch in them to make them graceful. For house culture or for window gardening, we do not know of any other variety, except the Boston Fern, that would give the same satisfaction and which we could recommend so highly. Price, 25 cents each.

Nephrolepis, Exaltata Bostoniensis.—(The Boston Sword Fern). In our estimation this variety is the finest of all Sword Ferns. A variety which originated in the vicinity of Boston, where it has been in popular favor for a number of years under the name of Boston Fern. In the vicinity of Boston no other plant is used so extensively as this graceful Nephrolepis, which differs from the ordinary Fern in having much longer fronds, which frequently attain a length of four feet. These fronds arch and droop over very gracefully, on account of which it is frequently called the Fountain Fern. This drooping habit makes it an excellent plant to grow as a single specimen on a table or pedestal. Price, good plants, 25 cents each; three for 60 cents.

Nephrolepis, Exaltatum.—(Sword Fern.) A really graceful Fern, multiplying very fast in throwing out vines, on which grow separate plants again. It is one of the most handsome Ferns. Does lovely planted in hanging-baskets or vases, or charming as a pot plant. Try it. Price, 15¢ each.

Adiantum Tremulus, or Shaking Fern.—One of the finest Ferns for house decoration, growing very rapidly and throwing up large, handsome fronds. It makes magnificent specimens. Easily grown and very popular. Price, 20 cents each.

Adiantum Formosum—(Maiden's Hair Fern.) Sprays of delicate green, borne on jet black stems. An elegant sort. Price, 15 cents each.

Polypodium Argyreum.—(Silver Fern.) A very showy Fern with variegated foliage. Fronds large, light green with a broad band of silver-white down the center of each. Very beautiful. Price, 25 cents each.

BOSTON FERN.

STEPHANOTIS FLORIBUNDA.

This is a rare plant indeed, that all should grow. It bears large clusters of pure white flowers that are as fragrant as a Jasmine. Nothing sweeter or finer. Price, 20 cents each; large, fine plants, two to three feet high, for 40¢.

AZALEA INDICA.

One of the most gorgeously-blooming families, together with the showiest of all greenhouse plants. The colors of the flower vary from the purest white to the deepest crimson in untold variations. The soil should always be packed hard when transplanted. Their success depends, however, on the degree of moisture in the atmosphere in which they live. We have a number of the best flowering sorts that will flower finely this coming Winter, both double and single flowered, in any color desired. The plants we offer are magnificent specimens, the finest you have ever seen, and all will bloom this year. Price, 60 cents each; fine large plants three years old, 75 cents each.

N. B.—Be sure and try our Azaleas, they will not disappoint you. In ordering, name the color you wish. We can furnish them in the following colors: White, pink, crimson, salmon, rosy lilac, and white striped with crimson.

VERBENAS—Mammoth Flowering.

One of the most useful and popular plants for bedding out, affording constant bloom and an endless variety of colors and markings, and are of the simplest culture and management. Price, 10 cents each; six distinct sorts for 50 cents; thirteen for \$1.00.

STEPHANOTIS FLORIBUNDA.

ROYAL PURPLE.

Strobilanthes Dyerianus.

A new and very beautiful foliage plant from Singapore, which will become universally popular on account of the brilliant and exquisite coloring of its leaves, the beauty of flowers and its extraordinarily easy growth and usefulness as a decorative plant. It surpasses the finest Coleus in exquisite coloring of the leaves, besides which the long racemes of lovely violet blossoms with which the plant is covered in mid-Winter greatly enhance its value and beauty. Price, 10 cents each; three for 25 cents.

Saxifraga Sarmentosa.

A handsome plant of low habit, leaves nearly round and striped freely with silver bands, blooms white, of great beauty and borne in spikes nearly twelve inches high. Fine for hanging baskets, vases, etc. Price, 10 cents each; three for 25¢.

ROYAL PURPLE.

AZALEA INDICA.

OXALIS, STAR OF BETHLEHEM.

HELIOTROPS.

These plants are universal favorites on account of their delightful fragrance. Flowering equally well as bedding plants in the Summer, or as pot plants in the house during the Winter. They delight in an abundance of water.

Snow Wreath.—Nearly white, large truss. Price, 10 cts. each.
Florence Nightingale.—Light lavender. Price, 10 cts. each.
Queen of Violets.—Violet purple, with large eye. Price, 10c. each

NEW HELIOTROPS.

The newer Heliotropes are marvels in size and beauty of bloom. They are literally covered with flowers. We are really glad to offer such meritorious plants. They are much superior to the older variety.

Albert Delaux.—The foliage is a bright golden-yellow, very pronounced, and marked slightly with a delicate green. In bloom it is exquisite. The deep lavender color of the flower contrasts admirably with the beautiful foliage. Price, 20 cents each.

Sapphire.—For a neat, dwarf habit, profusion of bloom and richness of color this Heliotrope has no equal, and its vivid color of royal purple, with a distinct white center, gives us something entirely new in color, either for Summer decoration or Winter flowering. Price, 15 cents each.

The Virgin.—This comes to us heralded as far superior to any existing white variety. The introducer describes it as low-growing and with strong, luxuriant foliage. The flower is very large and of snowy whiteness. Price, 15 cents each; the three New Heliotropes for 35c.

SPECIAL OFFER.—The entire set of six Heliotropes for 50 cents.

PANDANUS UTILIS.

(Screw Pine.)

This is a charming plant and is one of our most useful ornamental plants. The foliage is green, edged with red; when the plant is fully developed, the leaves describe a perfect screw on the stem, hence the name, Screw Pine. This will go nicely with your Palms and requires the same culture. Price, fine plants, 85 cents each.

PANDANUS UTILIS.

UPRIGHT OXALIS,

Or Star of Bethlehem.

Few new plants will give better satisfaction than this, as it is a perpetual bloomer in every sense of the word. It is in full bloom every day in the year, when grown in a pot of good soil and with ordinary care. It grows as freely as a Geranium in any situation. It is a shrubby plant, like a Geranium or Fuchsia, without buds, in which respect it differs from other Oxalis. It grows 12 to 18 inches in height, branching freely, and loaded at all times with clusters of bright, golden, star-shaped flowers, which do not close at night, like other Oxalis. Price, 10 cts. each; three for 25 cts.

SUMMER - FLOWERING OXALIS.

Will also bloom in Winter.

Price, 5 cents each; the four for 15 cts.

Buttercup.—Large flowered, yellow Oxalis. Charming.

Deppi Alba.—Pure white, very pretty. One of the most desirable; blooms Winter or Summer.

Deppi Rosea.—Same as above, but a lovely pink or rose color.

Lasandria.—Deep crimson, very free bloomer.

SANSEVERIA ZEALANICA.

Sansevieria

Zealanica.

A New Decorative Plant of Great Beauty and Value.

A beautiful plant, splendidly adapted for the decoration of drawing rooms or halls, as it stands drouth and dust with impunity, and requires scarcely any water. The leaves grow to a length of three or four feet, and are beautifully striped crosswise, with broad, white variegations on a dark green ground. A rare and beautiful plant which should be abundantly grown for positions out of the reach of sunlight, where other plants will not thrive. When you consider that it can be placed in any position in any room and do well, its great usefulness is at once apparent. It has a singular beauty for decorative purposes which other plants do not possess, and is useful both Winter and Summer. Though grown mainly for the beauty of its foliage, it is by no means an insignificant flowering plant. It blooms usually during May and June, sending up great plume-like spikes a foot or more in length. The flowers are numerous and composed of long, narrow petals, which recurve gracefully, and are of a creamy-white color. It is difficult to find a more unique or ornamental plant than this, especially when it is in bloom. Price, fine plants, 10 cents each; large, strong plants, 20 cents each.

HELIOTROPE, SAPPHIRE.

BOUGAINVILLIA SANDERIANA.

BOUGAINVILLIA SANDERIANA.

This beautiful free-flowering variety was introduced about three years ago. On account of its free-blooming qualities it has become very popular, especially as a plant for Easter decoration. It is of rapid growth and the brilliant rosy-crimson blossoms are produced from early in March until mid-Summer. In fact, a plant will frequently flower the greater part of the year. Altogether it is a most desirable subject for the conservatory or window garden. The admiration of all beholders. Price, 20 cents each.

MEYENA ERECTA.

This plant makes a lovely specimen in a pot. We have seen plants eighteen inches in height that were the admiration of all. It is very easy to grow, and you can hardly fail with it. It blooms continuously through the Spring, Summer and Fall, bearing in great profusion its lovely Gloxinia-shaped flowers of rich, royal blue, shading to porcelain, with a deep golden-yellow throat. Magnificent. We offer fine plants at 10 cents each.

DRACÆNA INDIVISA

DRACÆNA INDIVISA.

For general decorative purposes this is one of the very best plants we know. It is of graceful habit, an exceedingly rapid grower, and is not affected by sunshine, storm or drouth. It forms a Palm-like tree, and does equally well indoors or in open ground. We specially recommend this lovely decorative plant. It will come as near giving entire satisfaction as anything offered in this book. As a rule it sells for high prices. We offer it at a popular price. Nice plants, 15 cents each; large plants, 25 cents each.

GOOD & REESE'S WORLD RENOWNED COLEUS.

We have a collection of two hundred kinds of the most distinct sorts out. Leave the selection of varieties to us, as it is hard to describe the various tints. : : : : :

PRICE, 5 cents each; any ten for 50 cents; twenty distinct varieties for \$1.00; by express, thirty for \$1.00. We will send the below twenty choice named Coleus by mail, prepaid, for \$1.00. These are all good bedders, standing the hot sun without losing their color. Price, of Coleus by the hundred, when sent by express, \$3.00.

Autumn Glow.—Has all the beautiful tints of Autumn leaves.
Bronze Queen.—A deep bronze with fine yellow edge.
Black Bird.—Very dark, with reddish cast.
Butterfly.—A crimson bronze, old gold and green.
Bizarre.—Crimson center, edged with green and gold.
Beauty.—A crimson bronze, with three colors.
Chicago Bedder.—Green and gold. An excellent bedder.
Dora Clapp.—Crimson center, with bronze and green edge.
Empress of India.—Crimson, with golden edge.
Fire Brand.—A fine bedder. Dark crimson, shaded garnet.
Fire Crest.—The foliage is a bright carmine-crimson shade, the edge is slightly marked with golden-yellow.
Golden Bedder.—Deep golden-yellow. A fine bedder.
Golden Verschafeltii.—This ranks first in yellow varieties.
Hero.—A deep, jet black.
Hiawatha.—Bronze and yellow spotted.
Progress.—A beautifully mottled red, green and bronze.
Retta Kirkpatrick.—Bright green, large, deep yellow center.
Setting Sun.—Crimson, with brightest golden edge.
Verschafeltii.—A rich, velvety crimson. The best bedder.
Yeddo.—The color is a deep golden-yellow, splotched with a bright green.

Remember, the above twenty choice Coleus for only \$1.00; any ten for 50 cents. You have never seen anything so grand in the Coleus line. Try them, and see what a beautiful bed you can have, and with but little care. : : : : :

Manettia Bicolor...

MANETTIA BICOLOR.

It is both a rapid and beautiful climber. The flowers are from an inch to an inch and a half in length, of a most intense bright scarlet, shading into flame, tipped with the deepest golden-yellow, and covered with a thick scarlet moss. Read the above over again and see if you can think of anything half so bright and pretty. The brilliancy of the flower is greatly enhanced by the waxy-green leaves, and the blossoms remain on the plants for weeks before falling. Has our highest commendation. Don't confound this variety with the old Manettia, as it is far superior to the old variety. Send to us and get the genuine. We usually send them in bloom. Price, fine plants, 10 cents each.

..GLADIOLI..

NEW AND SCARCE.

Price, 15 cents each, or the set of six for 60 cents.

Charles Dickens.—Delicate rose, tinted with buff, and flamed and striped carmine-rose.

Cleopatra.—Soft lilac, the lower petals of a darker hue, suffused violet-purple, feathered and blotched.

Isaac Buchanan.—Beautiful canary-yellow, on a splendid spike of large flowers. The best yellow.

Blo Leopold.—Blush Rose, slightly suffused orange, and shaded currant red, white blotch.

Romulus.—A very brilliant, glossy dark red, large, broad white line on lower petals, with a pure white blotch.

La Candeur.—Large flowers of purest white, lightly striped with carmine-violet. The nearest approach to a pure white.

FINE NAMED GLADIOLI

Price, 10 cents each; six for 50 cents.

Angèle.—White, showy and effective.

Bernard de Jessieu.—Violet, shaded cherry and purple, blotch on white ground.

Canaril.—A light yellow streaked with rose on the lower petals.

Ceres.—Pure white, spotted purplish-rose.

Conde.—Light orange-red, white blotch, feathered carmine.

Iua.—White ground, slightly tinted rose, flamed carmine-rose, lower petals light yellow.

Jean d'Arc.—White, tinged with rose, streaked carmine.

John Bull.—White, delicately tinged with sulphur.

Laura.—Light orange-red, flamed carmine, white blotch.

Le Poussin.—A light red, white blotch, beautiful.

Madame Monneret.—A delicate, lovely pink, with a white stripe in the center of each petal, carmine blotch.

Marie Dumortier.—White, streaked rose, violet-purple blotch.

Stella.—White, tinged yellow and rose.

Thümberg.—Light orange, shaded cherry, white blotch.

The entire set of Named Gladioli (20 sorts), including new set, for \$1.25.

GLADIOLI—New Superb Seedlings.

These bulbs have all been lately grown from choicest seed carefully saved from the most beautiful French Hybrids, and embrace a large range of colors. Our New Superb Seedling Gladioli can be relied upon to bloom freely and embrace all shades of buff, pink, crimson, yellow, white, lemon, rose, maroon-scarlet, cherry, and beautifully variegated and oddly marked varieties; they are so cheap and so good that we know the bulbs will give good return, while the spikes of bloom are always in demand as cut flowers. Price, bulbs sure to flower, 5 cents each.

SPECIAL OFFER.—For 50 cents we will send free, by mail, fifteen bulbs, guaranteed to flower.

NOTE.—All the above Gladioli Bulbs will flower the first Summer after planting.

FIGUS ELASTICA, India Rubber Tree.

FIGUS ELASTICA.—Very large, smooth, leathery leaves, evergreen foliage. Generally esteemed one of the finest house plants grown, the plant attaining a large size and tree shape. Each new leaf is enclosed in a long, coral-red envelope, looking like a great red flower bud. A very fine plant for the lawn or bay window. Price, fine strong plants, 50 cents each; large plants, \$1.00 each.

WHITE JAPANESE SPIDER LILY.

Hymenocallis (Pancreatum) Caribaeum.—This magnificent Spider Lily produces immense umbels of often as many as twenty-five flowers, and nearly always two or more flower spikes at the same time. The flowers are airy and fragile appearing and deliciously sweet-scented. The florets are disposed in rays, and resemble an immense spider, hence its name. In

GLADIOLI.

the center of each flower is a beautiful crown or saucer, resembling tissue paper. Price, for fine, large bulbs that will flower freely, 35 cents each; smaller bulbs, 25 cents each.

MEXICAN PRIMROSES.

This plant is strictly a perpetual bloomer, in flower at all seasons of the year, a good specimen showing always from ten to thirty large saucer-shaped blossoms, about three inches across.

Rosa.—(The Pink Mexican Primrose.) A splendid variety.

Price, 10 cents each.

Apple Blossom.—New. The beautiful blush Mexican Primrose. Color of apple blossom. A very pretty variety. Price, 10 cents each.

AUSTRALIAN SILK OAK.

(GREVILLEA ROBUSTA.)

A splendid ferny-leaved evergreen plant (not a true oak) which should be grown by everybody, as it makes a magnificent pot plant for all sorts of decorative purposes. In conjunction with Palms or Ferns, or in any ordinary collection of house plants, it is at once striking and graceful. The dust, heat and gas of living rooms has no visible effect on it, and it will thrive where a Geranium will. Price, 10 cents each; three for 25 cents.

ARAUCARIA EXCELSA.

(Norfolk Island Pine.)

Various names have been suggested for this grand plant to properly convey to the mind the appearance of it. Some have called it the "Christmas Tree Palm" from its resemblance to a Christmas tree; others have called it the "Star Palm," because the leaves are arranged to form a perfect star, but no descriptive name can give any adequate idea of its beauty. It has deep green, feathery foliage, arranged in whorls, rising one above the other at regular distances; its symmetry of form, grace and beauty of foliage are unequalled in the vegetable kingdom. It is easily grown in the house and is highly ornamental. It requires the same culture as the Palm. Extra fine plants, 15 to 18 inches high, \$2.00 each; 12 to 15 inches high, \$1.50 each.

MEXICAN PRIMROSE.

AUSTRALIAN SILK OAK.

HARDY SHRUBS, VINES AND PLANTS.—Continued.

CLEMATIS PANICULATA.

One of the most beautiful of our hardy flowering vines. The flowers are pure white, and are borne in great panicles or clusters of bloom, fairly covering the plant, so that it is a mass or sheet of fleecy white. These clusters are borne on long, slender stems, which stand out boldly from between the glossy-green leaves, and the gentlest breeze causes wavy crests of white to flow gently over their surface. The fragrance is delicious, resembling the English Hawthorne blossoms, and is so subtle and penetrating that a large plant in bloom will fill the air with fragrance. It begins to bloom late in August or early in September, at a time when most other hardy climbers are out of bloom, an inestimable advantage. It is a strong, rapid grower, quickly reaching a height of from fifteen to twenty feet, and spreading out when trained to wires or string. It is perfectly hardy in all sections of the country, and we can unhesitatingly say that it is, in our opinion, the most valuable among hardy climbing vines. Price, 15 cents each; two for 25 cents.

CLEMATIS FLAMULA. Virgin's Bower.

A general favorite where a hardy, rapid-growing, graceful vine is admired. Its small, bright green foliage is almost hidden by large clusters of fine, fragrant white flowers. Price, 15 cents each.

LARGE-FLOWERING CLEMATIS.

Duchess of Edinburg.—This is, without doubt, the best of the double whites. Very free-flowering and very fragrant. Price, 75 cents each.

Jackmanii.—From four to six inches in diameter, intense violet-purple, with a rich, velvety-appearance, and distinctly veined. The best. Price, 60 cents each.

Languiosa Candida.—Flowers are large—six to nine inches in diameter—almost pure white. One of the best. Price, 60 cents each.

Kermesina Rubra.—This beautiful Clematis is much sought after, but is very scarce. The color is a bright rosy-red, entirely distinct from any other sort. A persistent bloomer and strong grower, with large flowers. A grand variety. You should try it. Price, 75 cents each.

SPECIAL OFFER—The set of four distinct, large-flowering Clematis for \$2.00. This is a bargain, as the roots are large and strong. The best you have ever seen.

CALYCANTHUS FLORIDUS.

The old-fashioned sweet-scented shrub. A very compact-growing bush, producing its highly-scented flowers in Spring-time. A universal favorite. It is sometimes called "Strawberry Shrub," from its delicious odor. Flowers dark chocolate brown. Price, 15 cents each; two for 25 cents.

CHINESE MATRIMONY VINE.

It is hardy everywhere. As a vine for permanent effect, for shading a sunny window, covering an arbor or veranda, and for perfect hardiness cannot be excelled. Pale purple flowers and scarlet berries are constantly appearing from early Spring till late in the Fall. Do not confound this with the old sort. Price, 15 cents each; two for 25 cents; five for 50 cents.

DICENTRA SPECTABILIS.—Bleeding Heart.

A hardy perennial plant with rose-colored flowers in great abundance. One of the best border plants. Perfectly hardy and easily cultivated. Two feet high. Flowers in April and May. Price, 20 cents each.

DEUTZIA, CRENATA.

Flowers double and white. A grand hardy shrub. Price, 10 cents each.

DEUTZIA GRACILIS.

A dwarf white; lovely. Price, 10 cents each.

Hardy Double White Daisy, SNOW CREST.

Entirely hardy everywhere. Most distinct, and an improvement on all existing sorts. Its habit of growth and size of flowers, in comparison with older varieties, is gigantic. The flowers, which are borne on stout, stiff stems, from six to ten inches long, are of the purest white, and full to the center. When fully developed they rise to a conical or sugar-loaf form, and well-grown specimens will cover a silver dollar. It makes an admirable hardy garden plant, or may be forced for cut flowers under the same treatment as Violets. Price, 10 cents each; three for 25 cents.

WHITE DAY LILY, FUNKIA ALBA.

The Funkias all make handsome, showy plants, and this is the best of its class. Beautiful, broad, ovate leaves, with large, lily-like, pure white, fragrant flowers. Price, 20 cents each. We also offer a variegated foliage Day Lily, leaves blotched white. Lovely. Price, 25 cents each.

GLECHOMA HEDERACEA.—Variegated.

Prettily marked with pure white on a bright green ground. It is hardy and of vigorous growth. The leaves have a refreshing fragrance similar to mint. Useful for hanging baskets, vases, etc., etc. Price, 10 cents each; three for 25 cents.

Hydrangea, PANICULATA GRANDIFLORA.

See page 58 for description. Price, strong one-year-old bushes, 20 cents each; large plants, 35 cents each.

HARDY SHRUBS, VINES AND PLANTS.—Continued.

HONEYSUCKLES.

Aurea Bicolor.—(Golden-leaved.) A variety with beautiful variegated foliage, of yellow-white pink. Price, 15 cents each.

Chinese Evergreen.—Blooms nearly all the season, deliciously fragrant, flowers buff, yellow and white. Price, 15c each.

Hall's Japan.—This is the most constant bloomer of the class, being literally covered all Summer with beautiful yellow and white flowers. Price, 15 cents each.

Belgian, or European Sweet-scented.—Sometimes called Monthly Fragrant or Dutch Honeysuckle, a fine, hardy grower, flowers large and exceedingly sweet, color buff, yellow and red, a constant bloomer. The finest Honeysuckle, suitable for trellis or pillar. Price, 20 cents each.

Scarlet Trumpet, or Bed Coral.—A rapid grower, bright red, with trumpet-shaped flowers. This is the old well-known variety. Price, 20 cents each.

New Hardy Hibiscus, "CRIMSON EYE."

This magnificent Hibiscus is unequaled among hardy plants for gorgeous beauty. It originated with us, and after many years of careful selection we have it entirely distinct, always coming true from seed. It is a robust grower, with dark red stems and foliage. The flowers are immense in size, often measuring twenty inches in circumference. The color is of the purest white, with a large spot of deep velvety-crimson in the center of each flower. It is a striking combination of color, and one that must be seen to be fully appreciated. A well developed plant will produce several hundred of these flowers in a season. It will succeed anywhere, and is perfectly hardy, blooming the first year from seed sown in the open ground. We offer both seeds and roots. Price of good, strong roots, to bloom this year, 15 cents each; three for 35 cents. Seeds, 10 cents per packet.

HELIANTHUS. Hardy Sunflower.

This fine plant will live through our Northern Winters with protection, or can be wintered in the cellar. Height three to four feet, and bears a profusion of perfectly double, bright golden flowers, about the size and form of a nice Dahlia, for which it is sometimes mistaken. One of the really good things which should be in every garden. Price, 10 cents each.

THE BEAUTIFUL IRIS.

Iris Kämpferi.—Perfectly hardy. The newer varieties of this King of Iris, recently introduced from Japan, are marvels of beauty and stateliness. Think of a plant sending up to the height of three feet a dozen flower spikes, each spike bearing from two to four enormous blossoms eight to ten inches across, and of the most delicate and beautiful colors, markings and combinations. Think of a bed of all colors—white, indigo, violet, lavender, mauve, sky-blue, royal purple, blush, yellow, etc. Your imagination can conceive of nothing grander, and when you see them you will realize they are infinitely more grand and beautiful than your imagination could portray. Such are these new Iris Kämpferi, the king of hardy perennial plants. Price, named varieties, our selection, 20 cents each; three distinct varieties for 50 cents.

Iris Sibirica.—If every lover of flowers could see this grand Iris in bloom, we really believe not one in a hundred would refuse to pay one dollar each for one or more bulbs of it. Among all flowers there is hardly one of such oddity and striking beauty. The bloom is of enormous size, and in describing it we say: It is chocolate and black mottled, and beautifully veined with grayish white, yet from this no one can form a correct idea of how the flower looks. It is indescribable, and the planter will be surprised when he sees it. It is perfectly hardy; blooms in May. Price, 25 cents each; two for 40 cents.

HARDY LILIES.

No class of plants capable of being cultivated out of doors possesses so many charms as the Lily. Rich and varied in color, profuse in variety, and of delicious fragrance, they are perfectly hardy and of the easiest culture, and no garden should be without a few of the best sorts.

Lilium Auratum.—(Golden-rayed Queen of Lilies.) This is the grandest Lily grown, and a never-failing delight. We take pleasure in showing it to people who have never seen it. It seldom fails to create a sensation. The perfume is exquisite—light, yet penetrating. Magnificent by daylight, but by moonlight a well-grown plant, carrying five or more blooms, is simply indescribably beautiful. Also known as "Gold-banded Lily from Japan." Price, 25 cents each; five for \$1.00.

Harrisii.—(The Bermuda or Easter Lily.) Pot and treat the same as for Hyacinths. Each bulb will give from six to twelve flowers, in many cases many more. And not content with that effort, it often throws up a second stalk bearing flowers, thus continuing its season of beauty. The flowers are fully six inches in length, of the purest white, and of the most delicious fragrance. Price, fine bulbs, 20 cents each; three for 50 cents.

Candidum.—The well-known hardy garden Lily. Snow-white, fragrant blossoms. One of the best, and an established favorite. Price, 20 cents each; three for 50 cents.

Tigrinum Flora Plena.—Bright orange, spotted black, and very double. Price, 25 cents each; five for \$1.00.

Speciosa Rubrum.—A beautiful bright rose, spotted with a dark velvety-crimson. Price, 20 cents each; five for \$1.00.

PURPLE LILAC.

This is the old time favorite of everybody's garden. Price, 25 cents each; large plants, 50 cents each.

HARDY SHRUBS, VINES AND PLANTS.—Continued.

WHITE PERSIAN LILAC.

It is doubtful if anything in the whole range of flowering shrubs surpasses this in grace and elegance, or in hardiness and usefulness. As a decorative plant on the lawn or in the border it is without a peer, and its pure white, graceful plumes of sweetly fragrant flowers add grace and beauty to bouquets, vases, etc. As a cemetery plant it is without a rival. The plants we offer are unusually fine. Price, 50 cents each.

LILY OF THE VALLEY.

The Lily of the Valley is one of those delicate, sweet little flowers that not only easily win our love but keep it forever. Put four or five or half a dozen of the pips or bulbs in a pot, and in about four or five weeks they will flower. In the Spring transfer them to the garden. Price, fine pips, 5 cents each; 40 cents per dozen.

HARDY MOON VINE,

For description and price see page vi.

HARDY PINK, HER MAJESTY.

New Hardy Pink, HER MAJESTY.

The Carnation of late has become the most popular cut flower with the exception of the Rose, and the one drawback to its cultivation by the masses of flower lovers is the fact that it is not quite hardy. We have at last a perfect substitute for it in this grand and new hardy Pink, one of the finest novelties of the century. It is quite hardy, needs no protection, and blooms profusely in the months of May and June. The flowers are pure white in color, very double, borne on long, stiff stems, and possessing the exquisite clove-scented fragrance of the true Carnations, while it rivals them in size and substance. It is a wonderful bloomer, producing immense masses of flowers. You will be delighted with it. Price, 10 cents each; three for 25 cents.

HARDY SCOTCH, or SWEET MAY PINKS.

These are the pinks of our mothers' gardens. They are dwarf, than the Carnation, growing about one foot in height, the colors being of the various shades of maroon, carmine and rose, beautifully laced and banded on white ground. The flowers are perfectly double, clove-scented, and the plants will stand out of doors year after year, being entirely hardy. They make a very nice border for beds of other flowers, or for cemetery planting, making a large tuft of bronzy green foliage a foot or more in diameter, from which the flower stalks are thrown up in great profusion. Price, 10 cents each; three distinct colors for 25 cents.

HARDY MAGNOLIA.

These Hardy Magnolias can only be sent by express. Do not order them by mail.

We offer three colors of Magnolias, that are hardy in any climate, red, rose and white, strong plants, for 60 cents each; or the three colors for \$1.50.

PHILADELPHUS, Mock Orange.

A most desirable shrub. Beautiful and fragrant. Grows to a height of eight to ten feet. We have both the double and single flowered. Price, 15 cents each; large plants, 35 cents each.

PURPLE FRINGE.

A beautiful, distinct and large shrub. Much admired for its long, feathery flower stalks, which give the tree the appearance of being covered with a cloud of smoke. Price, 25 cents each.

PYRUS JAPONICA, Burning Bush, or Japan Quince.

One of the most beautiful hardy flowering shrubs. A splendid lawn plant. The bright scarlet flower produced before the foliage makes a gorgeous display. Price, 25 cents each.

HARDY SHRUBS, VINES AND PLANTS.—Continued.

PAEONIES.—The Pineys of our Mothers' Gardens.

Hardy, herbaceous. Herbaceous Paeonies are among the showiest and most useful of hardy plants, and are fast becoming popular with the public. They are all hardy and admirably adapted to the climate of the Northern States, growing well in almost any situation of soil, although the flowers will be finer and colors brighter if planted in a deep, rich loam, well manured. We offer a splendid assortment in twelve distinct varieties. Price, 25 cents each; five distinct kinds for \$1.00.

TREE PAEONY.

These species, natives of Japan, are a grand addition to a garden. They do not die down to the ground like the herbaceous sorts, but make fine bushes three to four feet high, covered in Spring with immense flowers, and present an elegant appearance. Price, 50 cents each.

PLUMBAGO, Lady Larpent.

For description and price, see page 58.

PHLOX, Hardy Perennial.

The new French varieties all carry very fine, distinct, pure colors, in great tufts, many of them beautifully shaded and marked with very distinct, clear, bright eyes. They require no care but dividing and resetting every second year. Their vigorous growth and freedom of bloom make them very useful plants, while they are unexcelled in beauty. The improvement made in this beautiful class of plants is perhaps more marked than in any other section of the hardy, herbaceous family. Instead of the thin flowers, which were limited to lilac and white colors, we now have gorgeous colors, combining all the different tints of rose, carmine, red and purple, to say nothing of the pure whites and salmon, with their distinct eyes. Perfectly hardy everywhere.

Price, 10 cents each; the set of seven for 50 cents. No further discount on this offer.

Phlox. Cross of Honor.—Beautiful light rose, striped pure white. Flora McNab.—Pure white and free.

Lothair.—A brilliant salmon-rose.

Princess de Furstenburg.—White, with carmine eye.

Sir E. Landseer.—A brilliant dark crimson. Large, fine flowers

Stansted Rival.—Rose-pink, dark crimson rays.

Triumph de Twinkle.—A rosy magenta.

PANSY PLANTS.

For description and price see page 70.

RUDBECKIA LACINIATA FL. PL.

“GOLDEN GLOW.” A hardy perennial plant growing eight feet high, branching freely, and bearing by the hundreds, on long, graceful stems, exquisite double blossoms of the brightest golden color, and as large as Cactus Dahlias. Mr. Wm. Falconer, the best authority on plants in this country, says of it: “When I saw the double-flowering form of Rudbeckia Laciniata in bloom in your grounds last year, I was amazed, for notwithstanding my long and intimate acquaintance with plants I had never before seen a double-flowered Rudbeckia, and I was delighted with the fulness and gorgeousness of the blossoms and their clear, bright yellow color. You gave me a plant last Spring, and it was set out in good garden ground. It grew vigorously, and threw up strong, branching flower stems six feet high, laden with sheaves of golden blossoms as large as fair Chrysanthemums, and all having an elegant, graceful appearance, without any of the stiffness in habit or blossom peculiar to sunflowers. Many eminent florists and amateurs have seen it here, and all admired it. As cut flowers the blossoms last well. In fine, I unhesitatingly regard it as the most desirable introduction among hardy perennials since we got Clematis paniculata.” It is the most effective flowering plant for August and September in cultivation. This plant is entirely hardy, and grows into beauty each year. Do not fail to try it. Price, 15 cents each; two for 25 cents.

RHODODENDRON, ROSE BAY.

One of the most valuable of our hardy decorative plants. The leaves are broad, glossy and evergreen. In June, when the masses of rich glossy-green are surmounted with scarlet, purple and white clusters, each cluster large enough for a bouquet, the display is worthy of admiration. The plants we offer are from twelve to twenty-four inches high, well established—many of them set with buds. The colors are blush, rose-crimson, dark scarlet, lilac, crimson, purple and variegated. Don't confound these plants with the cheap kinds offered by some, as they are not the same. Price, fine, large plants, two feet high, with large branching head, with from eight to ten buds sure to bloom this Spring, \$1.00 each. If Rhododendrons are to be sent by mail, add twenty-five cents for postage for each plant.

SPIREAS.

These are beautiful shrubs of easy culture. Very desirable for shrubberies or the flower garden.

Price, 15 cents each; large plants, 35 cents each.

Ballardii.—Flowers in spikes of pink or rose color.

Prunifolia.—Flowers like double small white Daisies, known as Bridal Wreath.

Van Houtte.—A strong grower, flowers a pure white, in clusters.

Fine. The best.

Anthony Waterer.—New. The crimson Spirea. Charming.

HARDY SHRUBS, VINES AND PLANTS—Continued.

VIOLETS.

See page 57 for description and price.

VIBURNUM OPULUS.—Snowball.

Attaining a height of eight feet. Produces its snow-white flowers in large balls or masses in June. Price, 25 cents each; large plants, 50 cents each.

Japan Snowball, VIBURNUM PLICATUM.

A new variety of Snowball from Japan, and one of the grandest shrubs in existence. Growth upright and compact. Foliage olive-green through the Summer, but toward Fall it turns much darker and remains on the plants for some time after the first frosts. Flowers four to six inches across. Price, 25 cents each; three for 60 cents.

WISTERIA.

A popular hardy vine. It grows very rapidly, climbing to a

HARDY SHRUBS, VINES AND PLANTS—Continued.

height of fifty feet or more. Desirable for porches, trellises, etc., and when in full bloom is truly magnificent. It flowers in early Spring in long, drooping racemes, resembling in size and shape a bunch of grapes. Price, 20c each; large plants, 50 cts. each.

WEIGELIAS.

Rosea.—A most charming shrub. It cannot be too highly recommended. Flowers large and rose-colored, borne in such profusion that the whole plant appears a mass of lovely bloom. Price, 20 cents each.

Variegated-leaved.—Deep green leaves, broadly margined yellowish-white. Very striking and pretty. Flowers same as above, but of smaller growth. Price, 20 cents each.

Candida.—This is the very best of all the white-flowered Weigelia. A strong, upright, erect grower. Flowers pure white and produced in great profusion in June, and continue to bloom through the entire Summer. Price, 20 cents each.

SELECTED FLOWER SEED

A New Departure.

Flower Seeds
At Half Price.

PLEASE READ CAREFULLY OUR DISCOUNTS ON THIS PAGE.

No discounts on Seed orders for less than \$1.00. On all Flower Seed orders over \$1.00 select double the amount of your order—that is, if you send \$1.00, select seeds to the amount of \$2.00; for \$2.00 select \$4.00 worth, and so on.

Get up clubs and secure your Flower Seeds FREE. When you take these discounts you MUST NOT include Seeds in Plant orders and take another discount on them.

Please make out your Seed Order separate from your Plant Order.

ANGELICA.

This is the most wonderful flower we have ever seen. It came from the Paris exhibition. The third year from planting it attains a height of from 8 to 10 feet; bloom pure white and of the enormous size of three feet across. Very fragrant. The largest leaves measure 6 feet long by 5 feet wide. Price, per pkt. 25c.

ASTERS.

Price, 10 cents per packet.

New Triumph, or Peony flowered Tom Thumb.—The color is a peculiarly rich and brilliant scarlet.

New Large-flowering Dwarf Queen, White.—The flowers are perfectly double, and resemble the finest Victoria Asters in form.

New Large-flowering Dwarf Queen, Crimson.—The same as Dwarf Queen Aster, except a deep crimson color.

Dahlia-flowered Snowball, or "White Princess."—Pure white, faultlessly formed flowers that may be compared to a Liliput Dahlia.

Comet. Resembling in shape the finest Chinese Chrysanthemums. In six colors, mixed.

Mignon, Pure White.—This new Aster, although bearing a greater resemblance to the Victoria race than any other, surpasses it in flower-bearing qualities. It is an extra fine plant.

Queen of the Market.—Its great merit is its early flowering character, being in full bloom fully two weeks before any other Aster begins to blossom. In five colors, mixed.

New Rose, Large-flowered.—The blossoms are large and double. Extra choice—mixed. In fifteen colors.

New Victoria, Large-flowered.—The colors include many extremely delicate and some gorgeous shades. In twenty-two colors, mixed.

New Diamond.—The flowers are extremely beautiful and of the greatest perfection, two to two-and-a-half inches across, perfectly double. The colors are very rich and varied.

Harlequin.—Very odd and attractive double flowers, composed of pure white petals, actually interspersed in an irregular manner with deep blue and bright red petals.

New Dwarf Bouquet.—Grow only twelve inches in height, of very neat and compact habit, and flower most profusely. The colors are most peculiarly rich and brilliant, and the refined form of the flowers attracts attention wherever grown. Twelve colors, mixed.

Trufant's Peony-flowered Perfection.—Very double, large and beautiful flowers, with incurved petals. In twenty-seven distinct colors, mixed.

Washington.—The largest Aster we have ever known, and we have exhibited them five inches in diameter and perfect. In six colors, mixed.

PRISE MIXTURE ASTER SEED. None Better Found Anywhere.

Tall Classes.—Choicest Mixed. Price, 10 cents per packet.

Dwarf Classes.—Choicest mixed. Price, 10 cents per packet.

China Aster.—Common mixed. Price, 5 cents per packet.

ALYSSUM.

Price, 5 cents per packet.

Alyssum, Sweet.—Hardy annual. Flowers small and sweet, in clusters. One foot.

Little Gem.—A new, dwarf, compact variety, not over six inches in height, bearing its pure white, fragrant flowers in greatest profusion during the entire Summer.

ANTIRRHINUM, or SNAPDRAGON.

Price, 5 cents per packet.

Giant White, Sweet-scented.—The loveliest of all Snapdragons.

Very fragrant. Price, 10 cents per packet.

Tall Varieties.—Finest mixed.

BALSAM.

Price, 5 cents per packet.

Balsam, Camellia-flowered.—Very double and in perfect form.

Mixed colors.

Choice Double, Mixed.—All colors; assorted.

BEGONIAS.

Begonia, Single Tuberous-rooted.—This class of Begonias is easily raised from seed, and blooms first season, if planted early. Price, 20 cents per packet.

Begonia, Double Tuberous-rooted. Mixed.—The seed we offer has been hybridized with the greatest care, using the most double flowers and handsomest single varieties for that purpose. Price, 25 cents per packet.

Begonia, Rex, or King of the Begonias.—Large ornamental leaves of dark green, bronze, gold, red, etc. Mixed. Price, 25 cents per packet.

Begonia.—Choice flowering kinds, both Winter and Summer bloomers, in twelve varieties. Mixed. Price, 20c per pkt.

CLEMATIS, HYBRIDA.

This mixture is from best large-flowered sorts. Price, 25 cents per packet.

CENTROSEMA, the Butterfly Pea.

A beautiful hard-wooded vine, large, blue, pea-shaped flowers with white eye. Price, 10 cents per packet.

CANDYTUFT.

Price, 5 cents per packet.

Candytuft, Empress.—New. Pure white, gigantic form. Price variety in cultivation.

Sempervirens.—Hardy, white, sweet-scented.

Sweet-scented.—Pure white; fragrant.

Mixed Colors of Above.

CHRYSANTHEMUMS.

Chrysanthemum, Maximum.—Its large, single flowers are two and one-half to three inches in diameter, and exhibit a striking contrast in markings. They are pure-white, with a bright golden-yellow center. Very free flowering, and come true from seed. Hardy. Price, 10 cents per packet.

Chrysanthemum, Frutescens Grandiflora (The Marguerite, or "Paris Daisy.")—It produces freely its large, white, star-like flowers under the most unfavorable conditions. Price, 6 cents per packet.

Chrysanthemum, Double Japanese.—Large-flowered. The Chrysanthemum seed we offer is of a finer quality and will give better results than any offered for sale in this country. The seed is from prize-winners only. Can be depended on to bring some beautiful varieties. Price, 40 cents per packet.

SELECTED FLOWER SEED—Continued.

CELOSIAS, or COXCOMB.

Glasgow Prize, or President Thiers.—A very fine dwarf variety, with dark leaves and crimson combs. Price, 10 cents per packet.

Dwarf Varieties, Mixed.—Price, 5 cents per packet.

All Varieties, Mixed.—Price, 5 cents per packet.

CARNATIONS.

Carnation, Marguerite.—Without exception these are the most abundant bloomers of all the "Carnation Pinks." The flowers are of brilliant colors, ranging through many beautiful shades of reds, pinks, whites, variegated, etc. They are of perfect form and large size. Those sown in Spring commence flowering in early Summer, and continue to bloom in lavish profusion until checked by frost. They can be potted and taken in the house and will flower abundantly throughout the Winter. Price, 20 cents per packet.

Carnation, Choicest Double.—Seed saved from our unrivaled collection. Price, 20 cents per packet.

NEW DWARF FRENCH LARGE FLOWERING CANNAS.

Their great merit consists in the form and great size and dazzling brilliancy of their flowers. They flower freely from seed the first season if the seed is sown early. The seed shells are round, the size of a good-sized bullet, hence the name, Indian Shot. They are very hard, and some soak them in water for several hours before planting, but the best way we have found to be is to take a coarse file and file a hole through the shell, thus allowing the passage of water to the seed, which, in swelling, breaks through the hard covering.

Canna, Crozby's Dwarf Large-flowering.—All colors mixed. Prices, 15 cents per packet.

CALLIOPSIS.

Callospis, Golden Wave.—Probably the most effective of all annuals for a mass of bright golden color. Plants bushy and compact, about two feet in height, and covered from July to October with hundreds of beautiful, golden blossoms two inches across, with small, dark centers. It will grow in any situation, and always be greatly admired. Price, 5 cents per packet.

Callospis, Fine Mixed.—Flowers of every shade of yellow, orange and reddish-brown. Price, 5 cents per packet.

COSMOS.

Cosmos, Hybridus.—The plants of this new and showy race of annuals are of rapid growth and make large bushes, fully five feet high, which are a mass of elegant foliage until they bloom in August. From September to November each plant is covered with hundreds of snowy blossoms two inches in diameter. The flowers resemble the single Dahlias, are pure white, flesh color, charming light pink and deer's eye in color, each with a bright yellow center. Price, 10 cents per packet.

DIANTHUS, or JAPANESE PINK.

Price, 5 cents per packet.

Dianthus, Chinensis fl. pl.—(Double China Pink.)—The colors are very rich, and in large beds you hardly find two alike. Seed saved from double flowers will produce double ones.

Hedewigia Diadematums.—(Double Diadem Pink.) Mixed in varied tints of lilac, crimson-purple, to the very dark purple, with the outer edges tinged and nearly white.

Imperialis.—(Double Imperial Pink.) Superb double variety; all colors mixed.

Laciniatus, Flora Plena.—(Double Fringed Japan Pink.) Showy flowers, with fringed edges, mixed, various colors and beautifully striped.

Dianthus, Mixed.—All the above colors in one packet.

DAHLIAS.

Extra Choice.—Large flowering and double. Price, 10 cents per packet.

Extra Choice.—Selected Pompon, mixed. Price, 10 cents per packet.

Dahlia, Zimapina, or the Miniature Black Dahlia.—"Miniature Dahlias" are of the deepest, velvety, dark, blood-red, appearing nearly black, and are borne high above the foliage upon long stems. Price, 5 cents per packet.

GREVILLEA ROBUSTA, the Australian Silk Oak

Beautiful fern-like foliage; a fine decorative plant. Price, 10 cents per packet.

GERANIUMS.

Zonal, Extra Choice Mixed.—Saved from the best varieties of Single Geraniums. Price, 5 cents per pkt.

Fancy Mixed Pelargoniums.—(Lady Washington Geraniums.) Very choice and rare varieties. Price, 35 cents per pkt.

Finest Double.—Produces good percentage of fine double flowers. Price, 25 cents per pkt.

Fancy-leaved.—Saved from Bronze, Tricolor and Silver-leaved varieties. Price, 25 cents per pkt.

Apple-scented.—Can best be grown from seed. Sow in light soil and keep moist until they germinate. Price, 20 cents per pkt.

HIBISCUS.

Hibiscus, Hybrida.—A most charming variety of Hardy Hibiscus, bearing in the greatest profusion its large, brilliant flowers. Very desirable. Price, 10 cents per pkt.

SELECTED FLOWER SEED Continued.

IPOMOEA.—The Moon Flower.

Ipomea, "Heavenly Blue."—New. Flowers four and one-half to five inches across, in large, airy clusters of that indescribable heavenly blue so rarely seen in flowers. Price, 10 cents per pkt.

Noctiflora, or Grandiflora Alba.—The vines are literally covered with thousands of the immense white flowers, many of them measuring over seven inches across. Beginning to flower early in August, the vines are nightly covered with the pure white flowers, emitting a rich, Jasmine odor. Planted in rich ground, in a sunny situation, the vines attain a height of twenty-five feet in a season. Price, 5 cents per pkt.

JAPANESE MORNING GLORY.

All colors of the rainbow beautifully blended. Flowers five to six inches across. Like giant Moon Flowers. Price, 10 cents per pkt.

LEMON VERBENA.—Aloysia Citriodora

Elegant lemon-scented foliage. Price, 5 cents per pkt.

LOBELIAS.

Price, 5 cents per pkt.

Fine Mixed.—A number of the choicest and best varieties are to be found in this mixture.

MARIGOLDS.

Marigold, the Eldorado or Dahlia-flowered.—The flowers are globular, as perfectly double as a show Dahlia, and of enormous size, measuring three and one-half to four inches across. They embrace four shades of color—the lightest primrose, lemon, rich golden-yellow and deep, intense, glowing orange. Price, 10 cents per pkt.

Dwarf French Mixed.—Fine, rich colors, mixed. One foot. Price, 5 cents per pkt.

MIGNONETTE.

Mignonette, Machet.—They throw up numerous stout flower stalks, bearing massive spikes of deliciously scented red flowers. Price, 5 cents per pkt.

Odorata. The common sweet Mignonette. Price, 5c per pkt.

Mixed.—Including many varieties. Price, 5 cents per pkt.

TOM THUMB NASTURTIUMS.

Price, 5c per pkt; 20c per oz.

Tom Thumb Beauty.—Yellow and scarlet.

Lady Bird.—The ground color of the flowers is rich golden-yellow, each petal barred with a broad vein of bright, ruby crimson.

Chameleon.—The flowers are in color crimson, bronze and gold, bordered and flamed, changing in hue almost daily, hence called "Chameleon."

Empress of India.—Brilliant crimson-scarlet flowers. Its profusion of bloom and dazzling richness of color are remarkable.

King of Tom Thumbs.—Because scarlet flowers and rich, dark foliage.

Spotted King.—Rich orange, spotted with maroon.

Golden King.—Golden-yellow, very fine.

Tom Thumb Varieties, Mixed.—Including all the above and other choice colors.

NASTURTIUMS.—*Tropaeolum Majus*.

Price, 5 cents per pkt.

Tropaeolum, Dunnet's Orange.—Dark orange.

Coccinea.—Dark scarlet.

Napoleon III.—Golden-yellow, spotted brown.

Giant of Battles.—Sulphur, spotted with red.

Lucifer.—Richest dark scarlet.

Crown Prince of Prussia.—Blood-red.

Tropaeolum Majus.—All the kinds mixed.

Peregrinum, Canary Bird Flower.—One of the handsomest vines grown.

PHLOX DRUMMONDIL

Coccinea.—Deep scarlet. Most brilliant. Price, 5 cents per pkt.

Choice Mixed.—Our mixture is unexcelled. Try it. Price, 5 cents per pkt.

Alba Flora Plena.—(Double White.) A profusion of charming, densely double, pure white flowers. Price, 10 cents per pkt.

Cuspidata.—(Star of Quellingburgh.) The pointed central teeth of the petals (five in number) are five to six times as long as the lateral ones, and project beyond them, like little spines, one-fourth to one-half inch, giving the flowers a distinctly marked, regular star-like form. Finest mixture of more than twenty colors. Price, 10 cents per pkt.

Grandiflora.—We are sure that our customers, when they see the remarkable brilliancy and pleasing variety of colors produced from the seed, will thank us for recommending a liberal planting. All colors mixed. Price, 10 cents per pkt.

Nana Compacts.—The new dwarf annual Phlox are very desirable for edging and ribbon beds, and useful for pot culture. They grow six to eight inches in height, forming dense masses of bloom all Summer. Best varieties, mixed. Price, 10 cents per pkt.

SELECTED FLOWER SEED—Continued.

PANSIES.

New Imperial German Pansies.—They produce their large flowers throughout the entire Summer, and have been brought as near perfection as it is possible to bring them, as the endless variety and extremely rich, brilliant and charming shades of color will convince you—color so brilliant that it was not thought possible a few years ago could be produced. The combinations of color in the same flower are exquisite and wonderful, and so delicate that no description can convey an adequate idea of their beauty. Price, 15 cents per packet.

Bugnot's Superb Blotched.—It is very beautiful, having very large flowers with very broad blotches, and from the large spots extend delicate pencilings to the extreme edge of the petals. Though we have known this Pansy since 1886, we have not been able to procure a stock sufficiently true to warrant us in offering it. The seed now offered is of our own growing, saved from selected plants. Price, 20 cents per packet.

Peacock Pansy.—The Peacock Pansy is a deep-set, well-formed fancy flower, petals edged with a thin white line, without which is a space of purplish-crimson, passing into rich central blotch of deep blue, shading to black. The coloring is truly delicious. The habit of the plant and substance of the flower are perfect. It is a very free bloomer, and cannot fail to delight every planter. Price, 10 cents per packet.

Victoria Red Pansy.—The flowers are throughout of a beautiful rich, deep red color, far superior, both in depth, uniformity of color and in size of flowers, to the Red Ridinghood Pansy. The rich and unusual color will make it a favorite with every lover of the choicest Pansies. Price, 10 cents per packet.

Improved Giant Trimardeau.—Plants vigorous and compact, the flowers thrown well above the foliage, and generally marked with three large blotches. They are of enormous dimensions—some specimens grown on our grounds measuring over three inches in diameter. Mixed colors. Price, 15 cents per packet.

Cassier's Giant Odier.—The flowers, of immense size, are of the popular Odier type, being all three-spotted, or five-spotted on backgrounds of very rich colors. The flowers of the Cassiers are of good substance and fine form, while the plants are of neat, compact growth. Price, 15 cents per packet.

Odier, or Blotched.—Superb, large-leaved flowers of very good shape, and beautifully blotched with rich and varied colors. Price, 5 cents per packet.

Midnight.—The rich, glossy black has peculiarly soft, velvety appearance hitherto unknown. The larger cent large flowers are of fine circular form, carried long and well above the foliage. The plants are of compact, bushy habit, and flower so profusely that a bed of the Midnight makes a sight not often equaled. Price, 5 cents per packet.

Snow Queen.—Pure white, with only the characteristic yellow dot near the center of flowers, sometimes marked with a faint purple line. Price, 5 cents per packet.

Yellow Prince.—Large golden flowers of the brightest hue, very showy and attractive. Price, 5 cents per packet.

Silver Edged.—Dark purple, with a distinct white edge. Most charming. Price, 5 cents per packet.

New Rainbow.—The best Pansies by far we have ever seen were produced from this seed. They are noted for their brilliant coloring and size. Price, 5 cents per packet.

Sweet-Scented Pansies.—This seed is a mixture of Pansies that have a fragrance with large-flowered Violets which are sweet-scented. Do not expect the brilliant colors contained in all our other mixtures of Pansies. Price, 15 cents per pkt.

GOOD & REESE'S INTERNATIONAL MIXTURE OF PANSY SEED. The result of our observations of the various strains produced, and of the favorites in our market, prompted us to prepare and introduce in 1888 our INTERNATIONAL MIXTURE. It has proven more popular than we could have reasonably expected, and we may honestly claim it to be to day **not only the best, but the most widely known and admired.** It contains besides all the leading kinds of commerce, seeds of the Giant, Bugnot, Cassier and Trimardeau, with flowers measuring, when well grown, three inches in diameter, and such beautiful colors as gold-bronze, silver-edged, marbled mahogany-spotted, claret, and many others. Our INTERNATIONAL MIXTURE will produce for you, as it has for others, a Pansy bed which shall be the wonder of the neighborhood and the joy of the owner. Price, 10 cents per packet.

Price of following varieties, 5 cents per pkt.

Azure Blue.—Very fine, a beautiful shade.

Bronze Color.—A new and striking color.

Cliveden Purple.—A rich, dark purple.

Dark Blue.—Rich and lasting.

Fawn Color.—A beautiful shade of fawn.

King of the Blacks.—Almost coal black. A beauty.

Mahogany Colored.—A beautiful color.

Marbled Rose.—Handsome combination of colors on various grounds.

Yellow Gem.—Generally true to color.

Brilliant.—Bright coppery colors, but not strictly red.

Striped and Mottled.—Fine and exceedingly beautiful.

Viol et Queen.—White border, somewhat resembling the fancy Geraniums.

White Wings.—White, with black eye.

Yellow Margined.—A beautiful color, with margin or belt of yellow.

SELECTED FLOWER SEED—Continued.

We will send one packet each of the preceding fourteen varieties, priced at 5 cents per packet, for 50 cents.

Extra Fine Mixed.—All of the preceding fourteen varieties, mixed, 10 cents.

PETUNIAS.

Grandiflora Superbissima.—Magnificent flowers of extra large size, the very deep throat beautifully veined and tigred to the base. Price, 15 cents per packet.

Grandiflora Intus Aurea.—The most beautiful strain of Petunia seed there is, worth one hundred dollars per ounce. Fluffy, large, fringed flowers, yellow throats. We can commend this to all our friends as the very best. Price, 25c per pkt.

Grandiflora.—Choice mixed, for show flowers. Price, 10 cents per packet.

Choicest Double Petunia.—The Double Petunia produces no seed and but little pollen—which is carefully used to fertilize the finest single flowers—and from these the seed is saved. In raising plants from this seed great care should be taken to preserve the smallest and weakest plants, as these bear the finest double flowers. Price, 30 cents per packet.

Fine Mixed.—Choicest kinds. Price, 5 cents per packet.

PRIMULA SINENSIS FIMBRIATA.

(Fringed Chinese Primrose.)

Primula, Alba Magnifica.—Flowers borne in large trusses well above the foliage, are pure white, with large, bright yellow eye, delicately fringed. Price, 20 cents per packet.

Primula Fimbriata, Splendid Mixed, Large Flowering.—A grand mixture, embracing all of the above and many other of the finest fringed, large-flowering varieties. Price, 20c per pkt.

Flore Pleno.—Best double mixed, of all colors. They come almost true from seed. Price, 30 cents per packet.

Primula Obconica.—A lovely and profuse blooming Primrose, bearing on long, slender stems, about nine inches in height, beautiful single flowers, white, shaded with a slight tinge of lilac. Price, 20 cents per packet.

POPPIES.

Shirley Poppies.—The colors range through all shades of delicate rose, pink, carmine and brilliant crimson. Many of the flowers are edged with white, and the petals have a glossy, silk-like texture. A bed of Shirley Poppies seen for the first time is something astonishing—so fine in form, and so varied in color. Price, 10 cents per packet.

Fire Dragon Poppy.—This distinct new Poppy is extremely showy and very free-flowering. The graceful plants are covered with large, single flowers, measuring four inches across, of the most brilliant deep scarlet, with black spots margined white. Price, 5 cents per packet.

Papaver Nudicaule, Iceland Poppy.—Yellow, biennial. It blooms from May to October. One foot. Price, 5 cents per packet.

Poppy Fairy Bush.—The immense globular flowers are perfectly double, and measure from ten to thirteen inches in circumference. The petals are elegantly fringed and pure white, except at the tips, where they are distinctly covered with rosy-cream; a light shading of lemon at the base of the central petals gives the flowers an appearance of great depth. Each plant has from three to five of the magnificent flowers open at one time. Price, 10 cents per packet.

The Mikado.—Of pure white and brilliant crimson-scarlet in striking contrast, the large double flowers are of the most quaint, artistic beauty, with the petals deeply cut, fringed and twisted like a Japanese Chrysanthemum. Price, 5 cents per packet.

Snowdrift.—A grand new variety. The large pure white flowers are perfectly round and double. The petals are finely fringed. Price, 5 cents per packet.

Golden Gate Poppies.—Recall to mind every color you have ever seen in Poppies, then imagine every conceivable combination of colors—striped, blotched, edged and bordered, on both single, semi-double and double flowers—and you will have but a faint idea of the wondrously varied beauty of the new Golden Gate Poppies. No sight can cause more attention nor call forth more expressions of wonder and amazement than a bed of these Poppies—with thousands of open flowers of which seemingly there are no two alike. Price, 10 cents per packet.

SWEET PEAS

Price, 10 cents per ounce; 5 cents per packet.

Adonis.—The standard is of deep rose color, while the wings are almost carmine.

Bronze Prince.—The upper petals are of a rich, shining, bronzy maroon, and the lower of deep, rich purple.

Violet Queen.—The flowers range in color from deep mauve of the standard to the light violet of the wings; very pretty.

Painted Lady.—Rose and white; very beautiful.

Scarlet Invincible.—A beautiful rich scarlet; very fragrant.

Crown Princess of Prussia.—Bright blush; very fine.

Princess Beatrice.—Beautiful rose; none better.

Invincible Carmine.—New. Beautiful carmine; very sweet.

White Swan.—Pure pearl white. A beauty indeed.

Apple Blossom.—Bright rosy pink; extra fine.

Empress of India.—Clear rosy pink; standard.

Orange Prince.—Bright orange pink, flushed scarlet. All the Above Colors, Mix'd.—This will give a great variety of colors. Price, \$1.00 per lb.; 30 cents per $\frac{1}{4}$ lb.; 10 cents per oz.; 5 cents per packet.

All the foregoing are 5 cents per packet, or any 8 packets for 25 cents; the entire set of twelve varieties mailed for 35 cents, making in all a grand collection.

SELECTED FLOWER SEED—Continued.

Eckford's New Sweet Peas.—Finest Mixed. Besides the varieties in the above list of Mr. Eckford's raising, this mixture also includes seed of several others of Eckford's new varieties, giving many new and beautiful varieties which heretofore have been too rare to include in mixture. Price, 10 cents per packet; 15 cents per ounce; two ounces for 25 cents; $\frac{1}{4}$ lb., 40 cents; \$1.50 per lb.

All New Sweet Peas, Mixed.—This is our own mixture of all the above and other distinct named varieties; we can recommend it as the finest strain of Mixed Sweet Peas ever offered. The seed is now so cheap that lovers of Sweet Peas should plant it by the pound. Price, 10 cents per packet; per ounce, 15 cents; two ounces, 20 cents; $\frac{1}{4}$ lb., 35 cents; per lb., \$1.25, postpaid.

Sweet Pea, Cupid.—The dwarf, white Sweet Pea, growing five to eight inches high. Price, 10 cents per packet.

Blanche Burpee.—Pure white, enormous size, three on a stem. Price, 10 cents per packet.

NO DISCOUNT ON SEED BY THE OUNCE OR POUND.

STOCK, TEN WEEKS, or GILLY FLOWER.

New Red Victoria.—A beautiful pyramidal shape, the lateral branches being symmetrically arranged around the main stem, which is slightly raised in the center; brilliant double, dark blood red flowers. Price, 10 cents per packet.

New White Perpetual.—Princess Alice, or "Cut and Come Again." The individual flowers are uncommonly large, of a fine rosette-like shape, and the purest possible white. The flowers appear on each little shoot, and the oftener they are cut the better they seem to like it. Price, 10 cents per packet.

Dwarf German, Ten Weeks.—Fine mixed. Price, 10 cents per packet.

VERBENAS.

Striped.—Very showy, striped flowers, of many bright colors. Price, 10 cents per packet.

Scarlet.—Splendid flowers, of large size and the brightest scarlet. Price, 10 cents per packet.

Odorata.—Pure white. This lovely Verbena is a desirable acquisition. Fragrant, and is a perfect mass of bloom the entire Summer. Price, 15 cents per packet.

Fine Mixed.—A very fine mixture. Price, 5 cents per packet.

SELECTED FLOWER SEED—Continued.

New Mammoth Flowering Verbenas.—Altogether distinct and surprisingly beautiful. The average trusses measure nine to twelve inches in circumference, and the individual florets on properly grown plants over one inch across. They bloom freely, are vigorous in growth and contain all of the beautiful new colors and shades. Mixed colors. Price, 15 cents per packet.

ZINNIAS.

Zinnia, Elegans.—Choicest double. Best colors, mixed. Price, 5 cents per packet.

New Giant Mammoth Flowering.—This plant forms a handsome bush three feet in height, and the mammoth, perfectly-formed double flowers measuring five to six inches across, of most intense and brilliant colors, comprise new and rich hues. Mixed colors. Price, 10 cents per packet.

DOUBLE LILLIPUT ZINNIAS.

The Double Lilliput Zinnias make dwarf, compact bushes, bearing very small, perfectly double pompon-shaped flowers of the brightest colors, which profusely cover the plants the entire Summer until frost sets in, and embrace a wide range of both light and dark colors. Price, 10 cents per packet; three packets for 25 cents.

ORNAMENTAL GRASSES.

Mixed Annual Varieties of Ornamental Grasses.—All our customers should at least have a packet of this mixture—it is prepared by ourselves, and contains seed of all the annual varieties, thus furnishing ample material for home decoration in Winter. Price, 10 cents per packet.

EVERLASTINGS.

The Everlasting Flowers, with their rich, brilliant colors, are very valuable for Winter decoration. They should be cut as soon as they come into full bloom, tied into small bunches and dried slowly in the shade, with the heads downward to keep the stems straight.

Mixed Everlastings.—A single packet will supply in abundance a great variety of the most attractive Everlasting Flowers. No more welcome present can be given to a visitor when looking through a flower garden than a small bouquet of these imperishable flowers. Price, 10 cents per packet.

Abridged List of FLOWER SEED.

lack of space prevented us from more fully describing.

In this List we name, with price, standard varieties of Flower Seeds, with an abridged description, which These Seeds are the best it is possible to secure.

Lily, Richardia Maculata.—Spotted Calla..... 20c

FLOWER SEED—Continued.

<i>My. Calla, or Lily of the Nile.</i> —The well-known Water bloomer.	10c
<i>Santana.</i> —Well-known shrubby plants, with clusters of Verbena-like flowers. Mixed.	5c
<i>Maurandia.</i> —(<i>Barclayana</i>) Beautiful, rapid-growing plants, blooming profusely until late in the Autumn. Mixed varieties.	5c
<i>Sesembryanthemum.</i> —(<i>Ice, or Dew Plant.</i>) Flowers of Ice Plant small and white. The Dew Plant has a smooth, light green dewy-looking leaf, and a very pretty pink flower.	5c
<i>Mirabilis Jalapa.</i> —(<i>Marvel of Peru.</i>) The flowers, which have a delicious fragrance, open in the afternoon, and are sometimes called the Four O'clock. Mixed colors.	5c
<i>Mimosa pudica.</i> —(<i>Sensitive Plant.</i>) The Sensitive Plant is very chaste and elegant in foliage; easily grown.	5c
<i>Sina Lobata.</i> —The buds are at first of a vivid red, but turn to orange-yellow immediately before they open, and when fully expanded the flowers are of a creamy-white shade.	10c
<i>Asotis Palustris.</i> —(<i>Forget-me-not.</i>) The dainty little Forget-me-not convey to the mind the tenderest sentiments of the garden.	10c
<i>Imula, Cupreus.</i> —(<i>Monkey Flowers.</i>) Beautiful orange and crimson.	10c
<i>Imula, Moschatus.</i> —(<i>Musk Plant.</i>)	5c
<i>Angelica, Love-in-a-Mist—Danascena.</i> Double Mixed.—The pretty flowers are surrounded by a delicate wreath of fine mossy-green fibres—hence the name, "Love-in-a-Mist," or "Devil-in-the-Bush." With finely cut leaves and curious blue and white flowers.	5c
<i>Mothera Grandiflora, or Evening Primrose</i> —Opening their flowers suddenly in the latter part of the day. Some of the large varieties attract much attention.	5c
<i>Calis, Mixed.</i> —All varieties.	5c
<i>Passiflora, Cervulea.</i> —(<i>Passion Flower</i>) Hardy blue flowers.	10c
<i>Passiflora, Princess.</i> —Scarlet Passion Flower. Very scarce.	25c
<i>Hedotea Pink.</i> —Very much like the Carnation. Seed sown in the open ground in May or June will flower well next season.	15c
<i>Auricula, Double.</i> —Rose-flowered. Finest quality. Mixed colors.	10c

FLOWER SEED—Continued.

<i>Perennial Phlox.</i> —Hardy perennial, bearing large heads of lovely fragrant flowers.	15c
<i>Physianthus, Albens.</i> —(<i>Cruel Plant.</i>) Rapid growing climber, bell-shaped flowers covered with a gummy substance. Insects which alight thereon are unable to free themselves.	10c
<i>Parthenium, Flore Pleno.</i> —The double Feverfew.	10c
<i>Parthenifolium, Aureum.</i> —(<i>Golden Feather.</i>) Prized for its yellow foliage.	10c
<i>Paeonia Herbacea Chinensis.</i> —The well-known Hardy Pines of our mothers' gardens. Double, mixed.	25c
<i>Ricinus.</i> —(<i>Castor Oil Bean.</i>) Ornamental plants of stately growth. Fine for lawns, massing, or center plants for beds. Mixed varieties.	5c
<i>Rocket, Sweet.</i> —The Sweet Rocket is a very hardy biennial, bearing clusters of single flowers, and fragrant during the evening. Mixed purple and white.	5c
<i>Salvia, Splendens.</i> —True. Large scarlet.	10c
<i>Salvia, Bicolor.</i> —Blue and white.	5c
<i>Scabiosa.</i> —All colors, mixed.	5c
<i>Smilax.</i> —A beautiful and graceful tuberous-rooted perennial climber. Soak the seed twenty-four hours in hot water before sowing.	5c
<i>Sweet William.</i> —Double, mixed.	5c
<i>Thunbergia.</i> —(<i>Black-Eyed Susan.</i>) A rapid-growing climber.	5c
<i>Vinca, Rosea.</i> —(<i>Madagascar Periwinkle.</i>) Ornamental free-blooming plants; they may be potted and kept in bloom through the Winter. Two feet. Rose, with dark eye.	5c
<i>Vinca, Alba.</i> —White, with crimson eye.	5c
<i>Valeriana.</i> —(<i>Hardy Heliotrope.</i>) This is a beautiful border plant, with scarlet, white and red flowers, mixed.	5c
<i>Violet.</i> —(<i>Viola Odorata.</i>) Well known fragrant early Spring blooming plants; extensively used by florists for forcing for cut flowers during the Fall and Winter months. Sweet Violet, mixed.	10c
<i>Wallflower, Finest Double, Mixed.</i> —Well known, deliciously fragrant garden plants, large conspicuous spikes of beautiful flowers; are much prized for bouquet flowers. All colors. Two feet.	5c
<i>Yucca, Filamentosa.</i> —(<i>Adam's Needle.</i>) A splendid plant with large clusters of creamy white tulip-like flowers on tall stems; hardy perennial. White.	5c

Vegetable Seeds,

LIBERAL PREMIUMS.

POSTPAID BY MAIL.

On all orders for Seeds in packets, the purchaser can select fifty cents' worth extra for each one dollar sent to us. Thus, any one sending us \$1.00 can select seeds in packets to the value of \$1.50; for \$2.00, seeds in packets to the value of \$3.00; for \$3.00, to the value of \$4.50; for \$5.00, to the value of \$7.50; for \$7.00, to the value of \$10.50; for \$10.00, to the value of \$16.75. This discount applies only to seeds in packets, and cannot be allowed on orders for ounces, pounds, pints or quarts. Neither does it apply to collections of seeds priced at \$1.00.

WARRANTY.—We test all Seeds before sending them out, but in case they fail to grow when tested by the purchaser, we will replace them, or give value in others, but can in no manner warrant the crop, or be responsible for other failures.

The "Admiral Dewey" Rose.

THIS IS WITHOUT QUESTION THE MOST WONDERFUL ROSE OF THE CENTURY,

 T has been deplored among Florists and Rose growers in years past that there was a scarcity of real good, all round red Roses. Any other color in Roses there was a number of choice varieties to select from; not so with red roses and the aim and attention of all hybridizers of roses has been to produce the ideal Red Rose, one that was a good grower, one that was hardy, one that was an ever-bloomer and that combined beauty of bud and flower with sweet fragrance. We are glad to announce to our patrons and friends that the **ADMIRAL DEWEY ROSE** combines all these good qualities and meets every requirement of a first-class Rose.

Hybrid Tea—The Admiral Dewey Rose belongs to the hybrid tea section of the Rose family. It is a cross between a hybrid remontant and a tea rose, and has had transmitted to it by this union, the vigorous growth and hardy constitution of the hybrid remontant, while it retains the free blooming qualities, the refined and chaste shape, and fragrance of the Tea Rose.

Hardiness—It is the hardiest of all the hybrid teas, even harder than the old favorite La France, which has stood twenty degrees below zero weather in Ohio with impunity. Therefore, it can be planted out safely in any latitude where any rose of any class will thrive, with the assurance that it will not winter-kill.

A Good Rose to Bloom—It is in every sense an ever-blooming Rose, indeed its only fault, if fault it is, lies in the fact that in its great freedom of blooming it in a measure retards its growth, every branch and shoot is covered with a magnificent bud or flower. It blooms when only a few inches high and keeps this up continuously without intermission. Visitors have been startled on entering our green house where this rose was planted, exclaiming "O! how beautiful!" "What lovely Rose is this?" "Can this be a Rose?" There is no Rose we know of that is so free and persistent a bloomer as the **ADMIRAL DEWEY ROSE**. It is equally good in pots in the house during winter, or planted out of doors in the garden in summer. You are always assured of a perfect mass of the richest red colored Roses.

Size and Shape of Bud and Flower—The bud and open flower of the **ADMIRAL DEWEY ROSE** are certainly the acme of perfection; the bud is fully $2\frac{1}{2}$ to 3 inches in length, of lovely pointed shape, opening into a huge, handsome flower, 5 to 6 inches in diameter. There is nothing among Roses that is more beautiful. It fairly entrances the beholder with its exquisite beauty.

Color, Velvet Crimson.—The Admiral Dewey Rose in color is a velvety crimson of the richest shade, with us it has not shown the slightest inclination to a purple or violet caste, but has always retained the same deep rich bright velvety crimson color, the color that is so much admired in Roses. It is very bright and at the same time very rich. No Rose extant will by comparison dim its lustre.

Fragrance, The Sweetest of all Roses.—Among its other good qualities, the **Admiral Dewey Rose** is the sweetest of all Roses, its fragrance is not only lasting but deep and penetrating. Its fragrance is certainly charming.

A Happy Thought.—Our friends who have seen the Rose growing compliment us on our having named this wonderful Rose, **ADMIRAL DEWEY**, they say it was a "happy thought" to name this Rose in honor of our greatest Naval Hero.

CAUTION.—We purchased the entire stock of this valuable Rose from the introducer, we will not offer it for sale to the trade or to dealers this year, as we paid an enormous price for it, and as our stock is comparatively limited, it would not justify us to offer it at wholesale this year. We have made arrangements with the Great Western Plant Co. and Miss Ella V. Baines to aid us in disseminating the **Admiral Dewey Rose**, with these exceptions no firm will offer this Rose this year, it cannot be purchased from any one, except the two firms we name and ourselves. You certainly want the genuine **Admiral Dewey Rose**. Then send to headquarters for it.

PRICE.—We make the price remarkably low for so valuable a new Rose. It cost us a large sum of money to control the entire stock of it. And when we name you the low price we do, everybody should have one or more plants of it. Order a dollar's worth at least, it will not disappoint you.

Price:—Strong Plants on their own Roots from $2\frac{1}{2}$ Inch Pots to Bloom Immediately

30 Cents Each, 2 for 50 Cents; 5 for \$1.00. Large 2 year old Plants, \$1.00. Each.

NOTICE:—All orders will be filled strictly in rotation. If you cannot plant the Rose when you see this, send your order and say when you desire the same shipped, and we will cheerfully comply with your request. You will have the most beautiful Rose in the entire world and something entirely different from what your friends or neighbors have.

“HONOR TO WHOM HONOR IS DUE.”

ADMIRAL DEWEY.

pedos," and his reply said to York Magazine, when offered a short article about the busy." The Congress of the bill to revive the rank of passed at an early date, when vanced to the rank of Admiral, Navy. So when we had a new tion as well as in the opinion of it is the most magnificent red that we should endeavor to honor

THE History of the United States Navy up to the Hispano-American war stood without a parallel among the nations of the earth. Who does not among us revere the names of Decatur, Paul Jones, Perry, Farragut, Porter, &c., &c., and now another name must be added to this list of Hero's—**DEWEY**. It is not detracting from the glory of any of the other commanders of our ships that were engaged in the war with Spain to say that he towers above them all like a giant. The name of DEWEY stands out alone, DEWEY is on everyone's lips. Of course it is said by many that he was placed in a position to earn distinction by means of not being in communication with the authorities at Washington. In other words, they could not interfere with his plans. Let that be as it may, he is pre-eminently the hero of the war, nothing can detract from his glory. Two reported sayings of his stamp the character of the man as to resoluteness and decision: his reply to the captain of the fleet before entering Manilla Bay when asked what would be done with the torpedos at the entrance of the harbor was: "To hell with the tor-

have been cabled to a New Fifteen Thousand Dollars for battle at Manilla, "I am too United States has before it a Admiral which will no doubt be GEO. H. DEWEY will be ad the highest rank possible in our Rose to name that in our estim all who have seen the Rose, that Rose in existence It seems fitting the Rose by naming it the
